Aurora's Betrayal [Covey Publishing, LLC](#) In helping someone I love, I lost my life. Or did I? Cut off from my body, I live in the home of a god who's willing to train me, to help me fully embrace my powers, both as a witch and as a reaper. But while I lay in a coma, the men I left behind suffer, desperate to find a way to bring me back. I want to return to them, but our family is not complete. One is missing, a member of the coven who was lost before they found me. And I must go on a quest to Purgatory and bring him back, or we'll forever be incomplete. I'm coming home to my men, to my family, but will my return bring relief or doom us all? **Aurora's Coven** [Covey Publishing, LLC](#) I have a secret. Darkness exists. I try to hide, but where can I go when it lives inside me? On the run from those who want to kill me, I've made an uneasy alliance and found a new home. Everything is going just fine until a coven of witches walk into the pub where I work. Broody, sexy, and scary as hell, I'm determined to avoid them, no matter how much attraction sizzles between us. But Ezra, Alexander, Jason, and Benjamin have no intention of leaving me alone. They're the council's finest hunters, and they recognize the darkness that lives inside me, even if they don't know what it is. They're in town on a mission and agree to hold off turning me in. Which means I have limited time to convince them I'm not a bad person. The darkness inside me is growing, though, and when it breaks free in public, I'll be forced to face the consequence. The only question is, can I trust these men who I feel a bond with, or will it lead to my destruction? p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Helvetica} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Helvetica; min-height: 14.0px} **Losing the Field** [Simon and Schuster](#) The fourth book in the #1 New York Times bestselling **Field Party** series—a southern soap opera with football, cute boys, and pick-up trucks—from USA TODAY bestselling author **Abbi Glines**. Tallulah Liddell had been defined by her appearance for as long as she could remember. Overweight and insecure, she preferred to fly under the radar, draw as little attention to herself so no one can hurt her. The only boy who did seem to ever notice her was her longtime crush, Nash Lee. But when he laughs at a joke aimed at Tallulah the summer before their senior year, Tallulah's love dissipates, and she becomes determined to lose weight, to no longer be an object of her classmates'—and especially Nash's—ridicule. Nash Lee has it all—he's the star running back of Lawton's football team, being scouted by division one colleges, and on track to have a carefree senior year. But when an accident leaves him with a permanent limp, all of Nash's present and future plans are destroyed, leaving him bitter, angry, and unrecognizable from the person he used to be. Facing a new school year with her new body, Tallulah is out to seek revenge on Nash's cruelty. Even as Demi was becoming the highest paid actress in Hollywood, however, she was always outrunning her past, just one step ahead of the doubts and insecurities that defined her childhood. Noah. Ignition! An Informal History of Liquid Rocket Propellants [Rutgers University Press](#) This newly reissued debut book in the Rutgers University Press Classics Imprint is the story of the search for a rocket propellant which could be trusted to take man into space. This search was a hazardous enterprise carried out by rival labs who worked against the known laws of nature, with no guarantee of success or safety. Acclaimed scientist and sci-fi author John Drury Clark writes with irreverent and eyewitness immediacy about the development of the explosive fuels strong enough to negate the relentless restraints of gravity. The resulting volume is as much a memoir as a work of history, sharing a behind-the-scenes view of an enterprise which eventually took men to the moon, missiles to the planets, and satellites to outer space. A classic work in the history of science, and described as "a good book on rocket stuff...that's a really fun one" by SpaceX founder Elon Musk, readers will want to get their hands on this influential classic, available for the first time in decades. **Progressive Farmer Acts of Love** [Hodder](#) A wonderfully romantic and searingly sexy love story to make your heart soar, perfect for fans of Curtis Sittenfeld's *Eligible*.
