RICH WOMAN

BECAUSE I HATE BEING TOLD WHAT TO DO

It's time to find the Rich Woman in you... Let's face it. When it comes to money, men and women are different. While the how-to's of investing, how to buy and sell a stock, or how to find a profitable rental property, are the same, there are the unique issues that women face when it comes to money and investing. Here are some eye-opening statistics: - 47% of women over the age of 50 are single. - 50% of marriages end in divorce (The #1 thing couples fight about is money). - In the first year after a divorce, a woman's standard of living drops an average of 73%. - 90% of all women will be solely responsible for their financial well-being within their lifetime. What worked for our mothers and grandmothers is not working for most of us, and our daughters and granddaughters. So now is the time for women to get smarter with their money. Kim Kiyosaki's passion is to educate and encourage women to create the financial security and peace of mind they want and deserve in their lives. That's why she wrote Rich Woman. You'll love Rich Woman if you: - Never want to lose sleep over money again - Want to take control of your financial future - Are tired of looking for a rich Prince Charming - Demand true independence. Start your journey to financial independence today with Kim Kiyosaki's first book, Rich Woman.

RICH DAD, POOR DAD

Lulu Press, Inc Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

MORE IMPORTANT THAN MONEY

RDA Press, LLC Many people have million-dollar ideas. They're confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don't know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person's social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in *Rich Dad Poor Dad*, if the people around you have a poor person's mindset, it's likely that you'll be, or stay, poor. Your team, in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In *More Important Than Money*, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they

bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

RICH DAD'S GUIDE TO BECOMING RICH...WITHOUT CUTTING UP YOUR CREDIT CARDS

Grand Central Publishing *Why cutting up your credit cards won't make you rich A popular TV personality often says, "Take out your credit cards and cut them into pieces." While that is sound advice for people who are not financially responsible, it is inadequate advice for anyone who wants to become rich or financially free. In other words, just cutting up your credit cards will not make you rich. What does make you rich is financial education...unfortunately a type of education we do not receive in school. If a person has a solid financial education, they would know that there are two kinds of debt...good debt and bad debt. A person with a sound financial education would know how to use good debt to make them richer faster...much faster than a person who only saves money and has no debt. Rich Dad's Guide to Becoming Rich * Are you in credit card debt? * Is job security dead? * Is your financial security threatened? * Is a high-paying job the answer? * Is your money working for you? * Do you have good debt or bad debt? We all need more financial education. We need to know how to have our money work hard for us so we don't have to spend our lives working for money. That is why we need more sophisticated financial education...not oversimplified and childish financial tips such as cut up your credit cards or save more money. If you are ready to increase your financial education and enjoy your credit cards, then this book is for you.*

GIRL CODE

UNLOCKING THE SECRETS TO SUCCESS, SANITY, AND HAPPINESS FOR THE FEMALE ENTREPRENEUR

Penguin Women around the world have responded to Cara Alwill Leyba's *Girl Code* with a resounding YES. Companies like Kate Spade and Macy's have brought her in to teach "the Code." Inc. magazine named *Girl Code* one of the "Top 9 Inspiring Books Every Female Entrepreneur Should Read" alongside *Lean In*, #Girlboss, and *Thrive*. A few years ago, I made a crazy claim in the first edition of *Girl Code*: that in today's competitive marketplace, the fiercest thing a female entrepreneur can do is to support other women. Something dynamic happens when women genuinely show up for each other. When we lose the facades, cut the bullsh*t, and truly have each other's backs. When we stop pretending everything is perfect, and show the messy, beautiful parts of ourselves and our work—which all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and our solutions. I'm convinced that there's no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let's start sharing what we've learned to make each other better. Let's start building each other up. Let's live up to our potential and start ruling the world. *Girl Code* is a roadmap for female entrepreneurs, professional women, "side hustlers" (those with a day job plus a part-time small business), and anyone in between. This book won't teach you how to build a multimillion-dollar company. It won't teach you about systems or finance. But it will teach you how to build confidence in yourself, reconnect with your "why," eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that's what life and business are all about.

COVID-19: THE GREAT RESET

ISBN Agentur Schweiz "The Corona crisis and the Need for a Great Reset" is a guide for anyone who wants to understand how COVID-19 disrupted our social and economic systems, and what changes will be needed to create a more inclusive, resilient and sustainable world going forward. Thierry Malleret, founder of the Monthly Barometer, and Klaus Schwab, founder and executive Chairman of the World Economic Forum, explore what the root causes of these crisis were, and why they lead to a need for a Great Reset. Theirs is a worrying, yet hopeful analysis. COVID-19 has created a great disruptive reset of our global social, economic, and political systems. But the power of human beings lies in being foresighted and having the ingenuity, at least to a certain extent, to take their destiny into their hands and to plan for a better future. This is the purpose of this book: to shake up and to show the deficiencies which were manifest in our global system, even before COVID broke out.
