100 Things to Recycle and Make

QEB Publishing **Keep crafty children of all ages entertained and inspired for hours with Fiona Hayes' 100 Things to Recycle and Make. Everyday materials are transformed into all kinds of stunning and practical projects, from toy animals and vehicles to dressing-up props, decorations, games, and even fun storage solutions. Bringing together the best projects from the popular Crafty Makes series, each section is dedicated to a different base object: cardboard boxes; paper plates; cardboard tubes; materials from nature; and egg cartons. With twenty projects per section to choose from, and 100 projects overall, this book will appeal to a wide range of ages and interests. Simple cardboard tubes become a set of pirate skittles, a friendly octopus, and an entire castle. Plain cardboard boxes are turned into a pirate ship, a money box, and a robot; twigs, leaves and other outdoors materials become picture frames, masks, and a dinosaur. Paper plates make a great bug or flower hat, a dotty frog, and a cute panda, while egg cartons are turned into a fire engine, a pencil holder, and a Christmas tree. Children will be entertained for hours with this invaluable collection of crafty makes, and even the whole family can be involved in recycling everyday objects and turning them into exciting projects. Create entire animal kingdoms and alien worlds, or simply a new favourite toy or mascot. With such a huge range of exciting projects to make from the simplest of objects, 100 Things to Recycle and Make is the ultimate craft inspiration for creative children.**

Walter the Baker

Walter the Baker has a pretzel twist of a problem in this Ready-to-Read edition of a favorite from the creator of "The Very Hungry Caterpillar." Walter the Baker is famous for his breads, rolls, cookies, tarts, and pies. The Duke and Duchess especially love his warm sweet rolls, delivered fresh to their castle every morning. But one day the cat spills the milk, and Walter is forced to serve the Duke and Duchess rolls made with water. After one bite the Duke throws down his roll in disgust and summons Walter to the castle. He threatens to banish the baker unless he can take the same dough and make a good-tasting roll that the rising sun can shine through three times. Will Walter succeed in his task, or will he have to leave his town forever? With good humor and the vibrantly colored paper collages that are known and loved the world over, Eric Carle has concocted a delicious book that kids will savor as much as they love eating... "shhh..." ..pretzels

The Very Clumsy Click Beetle

Penguin From bestselling author and illustrator Eric Carle, the creator of *The Very Hungry Caterpillar*, comes another classic tale about one very clumsy click beetle. A perfect gift to share with the child or grandchild in your life. When a little click beetle falls onto his back, he seeks the help of a wise old click beetle. "Look at me," says the more experienced click beetle, giving a loud CLICK and flipping onto its feet. But try as he might, the clumsy little click beetle just can't get the hang of it--or can he? In the tradition of *The Very Hungry Caterpillar*, Carle creates a winning story of perseverance and pride in achievement complete with an ingenious fiber-optic microchip that truly gives voice to the valiant little beetle as it CLICKs its way through the colorful pages and somersaults into your heart. Praise for *The Very Clumsy Click Beetle*: "Sure to be loved and requested again and again, Click Beetle is a well-crafted story, joyfully illustrated, that speaks to the hearts of young children."--*Library Journal* "At once stark and sophisticated, Carle's trademark collage art fills the pages of his latest Very volume."--*Publishers Weekly* "Carle's trademark artwork, featuring large, colorful collages set against expansive white space, is--as always--a strong attribute."--*Booklist*

Mira, the Misfit Sea Dragon

Ages 4-8. A heartwarming story about finding home. Mira is a wandering sea dragon (a fish related to seahorses) who is beautiful in the most unique of ways, but she just can't seem to find where she belongs. She roams the ocean, encountering many places and creatures - reefs and fish, rocks and eels, but none of these places feel quite right. Where will Mira find the place that she belongs? Where will Mira find her home?

Sully the Seahorse

A Book about Self-Esteem and Resilience

Sully the Seahorse is a heart-warming, beautifully illustrated rhyming picture book which encourages children to believe in themselves and to be proud of who they are. It's the day of the Sea School Stars annual talent contest and little Sully really wants to win!! Oh, how he longs to be a super-fast fish or a gigantic, strong whale. Poor Sully never wins ANYTHING! This heart-warming story follows Sully on his race for victory - where he comes across a BIG challenge and discovers his own very special talents. ON YOUR MARKS, READY.....GET SET GO!!! The ocean is buzzing with excitement practising their performances for the competition....all except for Sully who doesn't feel very good at anything at all. "The contest starts soon," reminded Miss Trout. Sully felt worried and started to shout: "Do I have to take part, Miss? Please say no." "Yes," she replied. "You should give it a go." Poor Sully becomes disheartened as he

loses some of the races, but the contest comes to a halt when a dark shadow descends upon Sea School and threatens to change Sully's future forever! Will Sully find his sparkle before it's too late? The book explores the issue of self-esteem in a fun and heart-warming way and encourages children to celebrate differences and appreciate their own talents and qualities. It's sometimes hard for children to understand that they can't always be the best at everything. One of life's most important lessons is learning how to deal with making mistakes and being able to lose! Children sometimes find it difficult to understand why they came last in the race, or why they never win the writing contest. Sully discovers in the story that if you keep on trying then you'll find your own special talents - and that's the message for children too - just keep trying and be proud of who you are! It encourages children to become resilient so that they can bounce back from challenges and failure. This is the second book in my Sea School Stories series. The first book, Monty the Manatee, focuses on kindness and anti-bullying and has sold thousands of copies around the world.

The Zones of Regulation

A Curriculum Designed to Foster Self-regulation and Emotional Control

"... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.

Everyday Preschool

Simple Educational Activities for Busy Families who Never Planned on Homeschooling.

Over 100 simple preschool activities that use everyday materials. You don't need to invest a lot of money to teach your child at home. Activities are short, with minimal prep so you can fit some learning into your day. The book is organized into nine categories of learning; literacy, math, science, sensory, art, fine motor, gross motor, social-emotional, and bedtime reading tips. Evolution's Rainbow

Diversity, Gender, and Sexuality in Nature and People

Univ of California Press In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Chr
