CULT FILM AS A GUIDE TO LIFE

FANDOM, ADAPTATION, AND IDENTITY

Bloomsbury Publishing USA *Cult Film as a Guide to Life* investigates the world and experience of cult films, from well-loved classics to the worst movies ever made. Including comprehensive studies of cult phenomena such as trash films, exploitation versions, cult adaptations, and case studies of movies as different as *Showgirls*, *Room 237* and *The Lord of the G-Strings*, this lively, provocative and original book shows why cult films may just be the perfect guide to making sense of the contemporary world. Using his expertise in two fields, I.Q. Hunter also explores the important overlap between cult film and adaptation studies. He argues that adaptation studies could learn a great deal from cult and fan studies about the importance of audiences' emotional investment not only in texts but also in the relationships between them, and how such bonds of caring are structured over time. The book's emergent theme is cult film as lived experience. With reference mostly to American cinema, Hunter explores how cultists, with their powerful emotional investment in films, care for them over time and across numerous intertexts in relationships of memory, nostalgia and anticipation.

THE CAMBRIDGE GUIDE TO HOMER

Cambridge University Press From its ancient incarnation as a song to recent translations in modern languages, Homeric epic remains an abiding source of inspiration for both scholars and artists that transcends temporal and linguistic boundaries. The Cambridge Guide to Homer examines the influence and meaning of Homeric poetry from its earliest form as ancient Greek song to its current status in world literature, presenting the information in a synthetic manner that allows the reader to gain an understanding of the different strands of Homeric studies. The volume is structured around three main themes: Homeric Song and Text; the Homeric World, and Homer in the World. Each section starts with a series of 'macropedia' essays arranged thematically that are accompanied by shorter complementary 'micropedia' articles. The Cambridge Guide to Homer thus traces the many routes taken by Homeric epic in the ancient world and its continuing relevance in different periods and cultures.

THE ANCIENT GUIDE TO MODERN LIFE

Abrams In this thoroughly engaging book, Natalie Haynes brings her scholarship and wit to the most fascinating true stories of the ancient world. The Ancient Guide to Modern Life not only reveals the origins of our culture in areas including philosophy, politics, language, and art, it also draws illuminating connections between antiquity and our present time, to demonstrate that the Greeks and Romans were not so different from ourselves: is Bart Simpson the successor to Aristophanes? Do the Beckhams have parallel lives with The Satiricon's Trimalchio? Along the way Haynes debunks myths (gladiators didn't salute the emperor before their deaths, and the last words of Julius Caesar weren't "et tu, brute?") from Athens to Zeno's paradox, this irresistible guide shows how the history and wisdom of the ancient world can inform and enrich our lives today.

THE TRAVELER'S GUIDE TO CLASSICAL PHILOSOPHY

Thames & Hudson A companion for visitors to Greece and Rome, and for armchair travelers as well. John Gaskin unfolds the thinking about nature, life, death, and other worlds that informed the culture and society of the classical world—still visible in today's cityscapes and archaeological sites—and draws out its relevance and interest for the modern reader. It was the Greeks who first asked and discussed in a rational way two fundamental questions that never cease to concern thinking human beings: what is the nature of the universe, and what can I make of my brief time in it? Their answers, developed between the eighth century BC and the fourth century AD, are still relevant to the modern reader and traveler. The author associates each philosopher and his ideas with a particular tourist destination, and a gazetteer describes the sites and notes the people and ideas connected with them.
