This full-color administrative medical assisting textbook is part of a dynamic learning system that includes a free skills CD-ROM bound to the text, workbook, and instructor-support materials. Together, these learning tools integrate essential and advanced competencies set forth by the AAMA's Role Delineation study, emphasizing interpersonal communications and changes in the health care setting including Standard Precautions and managed care. The text is written not by just one or two individuals, but by many talented experts who provide students with a thorough understanding of administrative medical assisting fundamentals. The entire learning system is complemented by "real-life" characters and scenarios from the field of medical assisting--a feature not found in any other text! Thomson Delmar Learning's Comprehensive Medical Assisting Administrative and Clinical Competencies Delmar Pub** This third edition is the most comprehensive and dynamic learning package on the market for Medical Assisting. It boasts the most skills and procedures covered and includes key areas either not found or lightly touched on in other books such as: History of Medicine, Professional Procedures, coverage of OSHA and CLIA, and transcription. All ABHES and CAAHEP competencies are covered. The new edition maps to the latest CAAHEP Standards and Guidelines for Medical Assisting Educational programs and the ABHES Program Requirements and Curriculum. **Comprehensive Medical Assisting: Administrative and Clinical Competencies** provides more opportunity for critical thinking through case studies, critical thinking questions, scenarios, and features tying to both of Delmar's Medical Assisting DVD series. The book also emphasizes softer skills such as professionalism and practical skills including how to comply with HIPAA regulations and deal with privacy issues on the job. **Delmar is a part of Cengage Learning.
