Little, Brown A riveting true story of murder and detection in 15th-century Paris, by one of the most brilliant medievalists of his generation. The crime stunned and paralyzed France since Louis had often ruled in place of his brother King Charles, who had gone mad. As panic seized Paris, an investigation began. In charge was the Provost of Paris, Guillaume de Tignonville, the city's chief law enforcement officer -- and one of history's first detectives. As de Tignonville began to investigate, he realized that his hunt for the truth was much more dangerous than he ever could have imagined. A rich portrait of a distant world, Blood Royal is a gripping story of conspiracy, crime and an increasingly desperate hunt for the truth. And in Guillaume de Tignonville, we have an unforgettable detective for the ages, a classic gumshoe for a cobblestoned era.

PANORAMA CITY

A NOVEL

Houghton Mifflin Harcourt "As enjoyable a comic novel as I have read all year,

a coming of age story that vividly captures the modern world through innocent eyes.” —Largehearted Boy Oppen Porter thinks he’s dying. (He’s not.) From his hospital bed, with tape recorder in hand, he unspools his tale for the benefit of his unborn son, the tale of his forty-day journey from innocence to experience, from self-described “slow absorber” to man of the world. What follows is a trip through modern-day southern California that establishes Panorama City as “an astonishing narrative that offers the pleasures of irony without the sting . . . The great triumph of the book is that Oppen matures without spoiling. He comes to affirm the integrity of his innocence, which is its own wisdom” (Los Angeles Review of Books). “Makes you see the world afresh . . . delightful.” —The New York Times Book Review “Often very funny. It is filled with joy and wonder, and a sort of goodness you had stopped believing might even be possible.” —Peter Carey, Booker Prize-winning author “Though it takes place in down-at-heel Panorama City with its crappy burger franchises and abandoned shopping carts, *The World According to Oppen* is full of wonders and mysteries.” —Stewart O’Nan, national bestselling author “Charming, absurd, very funny, and best of all, human through and through.” —Paul Harding, Pulitzer Prize-winning author “Antoine Wilson draws us into the weird, wonderful world of Oppen Porter, whose advice and lessons are jarringly original, funny, and moving.” —Steve Hely, winner of the Thurber Award

THE GREATER JOURNEY

AMERICANS IN PARIS

Simon and Schuster **The #1 bestseller that tells the remarkable story of the generations of American artists, writers, and doctors who traveled to Paris, the intellectual, scientific, and artistic capital of the western world, fell in love with the city and its people, and changed America through what they learned, told by America’s master historian, David McCullough. Not all pioneers went west. In *The Greater Journey*, David McCullough tells the enthralling, inspiring—and until now, untold—story of the adventurous American artists, writers, doctors, politicians, and others who set off for Paris in the years between 1830 and 1900, hungry to learn and to excel in their work. What they achieved would profoundly alter American history. Elizabeth Blackwell, the first female doctor in America, was one of this intrepid band. Another was Charles Sumner, whose encounters with black students at the Sorbonne inspired him to become the most powerful voice for abolition in the US Senate. Friends James Fenimore Cooper and Samuel F. B. Morse worked unrelentingly every day in Paris, Morse not only painting what would be his masterpiece, but also bringing home his momentous idea for the telegraph. Harriet Beecher Stowe traveled to Paris to escape the controversy generated by her book, *Uncle Tom’s Cabin*. Three of the greatest American artists ever—sculptor Augustus Saint-Gaudens, painters Mary Cassatt and John Singer Sargent—flourished in Paris, inspired by French masters. Almost forgotten today, the heroic**

American ambassador Elihu Washburne bravely remained at his post through the Franco-Prussian War, the long Siege of Paris, and the nightmare of the Commune. His vivid diary account of the starvation and suffering endured by the people of Paris is published here for the first time. Telling their stories with power and intimacy, McCullough brings us into the lives of remarkable men and women who, in Saint-Gaudens' phrase, longed "to soar into the blue."

PANORAMA OF PARIS

SELECTIONS FROM TABLEAU DE PARIS

Penn State Press **Panorama of Paris** offers English-language readers an introduction to one of the forgotten masterpieces of French literature, Louis-Sébastien Mercier's twelve-volume *Le Tableau de Paris* (published from 1781 to 1788), an important and original work that helped shape many kinds of French writing. Colorfully written, the text provides a fascinating portrait of everyday life in Paris on the eve of the French Revolution, describing the interactions of workers, street peddlers, prostitutes, police spies, actresses, noblemen, parish priests, servants, and criminals. Based on Helen Simpson's lively 1933 abridged translation, this edition includes seven newly translated chapters and an introduction by Jeremy D. Popkin. Earlier authors had described Paris's monuments and the lives of its wealthy elites, but Mercier was the first to try to capture in words the texture of its everyday life. His text, contemporary with Rousseau's *Confessions*, is the first attempt to write the autobiography of a unique urban community. His writing deeply influenced Balzac and other nineteenth-century French novelists and continues to serve as a major source of social and cultural history for French historians. **Panorama of Paris** will fascinate all lovers of Paris and its history. It should be of special interest to students of French literature and history, and to anyone interested in the origins of modern attitudes toward city life.

HENRI'S WALK TO PARIS

Rizzoli Publications Henri's Walk to Paris is the story of a young boy who lives in Reboul, France, who dreams of going to Paris. One day, after reading a book about Paris, he decides to pack a lunch and head for the city. "Like many of us Henri wants to see Paris. In Paris, there are thousands of buses. In Reboul, where Henri lives, there is only one bus. In Paris there are many parks and rows and rows of trees. The park in Reboul has only five trees. In Paris there are many zoos full of animals for the people to see. So one fine day Henri packs up some lunch and starts off to see all the things he had read about." Along the way, Henri gets tired and falls asleep under a tree. And this is when the story gets really charming. What Henri sees, we see, in a flowing panorama of pictures conceived by the eminent graphic designer Saul Bass.
