## The Socio-historical Background of Holocaust Denial in Arab Countries

### Reactions to Roger Garaudy's The Founding Myths of Israeli Politics

The reaction to Roger Garaudy's "The Founding Myths of Israeli Politics" (1996) in Arab countries highlighted the main themes of Holocaust denial and historical revisionism which are widespread in the Arab world. These include blaming the Jewish victims themselves for the Holocaust, attempts to present both Nazism and Zionism as manifestations of the same destructive tendency in Western civilization, and outright Holocaust denial. Contends that Arab Holocaust denial is not merely a tool used to delegitimize the State of Israel. Antisemitism, rather than anti-Zionism, prevails in contemporary Arab nationalist and Islamist rhetoric. The image of the Jew as an antagonist of the Arab and the Muslim has been constructed by Arab nationalists as a means for promoting an Arab national and religious "awakening". Holocaust denial attracts Arab nationalists as the most contemporary expression of antisemitic thought.

## Roger Garaudy - Der umstrittene Philosoph

## Die wahren Hintergründe über den weltbekannten Denker

tradition Ohne Zweifel zählt der Kulturphilosoph Prof. Dr. Dr. Roger Garaudy zu den größten Denkern unserer Zeit. Neben seinen Essays, Romanen und politisch-wissenschaftlichen Werken, die in über 40 Sprachen übersetzt wurden, waren auch die Vortragsveranstaltungen des Erfolgsautors stets überfüllt. Denn, Garaudy war ein Freigeist, der sich zur Selbstentfaltung und Selbstverantwortung jedes Individuums bekannte. Schon sehr früh forderte er einen Dialog der Zivilisationen auf internationaler Ebene und bewegte alle ihm möglichen Hebel, um diesen dort zu etablieren. Mit seiner späteren Konversion zum Islam, wurde Garaudy zunehmend von der westlichen Öffentlichkeit isoliert. Als er schließlich sein antizionistisches Buch "Die Gründungsmythen der israelischen Politik" 1995 publizierte, wurde Garaudy in Frankreich auf brutalste Weise aus der Öffentlichkeit eliminiert. Ihm wurde vorgeworfen, er sei ein Holocaust-Leugner und Antisemit. Das Maß der Kampagne in Frankreich war derart heftig, dass sogar sein langjähriger Freund Abbé Pierre, der zugleich einer der beliebtesten Persönlichkeiten Frankreichs war, selbst zum Angriffsziel der Mainstream-Medien wurde, weil er Garaudy öffentlich unterstützte. Der Autor dieses Buches versucht auf gründliche Weise die wahren Hintergründe über die Lynch-Kampagne gegen den weltbekannten Philosophen auf der Grundlage von einschlägigen Quellen zu skizzieren.

## Art beyond Borders

## Artistic Exchange in Communist Europe (1945?1989)

Central European University Press This book presents and analyzes artistic interactions both within the Soviet bloc and with the West between 1945 and 1989. During the Cold War the exchange of artistic ideas and products united Europe's avant-garde in a most remarkable way. Despite the Iron Curtain and national and political borders there existed a constant flow of artists, artworks, artistic ideas and practices. The geographic borders of these exchanges have yet to be clearly defined. How were networks, centers, peripheries (local, national and international), scales, and distances constructed? How did (neo)avant-garde tendencies relate with officially sanctioned socialist realism? The literature on the art of Eastern Europe provides a great deal of factual knowledge about a vast cultural space, but mostly through the prism of stereotypes and national preoccupations. By discussing artworks, studying the writings on art, observing artistic evolution and artists' strategies, as well as the influence of political authorities, art dealers and art critics, the essays in Art beyond Borders compose a transnational history of arts in the Soviet satellite countries in the post war period. ÿ

## Holocaust Denial

### The Politics of Perfidy

**Walter de Gruyter Holocaust Denial. The Politics of Perfidy** provides a graphic and compelling global panorama of past and present variations on this toxic phenomenon. The volume examines right and left wing French negationism, post-Communist Holocaust deniers in Eastern-Europe, the spread of denial to Australia, Canada, South-Africa and even to Japan. Leading scholarly experts also explore the close connection between Holocaust denial, global conspiracy theories, antisemitism and radical anti-Zionism - especially in Iran and the Arab world.

## The Arabs and the Holocaust

### The Arab-Israeli War of Narratives

**Metropolitan Books** An unprecedented and judicious examination of what the Holocaust means—and doesn't mean—in the Arab world, one of the most explosive subjects of our time. There is no more inflammatory topic than the Arabs and the Holocaust—the phrase alone can occasion outrage. The terrain is dense with ugly claims and counterclaims: one side is charged with Holocaust denial, the other with exploiting a tragedy while denying the tragedies of others. In this pathbreaking book, political scientist **Gilbert Achcar** explores these conflicting narratives and considers their role in today's Middle East dispute. He analyzes the various Arab responses to Nazism, from the earliest intimations of the genocide, through the creation of Israel and the destruction of Palestine and up to our own time, critically assessing the political and historical context for these responses. Finally, he challenges distortions of the historical record, while making no concessions to anti-Semitism or Holocaust denial. Valid criticism of the other, Achcar insists, must go hand in hand with criticism of oneself. Drawing on previously unseen sources in multiple languages, Achcar offers a unique mapping of the Arab world, in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab-Western understanding.

Las controversias acerca de Irving llegan hasta el planteamiento problemático de su propia profesion. Irving se ve a si mismo como un historiador revisionista, que ofrece una version legitima, aunque polemica, de la "verdadera historia del Tercer Reich." Ciertos criticos afirman que no tiene derecho a la categoria de autentico historiador y prefieren considerarlo un simple autor o escritor de tematica historica. Ademas del hecho de que Irving careceria de cualquier calificacion academica al respecto, su trabajo acerca de la Alemania nazi seria poco competente y sesgado ideologicamente (ver mas abajo). Otros incluso lo consideran simplemente un propagandista pro-nazi (ver mas abajo). Czech Fiction and Its Social Context

Cornell University Press "Czech fiction in the twentieth century has been deeply enmeshed in the nation's political life and often serves as a conduit for its authors' social ideas. Instead, he gives evidence again and again of the inevitable connection between literature and politics." --Book Jacket.

# The European Left and the Jewish Question, 1848-1992

## Between Zionism and Antisemitism

**Springer Nature** This book examines how left-wing political and cultural movements in Western Europe have considered Jews in the last two hundred years. The chapters seek to answer the following question: has there been a specific way in which the Left has considered Jewish minorities? The subject has taken various shapes in the different geographical contexts, influenced by national specificities. In tandem, this volume demonstrates the extent to which left-wing movements share common trends drawn from a collective repertoire of representations and meanings. Highlighting the different aspects of the subject matter, the chapters in this book are divided in three parts, each dedicated to a major theme: the contribution of the theorists of Socialism to the Jewish Question; Antisemitism and its representations in left-wing culture; and the perception of the Arab-Israeli conflict. Taken together, these three themes allow for a multidisciplinary analysis of the relationship between the Left and Jews from the second half of the nineteenth century to recent times.
