Frisbie Motorsports: Sportmod Chassis Setup & Race Support Guide Dirt Track INTRODUCTION I have written this book for entry to expert level IMCA Sportmod racer. Most of the initial information provided is just a guide and derived from talking with chassis builders, successful racers, conducting years of research, attending various chassis schools and our own trial and error at the track. Not all racers will agree with everything in this guide, but we believe in it and reading and applying the information will help you to maximize your racing results. This book will teach you how setup changes on an IMCA Sportmod will affect the cars handling on the track. There is no one change that will make every car fast, but understanding how each change affects a cars handling is the first step in getting faster and making it to victory lane. The key to being successful on the race track is getting your setup as close as possible in the shop, adjusting your cars handling to the current track conditions and then adjusting your driving style to maximize traction through all areas of the race track. The driver job is to maximize the limited traction a dirt car has on the dynamic changing race track conditions. The Bravest of Them All - The Legend of Stan Bowman Foreword by Tony Stewart CreateSpace This story describes USAC sprint car racing in the early 1960s and a driver named Stan Bowman. It captures Bowman's win at the first USAC sprint car race at Eldora Speedway in 1962. Bowman also captured the attention of Clint Brawner, the legendary Indianapolis 500 mechanic of that era. The story is told through the eyes of Diane Beck Lane, who was daughter of Harold Beck, the owner of Bowman's race car at Eldora in 1962. In 2012, Eldora Speedway, now owned by Tony Stewart, honored the 50th anniversary of Bowman's victory and Diane Beck Lane now retells the legend of Stan Bowman in the golden era in USAC sprint car racing.
