### **ON MY HONOR**

---

Girl Scout founder Juliette Gordon Low and Lou Henry Hoover, first president of Girl Scouts, are two of seven paper dolls featured in this, the first of a three-part paper doll history of Girl Scout uniforms. Melissa, who joins Low's first troop in Savannah, and her younger cousin Erin tell the story of the early years of scouting, 1912-28, through their diary entries. They write of troop activities as well as the growing Girl Scout movement nationwide, and they give us a glimpse into the everyday life of young girls during that time period. Twelve uniforms and a variety of other historic fashions are detailed in full color. Each uniform is complete with accessories, pins, awards, and badges. This is the first paper doll book to show the uniforms in full color, making it an important addition to the printed history of the Girl Scouts.

November 1918It's just the best news imaginable—the Armistice has been signed and the war is officially over at last! Miss Daisy is so proud of all the work her Girl Scouts have done across the nation to help the war effort. As soon as the War Service Award was introduced in our Girl Scout Magazine, The Rally, last March, many, many girls began working to earn the points necessary to receive the award. The girls in our patrol have knitted items to give to the Red Cross (we were amazed when we realized just how much time and effort is required to knit up two pounds of wool, but as we imagined our own brothers sitting in France with cold, wet feet, our needles began flying faster and faster), and several managed to preserve the required 50 containers of jelly or jam this past summer. Georgia peaches make THE BEST!

### **THE REMARKABLE FOUNDER OF THE GIRL SCOUTS**

---

Penguin Born at the start of the Civil War, Juliette "Daisy" Gordon Low struggled to reconcile being a good Southern belle with being true to her adventurous spirit. Accidentally deafened, she married a dashing British patrician and moved to England, where she quickly became dissatisfied with the aimlessness of privileged life. Her search for greater purpose ended when she met Robert Baden-Powell, founder of the Boy Scouts, and was inspired to recreate his program for girls. The Girl Scouts of the USA—which can now count more than fifty-nine million American girls and women among its past members—aims to instill useful skills and moral values in its young members, with an emphasis on fun. In this lively and accessible biography of its intrepid founder, Stacy A. Cordery paints a dynamic portrait of an intriguing woman and a true pioneer whose work touched the lives of millions of girls and women around the world.

### **LADY FROM SAVANNAH: THE LIFE OF JULIETTE LOW**

---

Pickle Partners Publishing This autobiography tells the story of Juliette Gordon Low, the founder of Girl Scouts of the USA with the help of Sir Robert Baden-Powell, the founder of the Scouting Movement. But this is much more than the story of one woman and the organization she started: it is first of all a chronicle of two great American families—the Kinzies, who were founders of Chicago, and the Gordons, whose name is magic to this day in Savannah, Georgia—that in 1860 produced the gallant, willful, exasperating, generous, and wholly lovable Juliette (known as Daisy) Gordon. The narrative of Daisy's marriage to Willy Low also offers insider's view of Edwardian high society in England. The Girl Scouts are most particularly proud that this woman from a background of wealth and privilege was able to envision a youth movement "for the girls of all America," which serves a membership of ever-increasing diversity as the diversity of our country grows.

### **A NOVEL**

---

Anchor This debut novel by the two time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* wowed critics and readers everywhere and marked the debut of an important American writer. Nominated as one of America's best-loved novels by PBS's *The Great American Read* It is a time of calamity in a major metropolitan city's Department of Elevator Inspectors, and Lila Mae Watson, the first black female elevator inspector in the history of the department, is at the center of it. There are two warring factions within the department: the Empiricists, who work by the book and dutifully check for striations on the winch cable and such; and the Intuitionists, who are simply able to enter the elevator cab in question, meditate, and intuit any defects. Lila Mae is an Intuitionist and, it just so happens, has the highest accuracy rate in the entire department. But

when an elevator in a new city building goes into total freefall on Lila Mae's watch, chaos ensues. It's an election year in the Elevator Guild, and the good-old-boy Empiricists would love nothing more than to assign the blame to an Intuitionist. But Lila Mae is never wrong. The sudden appearance of excerpts from the lost notebooks of Intuitionism's founder, James Fulton, has also caused quite a stir. The notebooks describe Fulton's work on the "black box," a perfect elevator that could reinvent the city as radically as the first passenger elevator did when patented by Elisha Otis in the nineteenth century. When Lila Mae goes underground to investigate the crash, she becomes involved in the search for the portions of the notebooks that are still missing and uncovers a secret that will change her life forever. Look for Colson Whitehead's bestselling new novel, Harlem Shuffle!

**THE OSAGE MURDERS AND THE BIRTH OF THE FBI**

---

Vintage NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of The Lost City of Z. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.
