PURE DESIRE

MORAL SANITY IN A SEX-SATURATED SOCIETY

Discovery House Pub This thoughtful look at God's original purpose for His good gift of human sexuality offers Bible-based guidelines on how to live your Christian moral values in today's relativistic and sex-saturated culture.

MAXIMUM JOY

MAXIMUM JOY Anyone who has raised a child understands the difference between relationship and fellowship. A parent has a permanent relationship with his/her child. But fellowship with a child means the parent and the child are enjoying their relationship. And though their relationship is eternal, their fellowship is not. A father and his son have a permanent relationship, but unless they spend time together sharing with one another, they will not have much fellowship. The apostle John wrote one book about how to have an eternal relationship with God the Gospel of John (John 20:31). And he wrote another book about how to enjoy that relationship, or how to have fellowship with God First John (1 John 1:3-4). Dr. Anderson explains that First John is not about whether one has an eternal relationship with God, but it is about how to enjoy that relationship by having fellowship with God. And enjoying fellowship with God is what Dr. Anderson calls MAXIMUM JOY.

HOLY SEXUALITY AND THE GOSPEL

SEX, DESIRE, AND RELATIONSHIPS SHAPED BY GOD'S GRAND STORY

Multnomah From the author of Out of a Far Country, which details his dramatic conversion from an agnostic gay man who put his identity in his sexuality to a Bible professor who now puts his identity in Christ alone, comes a gospel-centered discussion of sex, desire, and relationships. Dr. Christopher Yuan explores the concept of holy sexuality--chastity in singleness or faithfulness in marriage--in a practical and relevant manner, equipping readers with an accessible yet robust theology of sexuality. Whether you want to share Christ with a loved one who identifies as gay or you're wrestling with questions of identity yourself, this book will help you better understand sexuality in light of God's grand story and realize that holy sexuality is actually good news for all.

ORTHODOXY

SEX AND THE SUPREMACY OF CHRIST

Crossway The Bible has a way of shocking us. If Americans could still blush, we might blush at the words, "Rejoice in the wife of your youth, a lovely deer, a graceful doe. Let her breasts fill you at all times with delight; be intoxicated always in her love" (Proverbs 5:18-19). But, of course, sin always tries to trash God's gifts. So we can't just celebrate sex for what God made it to be; we have to fight what sin turned it into. The contributors to this unique volume encourage you to do both: celebrate and struggle. This book has something for all-men and women, married and single-from contributors like John Piper, C. J. and Carolyn Mahaney, Mark Dever, Al Mohler, Carolyn McCulley, and others.

NOT YET MARRIED

THE PURSUIT OF JOY IN SINGLENES AND DATING

Crossway Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. Not Yet Married is not about waiting quietly in the corner of the world for God to bring you "the one," but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

THE EVERLASTING MAN

In The Everlasting Man, G. K. Chesterton paints the full panorama of human history in light of Christian tradition--Amazon.

TO HAVE OR TO BE?

A&C Black To Have Or to Be? is one of the seminal books of the second half of the 20th century. Nothing less than a manifesto for a new social and psychological revolution to save our threatened planet, this book is a summary of the penetrating thought of Eric Fromm. His thesis is that two modes of existence struggle for the spirit of humankind: the having mode, which concentrates on material possessions, power, and aggression, and is the basis of the universal evils of greed, envy, and violence; and the being mode, which is based on love, the pleasure of sharing, and in productive activity. To Have Or to Be? is a brilliant program for socioeconomic change.

THE PHILOSOPHY OF FASTING

Health Research Books

THE OUTLINE OF SANITY

Read Books Ltd This antiquarian book contains Gilbert Keith Chesterton's 1926 thesis, "The Outline of Sanity". Within this famous book Chesterton explores the subjects of poverty, concentration of wealth, work, agriculture, machinery, and capital gain. Chesterton

championed wealth distribution, but was staunchly opposed to socialism; he was an advocate of private ownership, but was an anti-capitalist. This fascinating text will appeal to those with an interest in economics, and it constitutes a veritable must-read for fans of Chesterton's seminal work. The chapters of this book include: "Some General Ideas", "The Beginning of the Quarrel", "The Peril of the Hour", "The Chance of Recovery", "Some Aspects of Big Business", "The Bluff of the Big Shops", "A Misunderstanding about Method", "A Case in Point", "The Tyranny of Trusts", "Some Aspects of the Land", etcetera. We are republishing this vintage text now in an affordable, modern edition - complete with a new biography of the author.

CELEBRATION OF DISCIPLINE

THE PATH TO SPIRITUAL GROWTH

Zondervan In the twenty years since its publication, Celebration of Discipline has helped over a million seekers discover a richer spiritual life infused with joy, peace, and a deeper understanding of God. For this special twentieth anniversary edition, Richard J. Foster has added an introduction, in which he shares the story of how this beloved and enduring spiritual guidebook came to be. Hailed by many as the best modern book on Christian spirituality, Celebration of Discipline explores the "classic Disciplines," or central spiritual practices, of the Christian faith. Along the way, Foster shows that it is only by and through these practices that the true path to spiritual growth can be found. Dividing the Disciplines into three movements of the Spirit, Foster shows how each of these areas contribute to a balanced spiritual life. The inward Disciplines of meditation, prayer, fasting, and study, offer avenues of personal examination and change. The outward Disciplines of simplicity, solitude, submission, and service, help prepare us to make the world a better place. The corporate Disciplines of confession, worship, guidance, and celebration, bring us nearer to one another and to God. Foster provides a wealth of examples demonstrating how these Disciplines can become part of our daily activities-and how they can help us shed our superficial habits and "bring the abundance of God into our lives." He offers crucial new insights on simplicity, demonstrating how the biblical view of simplicity, properly understood and applied, brings joy and balance to our inward and outward lives and "sets us free to enjoy the provision of God as a gift that can be shared with others." The discussion of celebration, often the most neglected of the Disciplines, shows its critical importance, for it stands at the heart of the way to Christ. Celebration of Discipline will help motivate Christians everywhere to embark on a journey of prayer and spiritual growth.

LOGIC

A GOD-CENTERED APPROACH TO THE FOUNDATION OF WESTERN THOUGHT

Crossway For the well-rounded Christian looking to improve their critical thinking skills, here is an accessible introduction to the study of logic (parts 1 & 2) as well as an in-depth treatment of the discipline (parts 3 & 4) from a professor with 6 academic degrees and over 30 years experience teaching. Questions for further reflection are included at the end of each chapter as well as helpful diagrams and charts that are appropriate for use in high school, home school, college, and graduate-level classrooms. Overall, Vern Poythress has undertaken a radical recasting of the study of logic in this revolutionary work from a Christian worldview.

BETWEEN THE WORLD AND ME

One World #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

THE MASK OF SANITY

Digireads.com First published in 1941, "The Mask of Sanity: An Attempt to Clarify Some Issues About the So-Called Psychopathic Personality" by Hervey M. Cleckley, an American psychiatrist, is considered to be the most important work on psychopathology of the twentieth-century. Cleckley based his work on clinical interviews with patients in mental institutions and continued to edit and revise his seminal work throughout the years. The title "The Mask of Sanity" refers to Cleckley's description of the psychopath as living behind a mask of normalcy, which makes the disorder very difficult to recognize and diagnosis. They may appear engaging, intelligent, charming, and sincere but behind this façade of a normal, functioning person they are severely mentally disordered and chaotic. Cleckley was the first to recognize the psychopath's lack of genuine emotion that stems from a serious and uncontrolled neuropsychiatric defect. Cleckley's work is startlingly insightful and his outline of the basic elements of psychopathology remains relevant nearly eighty years later. While highly controversial when it was first published, Cleckley's exhaustive research and the fascinating case studies he explores in detail make "The Mask of Sanity" an indispensable guide for both professionals and lay people alike who wish to better understand psychopathology. This edition is printed on premium acid-free paper.

PRACTICAL ETHICS

Cambridge University Press For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

THE SANITY OF ART

ALCOHOLICS ANONYMOUS

THE STORY OF HOW MANY THOUSANDS OF MEN AND WOMEN HAVE RECOVERED FROM ALCOHOLISM

The basic text for Alcoholics Anonymous.

KNOWLEDGE OF THE HOLY

James Clarke & Co. "True religion confronts earth with heaven and brings eternity to bear upon time," says the author in his preface." The messenger of Christ, though he speaks from God, must also, as the Quakers used to say 'speak to the condition' of his hearers;

otherwise he will speak a language known only to himself. His message must be not only timeless but timely. He must speak to his own generation. "The message of this book is indeed both timeless and timely. Tozer is primarily concerned with the loss of the concept of 'majesty' from the popular mind and more importantly in the thinking of the church. He sees the church as having surrendered her once lofty concept of God - not deliberately, but little by little and without her knowledge. With this comes a further loss of religious awe and a sense of the divine presence, of an appropriate spirit of worship and of our ability to withdraw inwardly to meet God in adoring silence." Tozer attempts to address this problem, to go back to the causes of the decline and to understand and correct the errors that have given rise to our loss of a sense of the holy. "It is impossible to keep our moral practices sound and our inward attitudes right while our idea of God is erroneous or inadequate" he tells us.

GOD IN THE DOCK

Wm. B. Eerdmans Publishing "Lewis struck me as the most thoroughly converted man I ever met," observes Walter Hooper in the preface to this collection of essays by C.S. Lewis. "His whole vision of life was such that the natural and the supernatural seemed inseparably combined. "It is precisely this pervasive Christianity which is demonstrated in the forty-eight essays comprising God in the Dock. Here Lewis addresses himself both to theological questions and to those which Hooper terms "semi-theological," or ethical. But whether he is discussing "Evil and God," "Miracles," "The Decline of Religion," or "The Humanitarian Theory of Punishment," his insight and observations are thoroughly and profoundly Christian. Drawn from a variety of sources, the essays were designed to meet a variety of needs, and among other accomplishments they serve to illustrate the many different angles from which we are able to view the Christian religion. They range from relatively popular pieces written for newspapers to more learned defenses of the faith which first appeared in The Socratic Digest. Characterized by Lewis's honesty and realism, his insight and conviction, and above all his thoroughgoing commitments to Christianity, these essays make God in the Dock very much a book for our time.--Amazon.com.

MORAL MAN AND IMMORAL SOCIETY

A STUDY IN ETHICS AND POLITICS

Westminster John Knox Press One of the theological classics of the twentieth century, Niebuhr's Moral Man and Immoral Society argues that using moral persuasion and shaming to affect the behavior of such collectives as corporations and nation states is fruitless, as these groups will inevitably seek to promote only their self-interest. He calls for a realistic assessment of group behavior and enumerates how individual morality can mitigate social immorality. This edition includes a foreword by Cornel West that explores the continued interest in Niebuhr's thought and its contemporary relevance.

THE PHILOSOPHY BOOK

BIG IDEAS SIMPLY EXPLAINED

Penguin What existed before the Universe was created? Where does self-worth come from? Do the ends always justify the means? The Philosophy Book answers the most profound questions we all have. It is your visual guide to the fundamental nature of existence, society, and how we think. Discover what it means to be free, whether science can predict the future, or how language shapes our thoughts. Learn about the world's greatest philosophers, from Plato and Confucius to modern thinkers such as Chomsky and Derrida and follow charts and timelines that graphically show the progression of ideas and logic. Written in plain English, with concise explanations of branches of philosophy such as metaphysics and ethics, it untangles complicated theories and makes sense of abstract concepts. It is an ideal reference whether you're a student or a general reader, with simple explanations of big ideas, including the four noble truths, the soul, class struggle, moral purpose, and good and evil. If you're curious about the deeper questions in life, The Philosophy Book is both an invaluable reference and illuminating read.

THE MINISTRY OF HEALING

THE CITY OF GOD

New City Press Along with his Confessions, The City of God is undoubtedly St. Augustine's most influential work. This long-awaited translation by William Babcock is published in two volumes. For all those who are interested in the greatest classics of Christian antiquity, The City of God is indispensable. Books 1-10 contain Augustine's critique of the Roman religious, political, and intellectual tradition and prepare the way for the great vision of the two cities that he sets out in Books 11-22. Book jacket.

EXTIMATE TECHNOLOGY

SELF-FORMATION IN A TECHNOLOGICAL WORLD

Routledge This book investigates how we should form ourselves in a world saturated with technologies that are profoundly intruding in the very fabric of our selfhood. New and emerging technologies, such as smart technological environments, imaging technologies and smart drugs, are increasingly shaping who and what we are and influencing who we ought to be. How should we adequately understand, evaluate and appreciate this development? Tackling this question requires going beyond the persistent and stubborn inside-outside dualism and recognizing that what we consider our "inside" self is to a great extent shaped by our "outside" world. Inspired by various philosophers - especially Nietzsche, Peirce and Lacan - this book shows how the values, goals and ideals that humans encounter in their environments not only shape their identities but also enable them to critically relate to their present state. The author argues against understanding technological self-formation in terms of making ourselves better, stronger and smarter. Rather, we should conceive it in terms of technological sublimation, which redefines the very notion of human enhancement. In this respect the author introduces an alternative, more suitable theory, namely Technological Sublimation Theory (TST). Extimate Technology will be of interest to scholars and advanced students working in philosophy of technology, philosophy of the self, phenomenology, pragmatism, and history of philosophy.

GYN/ECOLOGY

THE METAETHICS OF RADICAL FEMINISM

Beacon Press This revised edition includes a New Intergalactic Introduction by the Author. Mary Daly's New Intergalactic Introduction explores her process as a Crafty Pirate on the Journey of Writing Gyn/Ecology and reveals the autobiographical context of this "Thunderbolt of Rage" that she first hurled against the patriarchs in 1979 and no hurls again in the Re-Surging Movement of Radical Feminism in the Be-Dazzling Nineties.

NO LOGO

TAKING AIM AT THE BRAND BULLIES

Macmillan An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture

SOUL PURPOSE

MAKING A DIFFERENCE IN LIFE AND WORK

LIFE OF PI

Vintage Canada Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

PURIFICATION OF THE HEART

SIGNS, SYMPTOMS AND CURES OF THE SPIRITUAL DISEASES OF THE HEART

Starlatch Press Afflictions that assail and control people--such as miserliness, envy, treachery, malice, and arrogance--are examined in a study that discusses the causes and cures of these diseases and reveals how Islamic spirituality deals with spiritual and psychological problems. Original.

THE CITY OF GOD, BOOKS I-VII

CUA Press No description available

PURITY AND DANGER

AN ANALYSIS OF CONCEPTS OF POLLUTION AND TABOO

Routledge Purity and Danger is acknowledged as a modern masterpiece of anthropology. It is widely cited in non-anthropological works and gave rise to a body of application, rebuttal and development within anthropology. In 1995 the book was included among the Times Literary Supplement's hundred most influential non-fiction works since WWII. Incorporating the philosophy of religion and science and a generally holistic approach to classification, Douglas demonstrates the relevance of anthropological enquiries to an audience outside her immediate academic circle. She offers an approach to understanding rules of purity by examining what is considered unclean in various cultures. She sheds light on the symbolism of what is considered clean and dirty in relation to order in secular and religious, modern and primitive life.

THE GLOBALIZATION PARADOX

WHY GLOBAL MARKETS, STATES, AND DEMOCRACY CAN'T COEXIST

Oxford University Press For a century, economists have driven forward the cause of globalization in financial institutions, labour markets, and trade. Yet there have been consistent warning signs that a global economy and free trade might not always be advantageous. Where are the pressure points? What could be done about them? Dani Rodrik examines the back-story from its seventeenth-century origins through the milestones of the gold standard, the Bretton Woods Agreement, and the Washington Consensus, to the present day. Although economic globalization has enabled unprecedented levels of prosperity in advanced countries and has been a boon to hundreds of millions of poor workers in China and elsewhere in Asia, it is a concept that rests on shaky pillars, he contends. Its long-term sustainability is not a given. The heart of Rodrik's argument is a fundamental 'trilemma': that we cannot simultaneously pursue democracy, national self-determination, and economic globalization. Give too much power to governments, and you have protectionism. Give markets too much freedom, and you have an unstable world economy with little social and political support from those it is supposed to help. Rodrik argues for smart globalization, not maximum globalization.

PEOPLE OF THE LIE

Simon and Schuster "So compelling in its exploration of the human psyche, it's as hard to put down as a thriller...such a force of energy, intensity, and straightforwardness.

ALL THAT IS SOLID SELTS INTO AIR

THE EXPERIENCE OF MODERNITY

Verso The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

THE POISONWOOD BIBLE

Faber & Faber 'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

THE ART OF BEING HUMAN

Createspace Independent Publishing Platform Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

THE BRAIN THAT CHANGES ITSELF

STORIES OF PERSONAL TRIUMPH FROM THE FRONTIERS OF BRAIN SCIENCE

Penguin "Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychiatrist, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

CRIME AND PUNISHMENT

Standard Ebooks Crime and Punishment tells the story of Rodion Raskolnikov, an ex-student who plans to murder a pawnbroker to test his theory of personality. Having accomplished the deed, Raskolnikov struggles with mental anguish while trying to both avoid the consequences and hide his guilt from his friends and family. Dostoevsky's original idea for the novel centered on the Marmeladov family and the impact of alcoholism in Russia, but inspired by a double murder in France he decided to rework it around the new character of Raskolnikov. The novel was first serialized in *The Russian Messenger* over the course of 1866, where it was an instant success. It was published in a single volume in 1867. Presented here is Constance Garnett's 1914 translation. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

VISIONS AND REVISIONS: A BOOK OF LITERARY DEVOTIONS

Good Press "Visions and Revisions: A Book of Literary Devotions" by John Cowper Powys. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

MADNESS AND CIVILIZATION

A HISTORY OF INSANITY IN THE AGE OF REASON

Vintage Michel Foucault examines the archeology of madness in the West from 1500 to 1800 - from the late Middle Ages, when insanity was still considered part of everyday life and fools and lunatics walked the streets freely, to the time when such people began to be considered a threat, asylums were first built, and walls were erected between the "insane" and the rest of humanity.
