Six Million Paper Clips

The Making of a Children's Holocaust Memorial

Kar-Ben Publishing™ At a middle school in a small, all white, all Protestant town in Tennessee, a special after-school class was started to teach the kids about the Holocaust, and the importance of tolerance. The students had a hard time imagining what six million was (the number of Jews the Nazis killed), so they decided to collect six million paperclips, a symbol used by the Norwegians to show solidarity with their Jewish neighbors during World War II. German journalists Dagmar and Peter Schroeder, whose involvement brought the project international attention, tell the dramatic story of how the Paper Clip Project grew, culminating in the creation of The Children's Holocaust Memorial.

Six Million Paper Clips

The Making of a Children's Holocaust Memorial

Kar-Ben Publishing *The Making Of A Children's Holocaust Memorial (General Jewish Interest)*

The Bat-Chen Diaries

Kar-Ben *A selection of the writings of Bat-Chen Shahak, a 15-year-old Israeli girl who was killed by a suicide bomber in Tel Aviv's Dizengoff Center.*

The Secret of Priest's Grotto

A Holocaust Survival Story

Kar-Ben Publishing Two explorers survey caves in the Western Ukraine and relate the story of how an extended Jewish family, fleeing persecution by the Nazis, lived for two years in a large cave, Popowa Yama, and survived the war.

And Every Single One Was Someone

As a math and Jewish studies teacher in a Jewish day school, Chernofsky wanted a different and meaningful way for his students to relate to the Holocaust. From there evolved this book that has just one word, six million times JEW. What would a book of six million Jews look like? This is a volume meant for library and institution presentations on the Holocaust, a daring attempt to give some small sense of the overwhelming number - six million.

The Edelweiss Pirates

Kar-Ben Publishing (R) A group of boys in Nazi Germany shows resistance by enjoying and playing jazz music. Back matter explains the real Edelweiss Pirates, a brave corps of some 5,000 teenagers who defied Nazi Germany and the Hitler Youth.

Six: The Musical - Vocal Selections

Hal Leonard (Vocal Selections). Six has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do * Don't Lose Ur Head * Ex-Wives * Get Down * Haus of Holbein * Heart of Stone * I Don't Need Your Love * No Way * Six.

The Immortal Life of Henrietta Lacks

Crown #1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF

*THE DECADE • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.*

After the War

Simon and Schuster After being released from Buchenwald at the end of World War II, fifteen-year-old Ruth risks her life to lead a group of children across Europe to Palestine.

Linked

Scholastic Inc. An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it,

he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With *Linked*, Gordon Korman, the author of the acclaimed novel *Restart*, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

The Negro Motorist Green Book

1940 Edition

Colchis Books The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Stone Angel

Penguin The Nazis may have taken their home, but the family still has a guardian angel In this emotionally rich story, a little girl and her family live happily in Paris until Nazi soldiers arrive during World War II. She and her family must flee or risk being sent to a concentration camp, so they run into the woods, where they meet resistance fighters. But they're still not safe. They must cross tall mountains and sail in a rickety boat to England. Yet the whole time they're struggling to survive, the little girl thinks of the stone angel near their apartment in Paris and imagines it watching over her family. Offering a never-before-told story of the Holocaust, Jane Yolen returns to the material she mined in the award-winning *THE DEVIL'S ARITHMETIC*. Filled with sorrow, hope, comfort, and triumph, this gorgeously illustrated book is sure to become a modern classic-offering adults a perfect vehicle with which to share a difficult subject.

*Praise for STONE ANGEL: * "This story provides a wonderful addition to materials about World War II and the Holocaust, and is appropriate for even the gentlest of readers."--School Library Connection *STARRED**

Stuff Matters

Exploring the Marvelous Materials That Shape Our Man-

Made World

Houghton Mifflin Harcourt A world-leading materials scientist presents an engrossing collection of stories that explain the science and history of materials, from the plastic in our appliances to the elastic in our underpants, revealing the miracles of engineering that seep into our everyday lives. 25,000 first printing.

Out of My Mind

Simon and Schuster Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

The Goal

A Process of Ongoing Improvement

Routledge Alex Rogo is a harried plant manager working ever more desperately to try and improve performance. His factory is rapidly heading for disaster. So is his marriage. He has ninety days to save his plant - or it will be closed by corporate HQ, with hundreds of job losses. It takes a chance meeting with a colleague from student days - Jonah - to help him break out of conventional ways of thinking to see what needs to be done. Described by Fortune as a 'guru to industry' and by Businessweek as a 'genius', Eliyahu M. Goldratt was an internationally recognized leader in the development of new business management concepts and systems. This 20th anniversary edition includes a series of detailed case study interviews by David Whitford, Editor at Large, Fortune Small Business, which explore how organizations around the world have been transformed by Eli Goldratt's ideas. The story of Alex's fight to save his plant contains a serious message for all managers in industry and explains the ideas which underline the Theory of Constraints (TOC) developed by Eli Goldratt. Written in a fast-paced thriller style, The Goal is the gripping novel which is transforming management thinking throughout the Western world. It is a book to recommend to your friends in industry - even to your bosses - but not to your competitors!

Fahrenheit 451

A Novel

Simon and Schuster *A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.*

Pre-Incident Indicators of Terrorist Incidents

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct

DIANE Publishing *This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.*

Benno and the Night of Broken Glass

Kar-Ben Publishing *In 1938 Berlin, Germany, a cat sees Rosenstrasse change from a peaceful neighborhood of Jews and Gentiles to an unfriendly place where, one November night, men in brown shirts destroy Jewish-owned businesses and arrest or kill Jewish people. Includes facts about Kristallnacht and a list of related books and web resources.*

The Tenth Circle

A Novel

Simon and Schuster From New York Times bestselling author Jodi Picoult, a powerful novel that explores the unbreakable bond between parent and child, and questions whether you can reinvent yourself in the course of a lifetime—or if your mistakes are carried forever. Fourteen-year-old Trixie Stone is in love for the first time. She's also a straight-A high school student, pretty and popular, and the light of her father's life.... Comic book artist Daniel Stone would do anything to protect his daughter. But when a single act of violence shatters her innocence, seemingly mild-mannered Daniel's convictions are put to the test—while his own shockingly tumultuous past, hidden even from his family, comes to light. Now, everything Trixie's ever believed about her hero, her father, seems to be a lie as Daniel ventures to hell and back, seeking revenge. Will the price be the bond they share? Revealing an “exceptional, unflinching, and utterly chilling” (The Washington Post) portrait of today's youth culture, Jodi Picoult pulls readers inside a shattered family facing the toughest questions of morality and forgiveness.

Atomic Habits

An Easy & Proven Way to Build Good Habits & Break Bad Ones

Penguin The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to

new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Teaching "Night"

Teaching "Night" interweaves a literary analysis of Elie Wiesel's powerful and poignant memoir with an exploration of the relevant historical context that surrounded his experience during the Holocaust.

Razzle Dazzle

The Battle for Broadway

Simon and Schuster "A revered and provocative theater observer presents a grand history of the producers, directors, actors, and critics battling for creative and financial control of Broadway"--Front jacket flap.

Terrible Things

An Allegory of the Holocaust

In this allegory, the author's reaction to the Holocaust, the animals of the forest are carried away, one type after another, by the Terrible Things, not realizing that if perhaps they would all stick together and not look the other way, such terrible things might not

happen.

Anne Frank

The Diary of a Young Girl Novel Units Student Packet

Novel Units, Incorporated *The compelling diary of a young girl on the brink of maturity as her life draws to toward its tragic end -- one of the most moving and vivid documents of the Jewish experience.*

The Borowitz Report

The Big Book of Shockers

Simon and Schuster *Prepare to be shocked. From the man The Wall Street Journal hailed as a "Swifitean satirist" comes the most shocking book ever written! The Borowitz Report: The Big Book of Shockers, by award-winning fake journalist Andy Borowitz, contains page after page of "news stories" too hot, too controversial, too -- yes, shocking -- for the mainstream press to handle. Sample the groundbreaking reporting from the news organization whose motto is "Give us thirty minutes -- we'll waste it."*

The Afghanistan Papers

A Secret History of the War

Simon and Schuster *A Washington Post Best Book of 2021 The #1 New York Times bestselling investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the*

Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military become mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, The Afghanistan Papers contains "fast-paced and vivid" (The New York Times Book Review) revelation after revelation from people who played a direct role in the war from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by The Washington Post reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to meet with him. Secretary of Defense Donald Rumsfeld admitted that he had "no visibility into who the bad guys are." His successor, Robert Gates, said: "We didn't know jack shit about al-Qaeda." The Afghanistan Papers is a "searing indictment of the deceit, blunders, and hubris of senior military and civilian officials" (Tom Bowman, NRP Pentagon Correspondent) that will supercharge a long-overdue reckoning over what went wrong and forever change the way the conflict is remembered.

A Faraway Island

Yearling *Two Jewish sister leave Austria during WWII/Holocaust and find refuge in Sweden. It's the summer of 1939. Two Jewish sisters from Vienna—12-year-old Stephie Steiner and seven-year-old Nellie—are sent to Sweden to escape the Nazis. They expect to stay there six months, until their parents can flee to Amsterdam; then all four will go to America. But as the world war intensifies, the girls remain, each with her own host family, on a rugged island off the western coast of Sweden. Nellie quickly settles in to her new surroundings. Not so for Stephie, who finds it hard to adapt; she feels stranded at the end of the world, with a foster mother who's as unforgiving as the island itself. It's no wonder Stephie doesn't let on that the most popular girl at school becomes her bitter enemy, or that she endures the wounding slights of certain villagers. Her main worry, though, is her parents—and whether she will ever see them again.*

Heroic Children Untold Stories of the Unconquerable

New York City Publishing Company

Centipede Dragon A Benevolent Creature

Who is Centipede Dragon? He is a part-centipede, and part-dragon, a magical creature who lives in an acorn tree in a village nestled by lake and mountains. Centipede Dragon is kind-hearted, who observes and admires the camaraderie demonstrated by the villagers. He is thus inspired to help them with the power of his magical scales. Soon, he becomes ill due in part to his benevolence, and two children who live in the village discover him and come to his aid. Will they succeed in saving him? Will they discover his secret?

Children of Ash and Elm A History of the Vikings

Basic Books *The definitive history of the Vikings -- from arts and culture to politics and cosmology -- by a distinguished archaeologist with decades of expertise The Viking Age -- from 750 to 1050 -- saw an unprecedented expansion of the Scandinavian peoples into the wider world. As traders and raiders, explorers and colonists, they ranged from eastern North America to the Asian steppe. But for centuries, the Vikings have been seen through the eyes of others, distorted to suit the tastes of medieval clerics and Elizabethan playwrights, Victorian imperialists, Nazis, and more. None of these appropriations capture the real Vikings, or the richness and sophistication of their culture. Based on the latest archaeological and textual evidence, Children of Ash and Elm tells the story of the Vikings on their own terms: their politics, their cosmology and religion, their material world. Known today for a stereotype of maritime*

violence, the Vikings exported new ideas, technologies, beliefs, and practices to the lands they discovered and the peoples they encountered, and in the process were themselves changed. From Eirík Bloodaxe, who fought his way to a kingdom, to Gudrid Thorbjarnardóttir, the most traveled woman in the world, Children of Ash and Elm is the definitive history of the Vikings and their time.

Heroes of the Holocaust

True Stories of Rescues by Teens

Scholastic Maria Andzelm was a Catholic teenager whose family took in two Jewish men in Nazi-occupied Poland and hid them under their barn floor. She brought them food and books, but they were caught and paid a terrible price. Maria's stirring story is one of five featured in this important book of young people putting their lives on the line for others.

The Diary of a Young Girl

Anchor THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Bullies and the Three Monkeys: How the Vicious Cycle Can Be Broken

CCB Publishing "Bullying is a fact of life, and bullying can kill. But isn't there a way to end hardship, misery and tragedies? For years the authors talked to students, parents, educators and experts to find answers for these very pressing questions: Why do bullies bully? What does it do to victims, their families and society in general? Is there any way to break up the vicious cycle and practice tolerance? The bullies and the bullied offer promising solutions"--Page 4 of cover.

I Never Saw Another Butterfly

Children's Drawings & Poems from Terezin Concentration Camp, 1942-44

Schocken Fifteen thousand children under the age of fifteen passed through the Terezin Concentration Camp. Fewer than 100 survived. In these poems and pictures drawn by the young inmates, we see the daily misery of these uprooted children, as well as their hopes and fears, their courage and optimism. 60 color illustrations.

Teaching About Evolution and the Nature of Science

National Academies Press Today many school students are shielded from one of the most important concepts in modern science: evolution. In engaging and conversational style, *Teaching About Evolution and the Nature of Science* provides a well-structured framework for understanding and teaching evolution. Written for teachers, parents, and community officials as well as scientists and educators, this book describes how evolution reveals both the great diversity and similarity among the Earth's organisms; it explores how scientists approach the question of evolution; and it illustrates the nature of science as a way of knowing about the natural world. In addition, the book provides answers to frequently asked questions to help readers understand many of the issues and

misconceptions about evolution. The book includes sample activities for teaching about evolution and the nature of science. For example, the book includes activities that investigate fossil footprints and population growth that teachers of science can use to introduce principles of evolution. Background information, materials, and step-by-step presentations are provided for each activity. In addition, this volume: Presents the evidence for evolution, including how evolution can be observed today. Explains the nature of science through a variety of examples. Describes how science differs from other human endeavors and why evolution is one of the best avenues for helping students understand this distinction. Answers frequently asked questions about evolution. Teaching About Evolution and the Nature of Science builds on the 1996 National Science Education Standards released by the National Research Council" and offers detailed guidance on how to evaluate and choose instructional materials that support the standards. Comprehensive and practical, this book brings one of today's educational challenges into focus in a balanced and reasoned discussion. It will be of special interest to teachers of science, school administrators, and interested members of the community.

Success Habits

Editora Bibliomundi Discover The Steps On How You Can Redefine Success, Break Free From Bad Habits, And Achieve Your Full Potential! Most people stumble blindly along, not understanding why they continue to fail at their efforts. But this book is going to change all of that for you. In fact, this guide is going to give you the tools that you need to finally achieve the success you have always wanted - and that you deserve.

The Book of Experiments

The Secret of the Santa Box

Children the world over have been enchanted and captivated by the magical being known as Santa Claus, Father Christmas, St. Nick, Sinterklaas, and Papa Noel. But eventually, they begin to ponder just how, with the help of flying reindeer, he can deliver presents to boys and girls all around the world in only one single night. And how does he fit down chimneys? And visit houses where there are no

chimneys? As the questions begin to multiply, THE SECRET OF THE SANTA BOX helps parents guide their child from an innocent belief in the magical realism of Santa Claus to an empowered understanding of charity, love, and goodwill, and the true meaning of the celebration of Christmas: the birth of Jesus Christ. THE SECRET OF THE SANTA BOX by Christopher Fenoglio and illustrated by Elena Makansi, is a delightful story written in the same lyrical style as 'Twas the Night Before Christmas that helps parents navigate this difficult terrain in a fun and loving way, and is a natural transition for children who have outgrown the "Elf on a Shelf" and are ready to move forward to the real meaning of Christmas.
