**LEARN THE BASICS OF STOCK MARKET INVESTING AND STRATEGIES IN 5 DAYS AND LEARN IT WELL**

---

This Guide Will Help You Understand The Fundamentals Of Stock Market Investing And Strategies In 5 Days.. Do you want to discover how to create real wealth in the stock market? Do you want to discover how to create passive income and retire early? Do you want to

discover how to trade stocks and avoid costly mistakes that beginners make? Do you want to discover how to create financial freedom and live the life you deserve? ...If you answered yes to the above questions, then you NEED this book. In this book, Amazon Bestselling author, Michael Ezeanaka explains in very simple terms how the stock market works and different profitable strategies you can leverage to not only grow but also protect your investment capital. Whether you are a newcomer to investing or a veteran looking for a fresh perspective, you will enjoy the unique and practical strategies for investing success covered in this Guide. In this book, you'll discover: Ingenious ways you can tell when a company stock is overvalued 7 questions you need to ask before you invest in a company's stock? The impact of aggressive central bank policies on your portfolio (Do you buy, hold or sell)?. Why is it difficult to expand your stock portfolio if you choose to become a preferred stockholder? What do you need to consider before you open a brokerage account? How you can save 57% more money using a traditional IRA account? What investment vehicle that is perfectly suited to stay at home mums/dads? A detailed analysis of stock investment strategies including value investing, dividend investing, day trading and growth investing? How Jeff Bezos and Jack Ma capitalised on the Black Swan effect and how YOU can do the same? How to spot red flags in your broker statement? Why it's important you keep the original copy of your trade confirmations? How you can control the exact price at which you buy a stock? A special kind of order that helps you to maximise your profits while minimising your losses? How to use macroeconomic and microeconomic analysis to determine if a stock is a good investment? How to tell if a company's management team is on the side of the shareholders or not? ...and much, much more! The key insights of Warren Buffet and Peter Lynch all play important roles in this seminal investment resource. But unlike most of today's books on investing, this guide is as simple as it is comprehensive. If you're ready to tackle the above questions, I'm ready, scroll to the top of this page, click the "Buy Now" button and lets get started!

### **LEARN HOW TO ENTER THE STOCK MARKET! INCLUDING THE BEST PLATFORMS FOR TRADING AND COMMON MISTAKES AND HOW TO AVOID THEM**

---

**Nathan Real** Description Stock Market Interested in the world of the stock market? Want to learn about buying stocks on margin? Interested in more information about penny stocks? Look no further, this is the book you need to start learning about this and more, read on! Penny stocks are stocks that are highly volatile, generating a high return in a short period of time, but which carry a high risk. Penny stocks are companies with small market capitalization and whose shares are traded at low prices, usually below 5 dollars, in OTC (over the counter) or over-the-counter markets. In this book you will also learn about buying on margin. You will also learn the reasons for buying on margin, the risks involved, and some tips of the trade. The stock market is a machine that makes money if you know how to deal with it. There are many investment success stories, but there are also those that have failed in the market. Now you have the opportunity to join the company of those who made a fortune! The stock market is a merciless world, which brutally punishes mistakes. Beginners are a particularly vulnerable group because they are often not well versed in how the market works, nor in investment plans and strategies. But this book will ensure that you are equipped with the tools you need to succeed. Even if you are an absolute beginner and have never traded before, you will soon become a stock market genius! In this book we will cover the following topics: Buying Stocks on Margin Penny Stocks Common Strategies to Follow Understanding the True Value of Stock How to Identify Bad Stock News When to Sell a Stock Links and Steps to Activate with a Broker Suggestions and Constant Profits And much more!!! You may have many doubts, so don't wait any longer, and buy this book now! Click on the buy now button, and embark on this new world.

### **STOCK MARKET: STOCK MARKET INVESTING FOR BEGINNERS- SIMPLE STOCK INVESTING GUIDE TO BECOME AN INTELLIGENT INVESTOR AND MAKE MONEY IN STOCKS**

---

**Createspace Independent Publishing Platform** \*\*\*\*Discover Powerful Stock Market Investing Strategies To Become An Intelligent Investor And Make Money In Stocks! \*\*\*\* Let's get real real here: most investors like yourself LOSE money trading stocks. In fact, so

many lose so much money in trade after trade that they simply give up and buy mutual funds. By doing so, they leave their portfolio's fortunes in the hands of an 'expert.' Talk about leaving a lot of money on the table. Seriously. If you park all your investment cash in a mutual fund, you are missing out on SPECTACULAR GAINS. Sure, you can 'coast' on an annual gain slightly north or south of 10 to 15 percent but if you were to trade your own account, you can earn many times more than that. Just how much more can your retirement investment grow if you managed it more actively? How does 1 to 2 percent per day sound? This is possible with active trading. Indeed, this is possible with the information you'll find from this book, Stock Market Investing for Beginners- Simple Stock Investing Guide to Become an Intelligent Investor and Make Money in Stocks. This paves the way to you making more money in stocks. This book delivers on the following: Understand the basics of stock investing Get a clear understanding of the different investing and trading strategies you can use Learn how to trade with CONFIDENCE regardless of whether the market is trending up or down Learn how to make money if the stock you bought sinks or rises in value This book enables you to turn your FEAR of losing money in the stock market into an AWARENESS of the tremendous opportunities available to you if you just use the right trading methods and strategies. These methods enable you to spot: Stocks about to break out and go up in value Stocks about to crash Stocks with solid long term potential that buying them at any price NOW still means you bought them at a BARGAIN Stocks you can continue to buy regardless of how much they sink or fall and STILL make money You worked hard for your savings. Don't let inflation eat up your savings' value. Learn to trade stocks the right way and grow your savings STRATEGICALLY. By mastering the information contained in this book, you can learn to trade for almost PREDICTABLE gains-whether those gains happen immediately or within a fairly certain period of time. Stop struggling and hoping and wishing that you'll spot the NEXT breakout stock. NEWFLASH: there are a HUGE NUMBER of these. You just need to know how to IDENTIFY THEM and this book teaches you HOW! Start planning a SOLID FINANCIAL future on the BEDROCK of ROCK SOLID stock trading information! Get this book today and start on the ROAD TO FINANCIAL FREEDOM AND ABUNDANCE. Nobody else will do it for you. You owe it to yourself because you worked hard for your money! Don't waste it on mutual fund managers who only manage to deliver a FRACTION of the returns your money DESERVES. Take action NOW and GET this book on a limited time discount only!! ## **STOCK MARKET INVESTING FOR BEGINNERS**

---

### **THE BEST BOOK ON STOCK INVESTMENTS TO HELP YOU MAKE MONEY IN LESS THAN 1 HOUR A DAY**

---

1. The stock market has its peculiarities. It's a world where a small matter has the potential of creating a massive impact. One thing added or one thing left out could be the difference between making a million dollars and losing it all. 2. There is no shortage of investors. The world has many of them. And you can be sure that some are extremely successful while others cry bitterly over their losses. 3. The reason why most investors fail is that they approach investing as though it were some lottery game. They are chance-takers. They have no plan. They stagger from one failed investment to another, taking stabs in the dark, and soon enough they lose all their money. 4. This book has been written to help you become an intelligent investor. An intelligent investor is not a chance-taker. An intelligent investor is a vain investor who exploits market inconsistencies long before others have taken notice. 5. You will learn all the basics of the stock market investment and how to optimize your investments and realize the largest possible profits. 6. An investor should not turn himself into a speculator, for a speculator acts on his instincts rather than his intellect when executing trades. 7. The stock market is neither a mythical place beyond human understanding, nor a place reserved for people with special genetics. The investors who have made a fortune out of stock market are average people like everyone else except they took their time to understand everything before trying to get in the game. 8. There are many investments in the securities markets beyond stocks. You could invest in bonds and funds like mutual funds and index funds. 9. Investing in IPOs gives you a chance to own a slice of a company and in return, you play your part in providing the company with much-needed resources. 10. The best single thing an investor can do before taking up an investment deal is to conduct a fundamental analysis. 11. Fundamental analysis is the evaluation of a company's financial health with the intention of either solidifying your interest in the venture or finding out any red flag. "The strategies for succeeding as an investor are timeless. They worked a lifetime ago in the days of Ben Graham (the father of value investing) and they still work today."

### THE ULTIMATE GUIDE TO CREATING PASSIVE INCOME FOR A LIVING. HOW TO INVEST AND MAKE MONEY IN OPTIONS TRADING AND GET BIG PROFITS (FOREX, SWING, DAY STRATEGIES)

---

**Jonathan Smith** How difficult is it to even dream of investing? Money is tight and scams are increasing every day. Would you like to be able to buy stocks knowing you can't go wrong? Does it terrify you? What if you end up losing all your money? Investing is not as easy as it sounds. What if I told you instead that there are people who have managed to make a big profit? Something had to change in my life and a practical action was needed: With This book you will learn how to invest in the stock market and, above all, how to identify the best stocks in the market and how to value them. Today, everything has been turned around for the better thanks to the stock market! Surely you have heard the BIG news in the market about some stock titans like Microsoft, which will invest in General Motors (GM), Honda Motor (HMC), and others, in an equity investment of over \$2 billion, estimating the unit at 30 billion dollars! Microsoft, tech giant, partnering with car manufacturers! Or you may have heard about Nio's distinction of EV (Enterprise Value) shares challenging Tesla in the key market of China and scoring big sales in the December period causing the shares to skyrocket! Shares gapped up 9%, hitting a high of 66.99, before trimming gains to 63.60! Or GameStop which has been mentioned for weeks now, and the question that most grips everyone is what will happen and if it will last long. Who knows what will happen next! This is very easy information to find; it's being talked about all over the world. Now, imagine: what would have happened if you had discovered this news earlier? How much would you have made by buying these stocks on time? The Stock Market Investing For Beginners was created to be a guide that will get you ready to make the deal! In Stock Market Investing for Beginners, you will find these and other more in-depth news that will be your ladder to success. It will help you to: 1. Analyze profitable shares, set a strategy, and become like MSFT, GM, NIO, or other market titans; 2. Learn from experiences of bad investments, failed attempts, and tested methods; 3. You'll learn to read stock charts; 4. You'll learn how to trade stocks; 5. Understand the Market Investing world with simple terms; 6. You'll discover the best investment stocks in 2021; 7. Know promising markets; 8. Invest in a simple, safe, and fast way; 9. Know an easy way to buy and sell stocks; 10. And much more! Questions and doubts will ONLY be cleared with The Stock Market Investing For Beginners! You will learn to recognize useful information thanks to market analysis and in-depth reading of the charts. That information will help you understand whether a stock is going to EXPLODE or is just INFLATED by the market. Don't wait for someone else to take your place. BUY Stock Market Investing For Beginners NOW and learn quickly how to successful!

Real Customer Reviews "An excellent work for novice investors, this book is especially valuable for high school, college students and anyone who is new to investing. This should be the first book read by a beginning investor."-Former J.P. Morgan Analyst "This book is written in language fit for any aspiring investor!" -Amazon Customer "This book taught me a lot about investing, stock, and strategy to become a good investor." - Amazon Customer. How I learned to Invest When I started investing in the stock market, at 16 years old, it was overwhelming. There were many technical terms that I did not understand. I did not know how to find a good stock or even when to buy a stock. It was even more overwhelming that there were so many investing strategies- short selling, day trading, long-term investing; I did not know which one was the best for me. Even worse was that I did not know how to get started without the fear of losing my money. For many days, months and years, I studied the strategies that successful investors like Warren Buffet have used to become the best. After discovering an easy-to-learn formula for investing in stocks, I decided to create my portfolio. My first stock quickly jumped over 30%, and my second one increased by over 15% in less than 3 months. With an average investor gaining 8% per year, I destroyed the market, gaining 25% in only 3 months. After my success, I knew that my strategy is the best and foolproof. This strategy is so simple and effective that a 16-year-old kid was able to learn it and implement it. The strategy was created by a beginner investor, and for beginner investors. This is one of the only strategies that require no previous investing knowledge and can be easily understood. What YOU will learn This book will teach you the fundamentals of investing in an easy to understand and concise way. After you read this book, you will be able to easily beat the market and invest without fear. You will be able to 10X your money and live off of passive income. My formula will help anyone of any age make money in the stock market by teaching YOU... \*The Basics Step by Step Process of Getting Started \*The Fundamentals Of Investing \*The Best Time To Buy A Stock \*3 Key Mistakes To Avoid \*When To Exactly Sell A Stock \*And Much More What Are You Waiting For? Scroll Back Up And Invest In Your Education... This Can Make You a MILLIONAIRE, and it Only Costs a Few Cups of Coffee

### THE INVESTMENT GUIDE - HOW TO BENEFIT FROM THE CRISIS, INVEST IN STOCKS AND GENERATE LONG-TERM PASSIVE INCOME INCL. ETF AND STOCK PICKING CHECKLIST

---

Stock Market Investing For Beginners The Investment Guide - How to benefit from the crisis, invest in stocks and generate long-term passive income incl. ETF and Stock Picking Checklist Stock Market Investing For Beginners is a Guide to Start and invest in the Stock Market. This book offers you solutions that not only preserve the value of your money but also drive its exponential growth. You may also believe that by accumulating the money you earn from your work, you can get rich, but this idea is not true at all! These days, by looking at people's lives and their efforts, you will find that everyone wants to make a better life based on their financial ability and thoughts. For example, choose a second job, or to have all the family members work together. Most people are indifferent to what

they have and focus on what they don't have. Many people are just looking for a lot of money to invest and do not know that the small amount of capital that buried in the corners of their homes can be precious in the stock market. To get rich, all you have to do is change your perspective and recognize the opportunities around you and value what you have. You are accustomed to spending your money on things that don't matter if they are or aren't. But if you think about the principle of capital and its growth, your world will change completely.

### **3 IN 1- BEGINNERS GUIDE TO LEARN STOCK MARKET INVESTING, WINNING TACTICS AND TIPS & RELEVANT ADVANCED STRATEGIES**

---

3 in 1;Book 1Confidence is important to be a successful stock market investor. Bearing everything else in mind, remember that you most likely aren't going to become a millionaire just by buying and selling stocks. That's not a totally realistic thing to expect. However, you aren't going to bottom out and go bankrupt from it, either, if you have any sort of common sense. It's really not as scary as I've managed to make it seem! Keep learning. Just because you've read a book doesn't mean you're ready to go and invest ten thousand dollars without any sort of real guidance. Be humble and avoid arrogance. With all of that said, investing is truly not hard. There's no reason to be afraid of it; in this book, you will get to learn more about stock market investing, including: -What stocks are and the different types in the market-The benefits you enjoy by investing in stocks-The tips and tricks you need to understand-The different stock orders-The wonderful strategies that will help you in choosing stocks-Owning your trading account-Questions to ask yourself before investing-The risks in the market and mistakes to avoidI wish you the best of luck in your endeavors. Hopefully, you will find great success in your future investments! Book 2Many books claim to have the right information and a so-called magic formula that will eventually have little benefit to stock market investors. They fail to impress well-informed and intelligent readers, common investors, brokers and managers of institutions. Most of the writing they do is based on superficial things just to persuade the reader how lucrative stock market investment is, without grasping the entirety of the topic. But the fact remains that you deserve to know the positive side as well as the risky side of the stock market. You should be well aware of the pitfalls of the stock market so that you avoid falling on your way up the ladder. This book doesn't contain a magic formula to win on the stock markets. This book targets the average investor that lacks confidence. It is a pretty handy tool that will help common investors who are about to start, seasoned investors, professional brokers, and institution managers to invest wisely on the stock market both for short term and long term gains. It will also help them develop a strategy to win on the stock market and be a millionaire. Stock market business is just like any other business, and that's where this book has importance. It simplifies things for investors. By understanding the right time and the right

stocks to invest in and staying safe by cutting down losses in good time, this book helps investors streamline their business and emerge as professionals. It is a complete roadmap to success on the stock market. You will be able to see an all-encompassing bigger picture of the stock market business. You have hard-earned money that you want to invest and you also want to make a fortune on the stock market. Stock Market Investing: Winning Tactics and Tips to Master Stock Market Investing is the tool to make this dream a reality. Book 3 Have you always wanted to trade in the stock market but didn't want to invest too much money at the start? Do you want to understand what it takes to invest in the stock market? Do you want to start off with small amounts of money? Well, if so, then you have come to the right place. You'll learn: What is a stock? What are the different instruments you can invest in? The different investing strategies What information you need to rely on to invest in stocks The difference between fundamental analysis and technical analysis How you should test the stock and identify the right stock to invest in Different ways to predict the prices of stocks, and more! If you want to learn how to invest in stocks in the right way, you should grab a copy of this book now. There's no need to put this off another day. Now is the time to take action!

## **STOCK MARKET INVESTING FOR BEGINNERS (NEW VERSION)**

---

### **A SIMPLIFIED BEGINNER'S GUIDE TO STARTING INVESTING IN THE STOCK MARKET AND ACHIEVE YOUR FINANCIAL FREEDOM**

---

**Youcanprint** Have you always wanted to invest in the stock market but have been hesitant to do that because you've been afraid to

lose money perhaps because you don't know the ins and outs of stock market investing? And are you looking for a guide that will end your procrastination and help you start the journey to successful and profitable stock market investing? If you've answered YES, keep reading.... You Are About To Discover The Ins And Outs Of Stock Market Investing So That You Start Your Journey To Investing In Stocks With Confidence And Be Able Make Astute Stock Investing And Trading Decisions Like The Pros! The lucrateness of stocks is something that needs no introduction. You've seen it everywhere. Billionaires giving tales of how they invested a couple hundred or thousand dollars and with a few strategies here and there, they multiplied their wealth. Its high profitability index goes without saying, as statistics speak for it. Did you know that just two exchanges in the US, the New York Stock Exchange and Nasdaq (combined) are worth about \$21 trillion in market capitalization? It's true, you'd make tons of money in the stock market. However, despite its popularity and attractiveness, it remains one of the riskiest ventures; ones that have drained entire bank accounts of unwitting investors. It does take a good amount of knowledge, a tiny bag of tips and strategy to be successful with this stream, and I imagine that's why you are here, isn't it? Have you been wondering how you can get started, avoid all the mistakes and get to the top without losing your cash? Have you been wondering what strategies professional traders use? Do you find it difficult to visualize the entire process, including what it takes to make a good ROI? Have you been hesitant investing in the stock market because you are scared of math and all the complicated analysis tools? If that's you, then this is your book. You'll learn (from scratch) everything you need to confidently and safely turn a tiny amount of capital into a successful investment portfolio and build yourself long term wealth with stocks. More Precisely, You'll Learn:

- What the stock market is, how it works and everything you need to know about it before getting started
- How to not be limited by the myths and misconceptions about stock investing
- How to become a successful stock market investor
- How to purchase your first stock
- How to select a good stock broker to secure your stocks safely
- How to build a successful stocks portfolio
- How to reduce losses and make the most gains in stocks trading
- How you can start investing in stock with only \$100 or less
- How to turn your stock portfolio onto a cash flow machine
- How to get started with momentum stock trading
- The most effective tips and tricks you need to become a successful trader
- How to spot a stock that's likely to explode higher ...

And so much more! Many people fear the stock market because of the perceived "uncertainty tag" that they give it. While this area has its risks, you can learn and equip yourself with the right skills, transform your mindset as well as your understanding of this lucrative stream and ultimately, your bank account positively. What's more; you can do that even if you are a complete beginner! And this simple, practical beginners' book is here to help you with that. Don't wait... ## STOCK MARKET INVESTING FOR BEGINNERS

---

---

### AN AMAZING GUIDE TO LEARN HOW TO ENTER THE STOCK MARKET, IDENTIFYING PATTERNS, WITH SOME FACTS & NUMBERS TO HELP YOU GET STARTED IN THE WORLD OF THE STOCK MARKET

---

**Joe Bears** Description Do you want to know all the tips and tricks on how to invest in the stock market? LOOK NO FURTHER! This is the book you were looking for, if you want to know more, keep reading! Everyone invests, from the savvy Wall Street stockbroker to the sequential construction system worker who skips breakfast every Friday because he's short money before his next paycheck. Everyone invests their time, effort and thoughtfulness in what they consider important. If you spend your Saturdays preparing for a

long-distance run or doing 50-mile bike rides, you are investing resources in your well-being. If you spend your weekends exercising as a family, taking the kids swimming or going to little league games or visiting historic centers, you are investing resources in your children. Also, in the event you go to classes with the expectation that a professional education will help you find a higher activity, you are putting resources into your vocation. While every one of these sorts of investment appears to have an alternate objective, they all share a typical reason: to accommodate what's to come. Putting resources into great wellbeing presently enhances your odds of a more cheerful and progressively profitable retirement. Putting resources into your family now can manufacture connections that will support you in times when you may require more from others, yet have less to give. Putting resources into your vocation currently can open proficient, money related entries. In this book we will talk about topics such as: Entering the Stock Market Identifying Patterns in a Stock and Facts Numbers to Help You And much more! So don't wait any longer, dive into the world of stock market investing with this wonderful book! Click on the buy now button.

## **STOCK MARKET INVESTING: COMPREHENSIVE BEGINNERS GUIDE TO LEARN STOCK MARKET STEP BY STEP**

---

**Stock Market Investing** Confidence is important to be a successful stock market investor. Bearing everything else in mind, remember that you most likely aren't going to become a millionaire just by buying and selling stocks. That's not a totally realistic thing to expect. However, you aren't going to bottom out and go bankrupt from it, either, if you have any sort of common sense. It's really not as scary as I've managed to make it seem! Keep learning. Just because you've read a book doesn't mean you're ready to go and invest ten thousand dollars without any sort of real guidance. Be humble and avoid arrogance. With all of that said, investing is truly not hard. There's no reason to be afraid of it; a lot of people make fairly steady incomes off of it, and a lot more have made heaps of money. I'm not promising you'll become a millionaire; however, if you keep learning, apply yourself, and have a knack for it, you very easily could become one. You almost certainly aren't going to become one overnight, unless you become extremely lucky or do something really risky (which, in effect, is extremely lucky if it pays off.) Don't be afraid to invest and follow your intuition, but don't do silly things expecting to make millions overnight. In this book, you will get to learn more about stock market investing, including: - What stocks are and the different types in the market-The benefits you enjoy by investing in stocks-The tips and tricks you need to understand-The different stock orders-The wonderful strategies that will help you in choosing stocks-Owning your trading account-Questions to ask yourself before investing-The risks in the market and mistakes to avoid! I wish you the best of luck in your endeavors. Hopefully, you will find great success in your future investments!

---

### **YOUR BEGINNER'S GUIDE TO MAKING SUCCESSFUL STOCK MARKET INVESTMENTS**

---

**Christopher Blackburn** Stock Market Investing For Beginners History has definitely shown us that investing on the stock market is one of the most profitable, most effective as well as one of the easiest ways to build wealth by thinking in the long-run. In fact, the majority of those wealthiest people in the world got there thanks to their stock market investments and their shares in both private and public corporations, so there is no wonder why you are also interested in investing in this market. However, for those beginner investors, the stock market definitely may seem as a truly complicated, sometimes even terrifying place as there is so much going on, so many things to consider, and so many rules to follow. Therefore, you definitely need your guide to investing on the stock market no matter your budget and your initial capital. The book may be your best friend on this journey as here you are going to learn all stock market basics. For example how you can make money from your stock market investments and much more of what you will need in order to improve your success odds, to eventually beat the market and accumulate wealth. Here Is a Preview of What You'll Learn Here... What is the stock market, stock market sections, and stock varieties Over-the-counter stock trading, pink sheets, initial public

offerings and indicators of the stock market performance Basics of the stock market, market capitalization, enterprise value, primary and secondary stock market How to properly invest in stocks and how to project your future returns Different ways for investing in stocks, 401k, 403b and IRA investing plans Different stock marketing investing strategies to follow Building your step-by-step investing on the stock market routine Learn which stocks are worth owning And much much more... Get this book NOW, learn the market, and turn your stock market investments into great wealth!

---

## **STOCK MARKET INVESTING FOR BEGINNERS & DUMMIES**

---

You know that you need to start investing, because you won't be able to work your whole life. You don't want to be the old employee working as a door greeter at your big chain department store. It will also be frustrating and very depressing if you are not financially aware of your future. Time seems to go faster the older you get and it's never too late to get started. But getting started might be one of your problems. There is too much information available and too many scammers are trying to get you to invest in shady companies. You also don't have the time to figure everything out by yourself, because it might seem too hard and complicated. However, getting the investing part of your life handled will improve your life tremendously. You will have peace of mind when you think about your future and you will also have the confidence to make sound investing decisions. You'll also have the knowledge to talk intelligently with your peers and financial advisors, making it easy to spot when someone is giving you wrong information. I begin with the basics, like what are stocks and how the stock market works. I then transition into how you can make money in the stock market, give you some stocks you should have on your watch list and some of the lies and mistakes you will have to deal with as an investor. So, don't wait and get this book now. It's on sale at this moment, but the price will go up!

### **RULE #1**

---

---

### **THE SIMPLE STRATEGY FOR GETTING RICH--IN ONLY 15 MINUTES A WEEK!**

---

**Currency #1 NEW YORK TIMES BESTSELLER** • "The clearest and best book out there to get you on the path to riches. This one's special!"—Jim Cramer, host of CNBC's Mad Money "Great tools for anyone wanting to dabble in the stock market."—USA Today Phil Town is a very wealthy man, but he wasn't always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true "rules" are and how to make them work in one's favor. Chief among them, of course, is Rule #1: "Don't lose money." In this updated edition to the #1 national bestseller, you'll learn more of Phil's fresh, think-outside-the-box rules, including: • Don't diversify • Only buy a stock when it's on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools

designed for them! As Phil demonstrates in these pages, giant mutual funds can't help but regress to the mean—and as we've all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

With the advent of the internet and other technologies, the stock market is more accessible to small investors than ever before. In this book, we've reviewed how to get into investing in stocks and the variety of ways that you can invest are seemingly endless but also offer unprecedented opportunities. I hope that readers will take advantage of them to grow their wealth and do it the right way, carefully, and over time. Your choices are many, but you often have to find a choice that will go with your future goals. If you want the potential to make a lot of money with just a little bit of risk (as long as you work with researching finding stocks to purchase), stock market investing is one of the best choices for you. You may need to research a bit, but you can find some amazing stocks that will provide a good return on investment for anyone who wants to invest. This guidebook will spend some time talking about investing in the stock market and why it can be so good for you. Whether you are just beginning with your investing journey or you want to add to your portfolio, the stock market has a lot of options that will help you out. You will learn some of the basics of the stock market and different kinds of investments as well as how to pick the best stocks to make money, how to get into the stock market, and why diversification is so important. **ReadHowYouWant.com** The stock market has been a cornerstone of the investor's passive wealth-building program for over a century and continues in this role. This decade has been one huge roller coaster ride for stock investors. Fortunes have been made and lost. With all the media attention, all the talking heads on radio and television, and the books with titles like Dow at 36,000, the investing public still didn't avoid losing trillions in a historic stock market debacle. Sadly, even the so-called experts who understand stocks didn't see the economic and geopolitical forces that acted like a tsunami on the market. With just a little more knowledge and a few wealth-preserving techniques, more investors could have held onto their hard-earned stock market fortunes. Cheer up, though: This book gives you an early warning on those megatrends and events that will affect your stock portfolio. While other books may tell you about stocks, this book tells you about stocks and what affects them. This book is designed to give you a realistic approach to making money in stocks..... Stock Investing For Dummies, 3rd Edition, is also quite different from the "get rich with stocks" titles that have crammed the bookshelves in recent years. It doesn't take a standard approach to the topic; it doesn't assume that stocks are a sure thing and the be-all, end-all of wealth building. In fact, at times in this book, I tell you not to invest in stocks. This book can help you succeed not only in up markets but also in down markets. Bull markets and bear markets come and go, but the informed investor can keep making money no matter what. To give you an extra edge, I've tried to include information about the investing environment for stocks. Whether it's politics or hurricanes (or both), you need to know how the big picture affects your stock investment decisions.
