The Story Pages consist of a two-page spread at the end of each theme to help students use the words in context and practise their reading skills. The OPD English/Chinese is designed for use both in and out of the classroom. Speaking exercises are presented throughout the OPD to allow students to practise new vocabulary in pairs or small groups, while the pronunciation guide in the index allows students to check their pronunciation when they are studying on their own. **Oxford Picture Dictionary English-French Edition: Bilingual Dictionary for French-speaking teenage and adult students of English** [Oxford University Press](#) 4,000 words and phrases are organized thematically within 163 topics. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world. **A Dictionary of Moroccan Arabic Moroccan-English** [Georgetown University Press](#) A Dictionary of Moroccan Arabic presents, in a range, the core vocabulary of everyday life in Morocco - from the

Understandable throughout the nation, it is based primarily on the standard dialect of educated Moroccans from the cities of Fez, Rabat, and Casablanca. All Arabic citations are in an English transcription, making it invaluable to English-speaking non-Arabists, travelers, and tourists - as well as being an important resource tool for students and scholars in the Arabic language-learning field. **Arabs** [Yale University Press](#) A riveting, comprehensive history of the Arab peoples and tribes that explores the role of language as a cultural touchstone This kaleidoscopic book covers almost 3,000 years of Arab history and shines a light on the footloose Arab peoples and tribes who conquered lands and disseminated their language and culture over vast distances. Tracing this process to the origins of the Arabic language, rather than the advent of Islam, Tim Mackintosh-Smith begins his narrative more than a thousand years before Muhammad and focuses on how Arabic, both spoken and written, has functioned as a vital source of shared cultural identity over the millennia. Mackintosh-Smith reveals how linguistic developments--from pre-Islamic poetry to the growth of script, Muhammad's use of writing, and the later problems of printing Arabic--have helped and hindered the progress of Arab history, and investigates how, even in today's politically fractured post-Arab Spring environment, Arabic itself is still a source of unity and disunity. **French English Bilingual Visual Dictionary** [Dorling Kindersley](#) Learn more than 6000 French words and phrases with this easy to use dictionary that features illustrations of objects and scenes from everyday life. **Oxford Basic American Dictionary** for learners of English A dictionary for English language learners (ELLs) with CD-ROM that builds content-area and academic vocabulary [OUP Oxford](#) 27,000 words, phrases, and meanings with Academic Word List words and content area vocabulary in math, science, social studies marked 2,000 keyword entries marked, showing the most important words to know in English. 15,000 examples show how words are used. 25 Reference pages with information on punctuation, irregular verbs, geographical names, and more. 500 colour illustrations make it easy to understand more difficult words.
