## Intimate Relationships, Marriages and Families

WCB/McGraw-Hill

## The Seven Principles for Making Marriage Work

**Harmony** Just as Masters and Johnson were pioneers in the study of human sexuality, so Dr. John Gottman has revolutionized the study of marriage. As a professor of psychology at the University of Washington and the founder and director of the Seattle Marital and Family Institute, he has studied the habits of married couples in unprecedented detail over the course of many years. His findings, and his heavily attended workshops, have already turned around thousands of faltering marriages. This book is the culmination of his life's work: the seven principles that guide couples on the path toward a harmonious and long-lasting relationship. Straightforward in their approach, yet profound in their effect, these principles teach partners new and startling strategies for making their marriage work. Gottman helps couples focus on each other, on paying attention to the small day-to-day moments that, strung together, make up the heart and soul of any relationship. Being thoughtful about ordinary matters provides spouses with a solid foundation for resolving conflict when it does occur and finding strategies for living with those issues that cannot be resolved. Packed with questionnaires and exercises whose effectiveness has been proven in Dr. Gottman's workshops, The Seven Principles for Making Marriage Work is the definitive guide for anyone who wants their relationship to attain its highest potential. The Seven Principles for Making Marriage Work is the result of Dr. John Gottman's many years of closely observing thousands of marriages. This kind of longitudinal research has never been done before. Based on his findings, he has culled seven principles essential to the success of any marriage. Maintain a love map. Foster fondness and admiration. Turn toward instead of away. Accept influence. Solve solvable conflicts. Cope with conflicts you can't resolve. Create shared meaning. Dr. Gottman's unique questionnaires and exercises will guide couples on the road to revitalizing their marriage, or making a strong one even better.

## Excursions in World Music, Seventh Edition

### eBook & mp3 Value Pack

**Taylor & Francis** Excursions in World Music is a comprehensive introductory textbook to world music, creating a panoramic experience for students by engaging the many cultures around the globe and highlighting the sheer diversity to be experienced in the world of music. At the same time, the text illustrates the often profound ways through which a deeper exploration of these many different communities can reveal overlaps, shared horizons, and common concerns in spite of and, because of, this very diversity. The new seventh edition introduces five brand new chapters, including chapters by three new contributors on the Middle East, South Asia, and Korea, as well as a new chapter on Latin America along with a new introduction written by Timothy Rommen. General updates have been made to other chapters, replacing visuals and updating charts/statistics. Excursions in World Music remains a favorite among ethnomusicologists who want students to explore the in-depth knowledge and scholarship that animates regional studies of world music. A companion website is available at no additional charge. For instructors, there is a new test bank and instructor's manual. Numerous student resources are posted, including streamed audio tracks for most of the listening guides, interactive quizzes, flashcards, and an interactive map with pinpoints of interest and activities. An ancillary package of a 3-CD set of audio tracks is available for separate purchase. PURCHASING OPTIONS Paperback: 9781138101463 Hardback: 9781138688568 eBook and mp3 file: 9781315619378\* Print Paperback Pack - Book and CD set: 9781138666443 Print Hardback Pack - Book and CD set: 9781138666436 Audio CD: 9781138688032 \*See VitalSource.com for various eBook options (mp3 audio compilation not available for separate sale)

### Development of Economic Analysis 7th Edition

**Routledge** Now in its seventh edition, Ingrid Rima's classic textbook charts the development of the discipline from the classical age of Plato and Aristotle, through the middle ages to the first flowering of economics as a distinct discipline - the age of Petty, Quesnay and Smith - to the era of classical economics and the marginalist revolution. The book then goes on to offer extensive coverage of the twentieth century - the rise of Keynesianism, econometrics, the Chicago School and the neoclassical paradigm. The concluding chapters analyze the birth of late twentieth century developments such as game theory, experimental economics and competing schools of economic thought. This text includes a number of practical features: a "family tree" at the beginning of each section, illustrating how the different developments within economics are interlinked the inclusion of readings from the original key texts a summary and questions to discuss, along with glossaries and suggestions for further reading. This book provides the clearest, most readable guide to economic thought that exists and encourages students to examine the relevance of the discipline's history to contemporary theory.

### Emile Durkheim on the Family

**SAGE Publications** Emile Durkheim on the Family is intended to bring attention to this classical sociologist's work on the family. Durkheim's writings in this area are little known, but the family was nevertheless one of his primary interests, the subject of an intended book that was never written. Durkheim's ideas on the family appear only in scattered sources and a number of those sources have not been translated into English. Durkheim's Sociology of the family has not heretofore been presented and analyzed holistically.

### Family Therapy

### History, Theory, and Practice

For courses in Marriage and Family Counseling, Marital Therapy, and Family Therapy. Inviting, well-illustrated, and developmental in approach-a comprehensive look at the theory and practice of working with families. Considered the most thorough, well-written text in the field, Samuel T. Gladding's, Family Therapy: History, Theory, and Practice, give readers clear coverage of all aspects of working with couples and families from proven, evidence-based theories. In a user-friendly organization and writing style, it covers important background information on healthy and functional families and different types of families, and includes an overview of how individual and family life cycles intertwine. The basic processes involved in treating couples and families are made clear, before delving into a dozen theoretical ways of treating families. Thoroughly updated, the Sixth Edition of Family Therapy, includes an abundance of examples and case studies, new illustrations, more than 175 new references, helpful learning objectives at the beginning of each chapter, a new chart comparing the different therapies, and more.\*User-friendly and well illustrated, this book is developmental in its approach to working therapeutically with families. \*The practitioner-oriented focus shows how to work with different types of families. \*Illustrations, diagrams, summaries, examples, case studies, and a glossary help readers understand and retain the main points in the text. \*NEW Realigned chapters put new emphasis on some of the materials in former chapters.

### Marital and Sexual Lifestyles in the United States

### Attitudes, Behaviors, and Relationships in Social Context

**Routledge** Learn the changing role of sexuality in American life! This helpful book offers a solid background in the sociology of family life and personal sexuality. Marital and Sexual Lifestyles in the United States: Attitudes, Behaviors, and Relationships in Social Context is designed to give readers a broad view of the diversity of contemporary U. S. attitudes, behaviors, and relationships. It also covers basic sociological concepts and research methods. Most human sexuality texts focus on the individual, whereas texts designed for sociology courses on the family downplay individual sexual expression. Marital and Sexual Lifestyles in the United States integrates the two approaches. The choices of the individual take on additional meaning when seen within a unified historical, statistical, and conceptual framework. Marital and Sexual Lifestyles in the United States gives readers the tools to consider such pressing issues as: Does the divorce rate mean that the institution of marriage is in trouble? Are children's futures impaired if they come from single-parent households? Should same-sex couples be allowed to marry? How does marriage differ from cohabitation? What are the real sexual differences between the genders? What is sexual morality? How much confidence can we place in studies of human sexuality by such social scientists as Alfred Kinsey and Masters and Johnson? These questions and others like them are placed in the context of U. S. social trends, beginning with the 1950s and moving toward today. Plentifully illustrated with tables, charts, and figures that show where we are going as well as where we have been, Marital and Sexual Lifestyles in the United States gives a clear perspective on relationships in social context.

### Family Violence

### Legal, Medical, and Social Perspectives

**Routledge** Examines the entire spectrum of family violence, focusing on social processes and social relationships. The seventh edition of Family Violence: Legal, Medical, and Social Perspectives by Harvey Wallace and Cliff Roberson is a comprehensive introduction to the study of family violence that guides readers to a better understanding of the challenges involved in reducing or eliminating violence. The six major topics are: domestic partner abuse, child abuse, elder abuse, physical and psychological abuse, identifying when abuse occurs, and discussing the effects of the various types of abuse or violence. Learning Goals Upon completing this book, readers will be able to: -Understand the facets of family violence. -Discuss how violence may be reduced or eliminated. -Identify how each major type of abuse impacts the social and law enforcement agencies that are involved.

## Love, Marriage, Family

## A Developmental Approach

Pearson Scott Foresman

### Family Therapy

### Concepts, Process and Practice

**John Wiley & Sons** Now in its third edition, this highly regarded and well-established textbook includes up-to-date coverage of recent advances in family therapy practice and reviews of latest research, whilst retaining the popular structure and chapter features of previous editions. Presents a unique, integrative approach to the theory and practice of family therapy. Distinctive style addresses family behaviour patterns, family belief systems and narratives, and broader contextual factors in problem formation and resolution. Shows how the model can be applied to address issues of childhood and adolescence (e.g. conduct problems, drug abuse) and of adulthood (e.g. marital distress, anxiety, depression). Student-friendly features: chapters begin with a chapter plan and conclude with a summary of key points; theoretical chapters include a glossary of new terms; case studies and further reading suggestions are included throughout.

## Marriages, Families, and Relationships: Making Choices in a Diverse Society

**Cengage Learning** This best-selling text on marriages, families, and relationships combines a rigorous scholarly and applied approach with a theme especially relevant to today's dynamic global environment: making choices in a diverse society. The authors use an engaging narrative to create a highly readable text that offers insightful perspectives on the diversity of our modern society, including different ethnic traditions and family forms. The balanced presentation discusses a variety of theoretical perspectives (e.g., family ecology, structure-functional, interaction-constructionist, family systems, biosocial), emphasizing both social structure and the importance of individual agency, choice, and decision-making. Students are encouraged to question assumptions and reconcile conflicting ideas and values as they make informed choices in their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## Practice Of Fertility Control: A Comprehensive Manual (7Th Edition)

Elsevier India

### Marriage Proposals

### Questioning a Legal Status

**NYU Press** The essays in *Marriage Proposals* envision a variety of scenarios in which adults would continue to join themselves together seeking permanent companionship and sustenance, linking sexual intimacy to a long commitment, usually caring for each other, and building new families. What would disappear are the legal consequences associated with marriage. No joint income tax return; no immigration privileges like the "fiancée visa" or the right to bring in a husband or wife; no special statuses for prison visits or hospital decisions; no prerogative to remain silent in court by claiming "confidential marital communications"; no pension entitlements; no marital benefits and detriments regarding criminal or civil liability. The anthology makes a unique contribution amid the two marriage furors of the day: same-sex marriage and the Bush Administration's "marriage movement" (that marrying is good and more marriages would be better for society). Abolishing the legal category of marriage is the only policy suggestion in current American discourse that speaks to both causes. Activists on both sides of the same-sex marriage fight, along with marriage movement partisans, all seek improvement through law reform. *Marriage Proposals* gives them a viable reform—abolition of marriage as a legal status—for fighting battles in the courtroom and the streets. Contributors include Anita Bernstein, Peggy Cooper Davis, Martha Albertson Fineman, Linda C. McClain, Marshall Miller, Lawrence Rosen, Mary Lyndon Shanley, and Dorian Solot.

## Australian Family Law in Context: Commentary and Materials

A contemporary and innovative examination of family law materials for undergraduate law students.

## Informal Marriage, Cohabitation and the Law 1750–1989

**Springer** By the author of "Cohabitees", this book traces the boundaries of legal marriage since the Industrial Revolution, from informal marriage practices to modern cohabitation. Changes are placed in their economic, political and social contexts, seen to be the product of class and gender conflict.
