BREAKING PARALLEL

A GUIDE TO CROSSFIT GYMNASTICS AND BODY MOVEMENT

Victory Belt Publishing Breaking Parallel is a detailed body movement and strength-training guide designed to challenge your limits and develop solid, functional strength. Created by Jeff Tucker (director for the CrossFit Gymnastics Trainer Course), the book offers hundreds of bodyweight movements rooted in elemental gymnastics, as well as numerous fitness programs that have proven successful for CrossFit athletes worldwide. Most fitness books focus on achieving one specific goal, such as lifting heavy weights or running long distances. Breaking Parallel is designed to develop the type of strength that allows you to do a broad assortment of tasks for a prolonged period of time—the type of strength needed in everyday life. Breaking Parallel is more than a book filled a series of movements. It teaches you the elements of basic gymnastics, allowing you to breakdown inefficient movement from a visual perspective. However, in addition to supplying you with the 'gymnastics eye,' Breaking Parallel also teaches you how to fix a broad assortment of problems, including those that arise from strength issues, mobility issues, coordination issues, and issues caused by a lack of spatial awareness. Whether you are a coach, an athlete, or someone simply wanting to get into better shape, Breaking Parallel will not only teach you how to execute an array of highly functional movements, but also how to perfect them. The book includes: il - Conditioning drills for developing basic strength. il - Mobility exercises needed for sports and daily life. il - Handstand exercises that develop balance and upper body strength. il - Ring drills that allow you to develop stability control. il - Hollow form techniques for developing solid core strength. il - Parallette exercises for lower body development, core strength, and arm strength. il - Inverted forms for developing keen spatial awareness.

CONVICT CONDITIONING

HOW TO BUST FREE OF ALL WEAKNESS - USING THE LOST SECRETS OF SUPREME SURVIVAL STRENGTH

Dragon Door Publication **How to Train As If Your VERY LIFE Depended on Your Degree of REAL Strength, Power and Toughness** **Most physical training systems are designed for the domesticated human animal. That is to say, for us humans who live lives of such relative security that we cultivate our strength and power more out of pride and for a sense of accomplishment than out of an absolute need to survive in the wild. The professional athlete hones his body to function well in a sports event-rather than to emerge safe from a life-or-death struggle. And even those in our military and LEO rely more on the security of their weapons and armor than on their own personal, raw power and brute strength to carry the day. There remains one environment where exuding the necessary degree of authoritative strength and power can mean the difference between life or death: the maximum security prison. In maximum security, the predator preys on the weak like we breathe air. Intimidation is the daily currency. You either become a professional victim or you develop that supreme survival strength that signals the predator to stay at bay. Paul Wade spent 19 years in hell holes like San Quentin, Angola and Marion. He entered this world a gangly, terrorized weakling and he graduated to final freedom, pound-for-pound one of the strongest humans on the planet. Paul Wade dedicated his prison life to the cultivation of that supreme survival strength. And ironically, it is in America's prisons that we can find some of the great, lost secrets of how to get immensely powerful and strong. Paul Wade mined these secrets as if his life depended on it-and of course in many ways it did. Finally free, Paul Wade pays his debt to society-not just with the horrors of his years in the hole-but with the greatest gift he could possibly give us: a priceless set of progressions that can take ANYONE who has the will from abject weakling to strength specimen extraordinaire. In Convict Conditioning Paul Wade has laid out a logical and effective zero to hero progression in key bodyweight strength exercises and presented a solid training philosophy. Get this book. -Pavel Tsatsouline, author of The Naked Warrior Convict Conditioning gives honor and respect to body-weight training. I feel Convict Conditioning provides the progression, precision and clarity that is necessary to combat our cultural decline in simple body knowledge. -Gray Cook, MSPT, OCS, CSCS, Functional Movement Systems, author of Body in Balance Convict Conditioning is a fantastic text crammed with solid information, and tons of vital nuggets and powerful insights that when followed will pack your frame with rock-hard, functional muscle. You provide the body, Convict Conditioning gives you the rest in a highly readable, easy-to-understand format that teaches you what to do and how to do it. As a guy who has written extensively on exercise, I highly recommend this book. -Loren Christensen, author of Solo Training and The Fighter's Body. Coach Wade has laid out a set of progressions in Convict Conditioning that can lead to mastery of the big 6 bodyweight exercises and you would be wise to listen. This is knowledge proven in extreme conditions. So respect the progressions and put in your time-you'll be stronger for it. -Brett Jones Master RKC, CSCS, CK-FMS Outstanding! By far the most innovative fitness book in years. Many talk about mastering your body weight yet Convict Conditioning actually delivers a blueprint for anyone, regardless of your current fitness. The training progressions are genius. -Tim Larkin, Master Close Combat Instructor If you are a serious student of bodyweight exercise and physical culture, you must get this book. -Craig Ballantyne, Turbulence Training I LOVE IT. Convict Conditioning is probably the best compilation of**

callisthenic exercises and training progressions I have seen. Coach Wade goes to the heart of true training with correct biomechanics, kinesiology and training progressions that so many in the world of physical training just seem to miss these days. Bravo Coach, bravo, an epic book that deserves to be in the library of all who love the world of strength. **ÀÀÀÀÀÀÀÀÀ ÀÀÀÀÀÀÀÀÀ -Mark Reifkind, Master RKC Instructor, Girya Kettlebell Training** **À Convict Conditioning** is jam packed with the most powerful bodyweight training information I have ever come across. It's the book I WISH I had in my hands when I was a competitive wrestler, BUT, even more important to me is that I can pass on this knowledge to my clients AND my son and daughter when they grow up. **À-Zach Even-Esh, author The Ultimate Underground Strength System**
