LooseLeaf for Sociology: A Brief Introduction

[McGraw-Hill Education](#) **Sociology: A Brief Introduction** invites students to take sociology with them in their daily lives. This successful, student-friendly program includes strong coverage of race, ethnicity, and globalization. The approachable material encourages students to develop their sociological imaginations and start to think like a sociologist. Paired with Connect, a personal and adaptive learning experience, students learn to apply sociology's three theoretical frameworks to the world around them.

Racial and Ethnic Groups

[Prentice Hall](#) For one semester/one quarter Sociology and General Education courses in Race and Ethnic Relations. Richard Schaefer grew up in Chicago in the 1960's, at a time when neighborhoods were going through transitions in ethnic and racial composition. He found himself fascinated by what was happening, how people were reacting, and how these changes were affecting neighborhoods and people's jobs. These experiences led to a career in sociology, and he is now a leading scholar on racial and ethnic relations. This book grew out of a desire to help students to understand the changing dynamics of the U.S. population. This text is an accessible, comprehensive, and up-to-date introduction to the issues confronting racial and ethnic groups in both the U.S. and other countries. Organized first by issues and then by major racial and ethnic groups. The text examines each group's history, explores its current situation, and its concerns for the future. perspective in the first part of the text lays the foundation for students to understand and discuss the history and contemporary state of each racial and ethnic group presented in the latter part of the book.

Sociology

A Brief Introduction

Three basic premises guide this highly successful introductory text - first that theory and research must be both comprehensive and clear, second that the text must show how sociology is relevant both to the study of society and to students' lives and third that sociology can play a valuable role in teaching critical thinking skills. To that end, this solid, well respected text combines a balanced three-perspective approach with excellent student oriented examples, and distinctive social policy sections in a concise presentation that offers an alternative to full length books.

Sociology in Modules

[McGraw-Hill Education](#) **Sociology in Modules** offers approachable content in a well-organized, flexible teaching format. The comprehensive program allows instructors to choose the content they'd like to present and introduce it in a layout that students can manage. Connect, the proven online experience, adapts to student's learning needs, enhancing the understanding of topics and developing their sociological imagination.

Sociology: A Brief Introduction

[McGraw-Hill Humanities/Social Sciences/Languages](#) This revised edition of Richard T. Schaefer's **Sociology: A Brief Introduction** provides students with a comprehensive, up-to-date presentation of sociology. Students learn to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, examples that students can relate to, and abundant learning aids and exercises, the new edition continues to encourage the development of sociological imagination. Greater coverage of globalization through a new chapter and boxes focusing on "Social Change in the Global Community" help remove ethnocentric blinders and teaches students to think globally about issues and policies.

[McGraw-Hill Education](#)

SOCIOLOGY MATTERS

Sociology

A Brief Introduction

[McGraw-Hill Humanities Social](#) Like its predecessors, the seventh edition of this text reflects Rick Schaefer's mission to bring readers a comprehensive, up-to-date presentation that teaches them how to think critically about society and their own lives from a wide range of classical and contemporary perspectives. Combining balanced coverage of theory with current research findings, distinctive social policy sections, examples of interest to students, and abundant learning aids and exercises, this text will help students develop a sociological imagination. An optional package combines Schaefer's **Sociology**, Seventh Edition and Reel Society Interactive Movie 2.0 CD-ROM at nominal extra cost. "The introductory sociology class provides the ideal laboratory in which to study our own society and those of our global neighbors. The distinctive emphasis on social policy found in this text shows students how to use the sociological imagination in examining such public policy issues as sexual harassment, the AIDS crisis, welfare reform, the death penalty, and the offshoring of service jobs." Richard T. Schaefer

Sociology in Our Times

[Cengage Learning](#) This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, **SOCIOLOGY IN OUR TIMES** is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Climate Change and Society

Sociological Perspectives

[Oxford University Press](#) Climate change is one of the most critical issues of the twenty-first century, presenting a major intellectual challenge to both the natural and social sciences. While there has been significant progress in natural science understanding of climate change, social science analyses have not been as fully developed. *Climate Change and Society* breaks new theoretical and empirical ground by presenting climate change as a thoroughly social phenomenon, embedded in behaviors, institutions, and cultural practices. This collection of essays summarizes existing approaches to understanding the social, economic, political, and cultural dimensions of climate change. From the factors that drive carbon emissions to those which influence societal responses to climate change, the volume provides a comprehensive overview of the social dimensions of climate change. An improved understanding of the complex relationship between climate change and society is essential for modifying ecologically harmful human behaviors and institutional practices, creating just and effective environmental policies, and developing a more sustainable future. *Climate Change and Society* provides a useful tool in efforts to integrate social science research, natural science research, and policymaking regarding climate change and sustainability. Produced by the American Sociological Association's Task Force on Sociology and Global Climate Change, this book presents a challenging shift from the standard climate change discourse, and offers a valuable resource for students, scholars, and professionals involved in climate change research and policy.

LooseLeaf Schaefer Sociology A Brief Introduction 11e

[McGraw-Hill Humanities/Social Sciences/Languages](#) Make Sociology new with McGraw-Hill's Connect Sociology and the 11th edition of *Sociology: A Brief Introduction*. New to Connect is "Connect Insight™," the first and only analytics tool of its kind. "Connect Insight™," is a series of visual data displays—each framed by an intuitive question—to provide at-a-glance information regarding how your class is doing. Connect Insight makes razor-sharp tie-ins between the analysis it provides and the decisions instructors make. We pride ourselves on providing sophisticated technology that is intuitive and simple. Our elegant navigation allows professors to focus on what's important: powering motivation within their classes. Connect also comes with LearnSmart, an adaptive questioning tool proven to increase content comprehension and student results, as well as fun interactivities that teach sociology's three theoretical frameworks. Finally, make sure students come prepared to class by assigning our many e-book activities. With McGraw-Hill's digital tools, focus on what you do best—teaching. Unique to this program, *Sociology: A Brief Introduction* encourages students to take sociology with them in their everyday lives, just as Rick keeps a small notebook of daily sociological events. In *Sociology* brief, instructors get the most trusted content in manageable form. This, coupled with powerful digital learning tools, makes *Sociology* brief an ideal choice for your introductory course.

Introduction to Sociology 2e

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Sociology and Your Life P.O.W.E.R. Learning

[McGraw-Hill Higher Education](#)

Sociology in Modules

Why Modules? We listened to the increasing demand of instructors for more flexibility with teaching materials. "Sociology in Modules" provides an appealing alternative for those instructors who feel that breaking up each chapter into 2-4 modules would allow them to assign the content they want in the order that they want. This modular format was also created to cater to the way in which students learn. Using an adaptive diagnostic tool to help students identify what they know and don't know, "Sociology in Modules" helps students move towards an understanding of the foundations (theory) of sociology by presenting material in more manageable chunks. Instead of facing long and daunting chapters, modules encourage student reading and end of module pedagogy reinforces key concepts. Richard Schaefer has adapted his proven content to meet the changing needs of instructors and students. "Sociology in Modules" is the most flexible program for teaching and learning sociology. Prepare your students to take sociology with them...one module at a time.

Race and Ethnicity in the United States

[Pearson College Division](#) **NOTE: You are purchasing a standalone product; MySocLab® does not come packaged with this content. If you would like to purchase both the physical text and MySocLab search for 013412698X / 9780134126982 Race and Ethnicity in the United States plus MySocLab for Race and Ethnicity - Access Card Package, 8/e Package consists of: 0205896383 / 9780205896387 Race and Ethnicity in the United States, 8/e 0133842983 / 9780133842982 MySocLab for Race and Ethnicity Access Card MySocLab should only be purchased when required by an instructor. For courses in Race and Ethnic Relations A History of Misunderstanding: Race and Ethnicity in the United States Race and Ethnicity in the United States explores the complex history of cultural differences in a nation comprised of immigrants. By examining major themes of multiculturalism, discrimination, injustice, and diversity, the text explores the historical patterns of our country's treatment of people of different faiths, colors, and cultures. The Eighth Edition discusses recent 21st century phenomena in diversity and immigration in the United States, including the rising number of Latino and Asian American youth and the continued discrimination of Native American populations. Providing a broad yet current assessment of our nation's immigration and multicultural patterns, the text serves as a comprehensive source for racial and ethnic studies. Also Available with MySocLab MySocLab for Race and Ethnicity courses extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MySocLab does not include an eText. Race and Ethnicity in the United States, Eighth Edition is also available via REVEL (tm), an immersive learning experience designed for the way today's students read, think, and learn.**

Sociology

In this 11th edition, Rick Schaefer provides a comprehensive, up-to-date introduction to sociology that appeals to students with a diversity of learning styles. The text focuses on sociology in the global community and encourages students to think about the world they're living in using a sociological imagination.

Sociology

A Brief Introduction

Text Me when You Get Home

The Evolution and Triumph of Modern Female Friendship

Penguin 'Text me when you get home.' After joyful nights out together, female friends say this to one another as a way of cementing their love. It's about safety but, more than that, it's about solidarity. A validation of female friendship unlike any that's ever existed before, *Text Me When You Get Home* is a mix of historical research, the author's own personal experience, and conversations about friendships with women across the country. Everything Schaefer uncovers reveals that these ties are making us, both as individuals and as society as a whole, stronger than ever before.

Religion and Social Problems

Routledge Although students and scholars of social problems have often acknowledged the role of religion, no thorough examinations of the relation between the two have emerged. This volume fills this gap by providing a definitive work on the role of religion in assessing, constructing, and solving social problems. Contributors chart the relation between religion and social problems, exploring such case studies as the impact of religion on drugs and alcohol use among Muslims, the rising importance that religion is given in social policy, the role of the Orthodox and Catholic churches in tackling social problems in post-communist East Europe, and the contested role of religion in the national and international politics of contemporary Japan. *Religion and Social Problems* is a broad and path-breaking contribution to the fields of sociology of religion, sociology of social problems, and religious studies.

Being Sociological

Bloomsbury Publishing *Being Sociological* considers the lived experience of sociology, stressing the active nature of social life and highlighting the role that students can play in enacting social change. Fully reworked in this third edition, with five brand new chapter topics and a diverse roster of new contributors, this textbook presents a fresh take on society today. The book encourages readers to examine both enduring challenges and their potential solutions. Dynamic learning features help students unpack key ideas from sociological theory and apply them to today's problems to cultivate their own sociological imagination. An inspiring read, this textbook will empower students to engage with sociology outside the classroom and embed it in their everyday lives. With new contributors, fresh organisation and a vibrant student-centric focus, this third edition brings *Being Sociological* fully up to date and reaffirms its place as an invaluable introduction to sociology for students new to the field. New to this Edition: - All chapters completely rewritten to provide a fresh overview of sociology today - Coverage of five new chapter subjects : including social movements, urbanization, migration and sport and leisure, reflecting their centrality in modern life and in introductory sociology courses - A focus on the SHIP framework, moving away from social categories to consider instead society's structural composition, its historical patterns and power inequalities and their interplay in individual lives - A forward-looking, optimistic orientation, bolstered by new pedagogical features inviting students to consider pathways for change

Student Study Guide for use with Sociology 13/E

McGraw-Hill Education The Study Guide includes a detailed list of key points, key terms and their definitions, true or false self-quizzes, multiple-choice quizzes, fill-in-the-blank questions, and social policy questions.

But You're Still So Young

How Thirtysomethings Are Redefining Adulthood

Penguin One of . . . Vogue's "Best of 2021" — BuzzFeed's "Most Anticipated 2021" — The Week's "Must Reads in 2021" — PopSugar's "A Running List of the Best Books of 2021" From the author of *Text Me When You Get Home*, the acclaimed celebration of friendship, comes a timely and essential look at what it means to be a thirtysomething . . . and how it is more okay than ever to not have every box checked off. The traditional "check list" of becoming an adult has existed for decades. Sociologists have long identified these markers of adulthood as: completing school, leaving home, establishing a career/becoming financially independent, getting married, and having children. But the signifiers of being in our thirties today are not the same—repeated economic upheaval, rising debt, decreasing marriage rates, fertility treatments, and a more open-minded society have all led to a shifting definition of adulthood. *But You're Still So Young* cleverly shows how thirtysomethings have rethought these five major life events. Schaefer describes her own journey through her thirties—including a nonlinear career path, financial struggles, romantic mistakes, and an unconventional path to parenthood—shares findings from data research, and conducts interviews nationwide. For each milestone, the book highlights men and women from various backgrounds, from around the country, and delves into their experiences navigating an ever-changing financial landscape and evolving societal expectations. The thirtysomethings in this book envisioned their thirties differently than how they are actually living them. He thought he would be done with his degree; she thought she'd be married; they thought they'd be famous comedians; and everyone thought they would have more money. Schaefer uses her smart narrative framing and relatable voice to show how the thirties have changed from the cultural stereotypes around them, and how they are a radically different experience for Americans now than they were for any other generation. And as Schaefer and her sources show, not being able to do everything isn't a sign of a life gone wrong. Being open to going sideways or upside down or backward means finding importance and value in many different ways of living.

Resilience, Environmental Justice and the City

Routledge Urban centres are bastions of inequalities, where poverty, marginalization, segregation and health insecurity are magnified. Minorities and the poor - often residing in neighbourhoods characterized by degraded infrastructures, food and job insecurity, limited access to transport and health care, and other inadequate public services - are inherently vulnerable, especially at risk in times of shock or change as they lack the option to avoid, mitigate and adapt to threats. Offering both theoretical and practical approaches, this book proposes critical perspectives and an interdisciplinary lens on urban inequalities in light of individual, group, community and system vulnerabilities and resilience. Touching upon current research trends in food justice, environmental injustice through socio-spatial tactics and solution-based approaches towards urban community resilience, *Resilience, Environmental Justice and the City* promotes perspectives which transition away from the traditional discussions surrounding environmental justice and pinpoints the need to address urban social inequalities beyond the build environment, championing approaches that help embed social vulnerabilities and resilience in urban planning. With its methodological and dynamic approach to the intertwined nature of resilience and environmental justice in urban cities, this book will be of great interest to students, scholars and practitioners within urban studies, environmental management, environmental sociology and public administration.

Looseleaf for Sociology: A Brief Introduction

McGraw-Hill Education

An Island Grows

[Greenwillow Books](#) This is the story of the birth of an island, from the first red-hot glow of magma at the bottom of the ocean, to the flowing lava that hardens and builds up higher and higher until, finally, it breaks through the water's surface. And then, life comes to the island. First come the small plants and animals, and later, people. This is a tale as old-and as new-as the ground we walk on.

Environmental Sociology

The Ecology of Late Modernity

Social Housing in Europe

[John Wiley & Sons](#) All countries aim to improve housing conditions for their citizens but many have been forced by the financial crisis to reduce government expenditure. Social housing is at the crux of this tension. Policy-makers, practitioners and academics want to know how other systems work and are looking for something written in clear English, where there is a depth of understanding of the literature in other languages and direct contributions from country experts across the continent. Social Housing in Europe combines a comparative overview of European social housing written by scholars with in-depth chapters written by international housing experts. The countries covered include Austria, Denmark, England, France, Germany, Hungary, Ireland, The Netherlands and Sweden, with a further chapter devoted to CEE countries other than Hungary. The book provides an up-to-date international comparison of social housing policy and practice. It offers an analysis of how the social housing system currently works in each country, supported by relevant statistics. It identifies European trends in the sector, and opportunities for innovation and improvement. These country-specific chapters are accompanied by topical thematic chapters dealing with subjects such as the role of social housing in urban regeneration, the privatisation of social housing, financing models, and the impact of European Union state aid regulations on the definitions and financing of social housing.

Routledge Handbook of Graffiti and Street Art

[Routledge](#) The Routledge Handbook of Graffiti and Street Art integrates and reviews current scholarship in the field of graffiti and street art. Thirty-seven original contributions are organized around four sections: History, Types, and Writers/Artists of Graffiti and Street Art; Theoretical Explanations of Graffiti and Street Art/Causes of Graffiti and Street Art; Regional/Municipal Variations/Differences of Graffiti and Street Art; and, Effects of Graffiti and Street Art. Chapters are written by experts from different countries throughout the world and their expertise spans the fields of American Studies, Art Theory, Criminology, Criminal Justice, Ethnography, Photography, Political Science, Psychology, Sociology, and Visual Communication. The Handbook will be of interest to researchers, instructors, advanced students, libraries, and art gallery and museum curators. This book is also accessible to practitioners and policy makers in the fields of criminal justice, law enforcement, art history, museum studies, tourism studies, and urban studies as well as members of the news media. The Handbook includes 70 images, a glossary, a chronology, and the electronic edition will be widely hyperlinked.

Prisons, Punishment, and the Family

Towards a New Sociology of Punishment?

[Oxford University Press, USA](#) Every year millions of families are affected by the imprisonment of a family member. Children of imprisoned parents alone can be counted in millions in the USA and in Europe. It is a bewildering fact that while we have had prisons for centuries, and the deprivation of liberty has been a central pillar in the Western mode of punishment since the early nineteenth century, we have only relatively recently embarked upon a serious discussion of the severe effects of imprisonment for the families and relatives of offenders and the implications this has for society. This book draws together some of the excellent research that addresses the impact of criminal justice and incarceration in particular upon the families of offenders. It assembles examples of recent and ongoing studies from eight different countries in order to not only learn about the secondary effects and 'collateral consequences' of imprisonment but also to understand what the experiences and lived realities of prisoners' families means for the sociology of punishment and our broader understanding of criminal justice systems. While punishment and society scholarship has gained significant ground in recent years it has often remained silent on the ways in which the families of prisoners are affected by our practices of punishment. This book provides evidence of the importance of including families within this scholarship and explores themes of legitimacy, citizenship, human rights, marginalization, exclusion, and inequality.
