**Sissi's World The Empress Elisabeth in Memory and Myth** [Bloomsbury Publishing USA](#) *Sissi's World offers a transdisciplinary approach to the study of the Habsburg Empress Elisabeth of Austria. It investigates the myths, legends, and representations across literature, art, film, and other media of one of the most popular, revered, and misunderstood female figures in European cultural history. Sissi's World explores the cultural foundations for the endurance of the Sissi legends and the continuing fascination with the beautiful empress: a Bavarian duchess born in 1837, the longest-serving Austrian empress, and the queen of Hungary who died in 1898 at the hands of a crazed anarchist. Despite the continuing fascination with "the beloved Sissi," the Habsburg empress, her impact, and legacy have received scant attention from scholars. This collection will go beyond the popular biographical accounts, recountings of her mythic beauty, and scattered studies of her well-known eccentricities to offer transdisciplinary cultural perspectives across art, film, fashion, history, literature, and media.* **The King and I** [Samuel French, Incorporated](#) *It is 1862 in Siam when an English widow, Anna Leonowens, and her young son arrive at the Royal Palace in Bangkok, having been summoned by the King to serve as tutor to his many children and wives. It was Don Arden, father of Sharon Osbourne and the notorious 'Mr Big' of the music world, who discovered her, making her change her name from Bookbinder and sending her on a tour of Germany. It was make or break for the still raw Elkie, but as always her voice won through. She went on to become part of cult rock groups such as Dada and Vinegar Joe, before establishing herself as one of the UK's most successful female vocalists. Yet the road to stardom was never an easy one. But for the support of Elkie's great friend Humphrey Lyttelton, she says she might have been dead from drink. She has experienced hardships that would have daunted most, and dealt with them with the same spirit, grit and humour that make her singing so powerful. Along the way she has worked with many of the biggest names in the business and recorded some of the most iconic songs in rock history, including 'Lilac Wine', 'Sunshine After the Rain' and her signature tune, 'Pearl's A Singer'. In Finding My Voice, Elkie tells her remarkable story in her own unique voice, laying bare the reality of stardom and sharing her commitment to the great passion of her life - music.* **Tipbook Vocals The Singing Voice** [Hal Leonard Corporation](#) *This easy-to-read and highly accessible Tipbook has been written in close collaboration with classical and non-classical singers and teachers, therapists and other experts. Tipbook Vocals doesn't teach you how to sing, but it supplies you with valuable, practical information that will help you to understand and extend the possibilities of your voice, to appreciate and evaluate input from voice teachers and coaches, and to have easier access to other literature on the subject. Perfect for singers of any style and at any level, it covers: singing well, registers and voice types; voice care; lyrics; microphone selection; and much more. "Interesting, brief, clearly written ... a useful introductory overview. (Tipbook Vocals) certainly does compile useful information in an extremely well-condensed, abbreviated and accessible form. The opinions expressed in the book ... generally reflect high-quality standards of practice accepted throughout the international community of voice experts." (Robert Sataloff, MD, DMA; Journal of Voice) "This book is a veritable giant of information, and should be in every teacher's and professional's library, as well as the advanced student's. I'm happy to recommend it." (Henry Howell, Australian Music Teacher Magazine) "There's something for all kinds of singers, teachers, therapists and doctors, whether your interest in singing is artistic, anatomical or both. I loved it and it's a book I'd have been proud to have written myself." (Jayne Comins, The Singer Magazine) "While the book provides a wealth of information for the singer, its small profile also encourages its owner to carry it along as a practical reference for the college student, the elementary and secondary classroom or the church or community choir musician.*

For even the well-trained professional, this Tipbook may offer an alternative view or serve to refresh a stale bag o' tricks." (Karen Nevins, *Bella Voce*, ACDA Michigan) "A quick reference to confront problems and questions; ten easy to grasp chapters, and a great glossary and index of musical words, terminology and definitions, for solo singers as well choir members, background vocalists and other singers in any style of music and at any level or age." (Barry Rudolph, *Music Connection*) **Crying in H Mart A Memoir** [Knopf](#) A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread. **What the Dormouse Said How the Sixties Counterculture Shaped the Personal Computer Industry** [Penguin](#) Most histories of the personal computer industry focus on technology or business. John Markoff's landmark book is about the culture and consciousness behind the first PCs--the culture being counter- and the consciousness expanded, sometimes chemically. It's a brilliant evocation of Stanford, California, in the 1960s and '70s, where a group of visionaries set out to turn computers into a means for freeing minds and information. In these pages one encounters Ken Kesey and the phone hacker Cap'n Crunch, est and LSD, The Whole Earth Catalog and the Homebrew Computer Lab. *What the Dormouse Said* is a poignant, funny, and inspiring book by one of the smartest technology writers around. **Six: The Musical - Vocal Selections** [Hal Leonard](#) (Vocal Selections). *Six* has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! Songs include: All You Wanna Do \* Don't Lose Ur Head \* Ex-Wives \* Get Down \* Haus of Holbein \* Heart of Stone \* I Don't Need Your Love \* No Way \* Six. **Nightjohn** [Laurel Leaf](#) "To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting it's bad for them. They think we want what they got . . . That's why they don't want us reading." -- Nightjohn "I didn't know what letters was, not what they meant, but I thought it might be something I wanted to know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope around his neck, his body covered in scars. He had escaped north to freedom, but he came back--came back to teach reading. Knowing that the penalty for reading is dismemberment Nightjohn still returned to slavery to teach others how to read. And twelve-year-old Sarny is willing to take the risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously researched, historically accurate, and artistically crafted portrayal of a grim time in our nation's past, brought to light through the personal history of two unforgettable characters. **Before They Read Teaching Language and Literacy Development Through Conversations, Interactive Read-alouds, and Listening Games** [Maupin House Publishing, Inc.](#) "Preschool and kindergarten educators know that strong oral language skills must be in place before children can learn to read. It was in this research context that the LIWC program was developed. The program analyzes text files on a word-by-word basis, calculating percentage words that match each of several language dimensions. Its output is a text file that can be opened in any of a variety of applications, including word processors and spreadsheet programs. The program has 68 pre-set dimensions (output variables) including linguistic dimensions, word categories tapping psychological constructs, and personal concern categories, and can accommodate user-defined dimensions as well. Easy to install and use, this software offers researchers in social, personality, clinical, and applied psychology a valuable tool for quantifying the rich but often slippery data provided in the form of personal narratives. **Black Noise Rap Music and Black Culture in Contemporary America** Wesleyan From its beginnings in hip hop culture, the dense rhythms and aggressive lyrics of rap music have made it a provocative fixture on the American cultural landscape. In *Black Noise: Rap Music and Black Culture in Contemporary America*, Tricia Rose, described by the New York Times as a "hip hop theorist," takes a comprehensive look at the lyrics, music, cultures, themes, and styles of this highly rhythmic, rhymed storytelling and grapples with the most salient issues and debates that surround it. Assistant Professor of African Studies and History at New York University, Tricia Rose sorts through rap's multiple voices by exploring its underlying urban cultural politics, particularly the influential New York City rap scene, and discusses rap as a unique musical form in which traditional African-based oral traditions fuse with cutting-edge music technologies. Next she takes up rap's racial politics, its sharp criticisms of the police and the government, and the responses of those institutions. Finally, she explores the complex sexual politics of rap, including questions of misogyny, sexual domination, and female rappers' critiques of men. But these debates do not overshadow rappers' own words and thoughts. Rose also closely examines the lyrics and videos for songs by artists such as Public Enemy, KRS-One, Salt N' Pepa, MC Lyte, and L. L. Cool J. and draws on candid interviews with Queen Latifah, music producer Eric "Vietnam" Sadler, dancer Crazy Legs, and others to paint the full range of rap's political and aesthetic spectrum. In the end, Rose observes, rap music remains a vibrant force with its own aesthetic, "a noisy and powerful element of contemporary American popular culture which continues to draw a great deal of attention to itself."

**List of the Lost** "Penguin Books is delighted to announce the forthcoming publication of *List of the Lost*, Morrissey's extraordinary novel, on 24 September. High-octane, ferociously lyrical, *List of the Lost* shows a side of Morrissey never seen before. Beware the novelist . . . intimate and indiscreet . . . pompous, prophetic airs . . . here is the fact of fiction . . . an American tale where, naturally, evil conquers good, and none live happily ever after, for the complicated pangs of the empty experiences of flesh-and-blood human figures are the reason why nothing can ever be enough. To read a book is to let a root sink down. *List of the Lost* is the reality of what is true battling against what is permitted to be true." aMorrissey"
