## Soft Skills Training

# A Workbook to Develop Skills for Employment

Createspace Independent Publishing Platform I was hired by a major university to teach recently released offenders how to become employed. I walked into my first class intending to follow the lead of all the other job training programs in the city, which was teaching the students to properly fill out applications, write resumes, facilitate mock interviews, and locate employment opportunities. After the first couple of classes, most of the students were either not paying attention or sleeping. I quickly realized my presentation needed to be interesting, challenging, beneficial, and actually guide the participants on how to remain employed. However, I was unable to find any published material for teaching new hires the soft skills necessary to keep a job. This workbook is a compilation of the soft skills class material I have developed over an eighteen year period. I have used this material with great success and have taught soft skills in schools, inner-city church programs, nonprofits, and government funded job training programs. It is a unique collection of essays, exercises, quotes, and maxims that will give students a realistic perspective on work-related expectations and the expectations of the supervisors who hire them. It will help students develop their problem solving skills, guide them in making appropriate decisions, and create a desire to plan out goals and achieve them. The workbook style is challenging and playful, serious and engaging and a stepping stone to developing the cognitive skills necessary to quash unproductive thinking and self-defeating emotional behaviors.

## Ladies Coupe (Hindi Edition)

Penguin UK The story of a woman's search for strength and independence Meet Akhilandeshwari, Akhila for short: forty-five and single, an income tax clerk and a woman who has never been allowed to live her own life—always the daughter, the sister, the aunt, the provider. Until the day she gets herself a one-way ticket to the seaside town of Kanyakumari, gloriously alone for the first time in her life and determined to break free of all that her conservative Tamil brahmin life has bound her to. In the intimate atmosphere of the ladies coupe which she shares with five other women, Akhila gets to know her fellow travellers: Janaki, pampered wife and confused mother; Margaret Shanti, a chemistry teacher married to the poetry of elements and an insensitive tyrant too self-absorbed to recognize her needs; Prabha Devi, the perfect daughter and wife, transformed for life by a glimpse of a swimming pool; fourteen-year-old Sheela, with her ability to perceive what others cannot; and Marikolanthu, whose innocence was destroyed by one night of lust. As she listens to the women's stories, Akhila is drawn into the most private moments of their lives,

seeking in them a solution to the question that has been with her all her life: Can a woman stay single and be happy, or does a woman need a man to feel complete?  
Note: This book is in the Hindi language and has been made available for the Kindle, Kindle Fire HD, Kindle Paperwhite, iPhone and iPad, and for iOS, Windows Phone and Android devices.
