SLEEPING WITH THE DICTIONARY

Univ of California Press Harryette Mullen's fifth poetry collection, *Sleeping with the Dictionary*, is the abecedarian offspring of her collaboration with two of the poet's most seductive writing partners, *Roget's Thesaurus* and *The American Heritage Dictionary*. In her ménage à trois with these faithful companions, the poet is aware that while *Roget* seems obsessed with categories and hierarchies, the *American Heritage*, whatever its faults, was compiled with the assistance of a democratic usage panel that included black poets Langston Hughes and Arna Bontemps, as well as feminist author and editor Gloria Steinem. With its arbitrary yet determinant alphabetical arrangement, its gleeful pursuit of the ludic pleasure of word games (acrostic, anagram, homophone, parody, pun), as

well as its reflections on the politics of language and dialect, Mullen's work is serious play. A number of the poems are inspired or influenced by a technique of the international literary avant-garde group Oulipo, a dictionary game called S+7 or N+7. This method of textual transformation--which is used to compose nonsensical travesties reminiscent of Lewis Carroll's "Jabberwocky"--also creates a kind of automatic poetic discourse. Mullen's parodies reconceive the African American's relation to the English language and Anglophone writing, through textual reproduction, recombining the genetic structure of texts from the Shakespearean sonnet and the fairy tale to airline safety instructions and unsolicited mail. The poet admits to being "licked all over by the English tongue," and the title of this book may remind readers that an intimate partner who also gives language lessons is called, euphemistically, a "pillow dictionary."

SLOUCHING TOWARDS BETHLEHEM

ESSAYS

Open Road Media The "dazzling" and essential portrayal of 1960s America from the author of *South and West* and *The Year of Magical Thinking* (The New York Times). Capturing the tumultuous landscape of the United States, and in particular California, during a pivotal era of social change, the first work of nonfiction from one of American literature's most distinctive prose stylists is a modern classic. In twenty razor-sharp essays that redefined the art of journalism, National Book Award-winning author Joan Didion reports on a society gripped by a deep generational divide, from the "misplaced children" dropping acid in San Francisco's Haight-Ashbury district to Hollywood legend John Wayne filming his first picture after a bout with cancer. She paints indelible portraits of reclusive billionaire Howard Hughes and folk singer Joan Baez, "a personality before she was entirely a person," and takes readers on eye-opening journeys to Death Valley, Hawaii, and Las Vegas, "the most extreme and allegorical of American settlements." First published in 1968, *Slouching Towards Bethlehem* has been heralded by the New York Times Book Review as "a rare display of some of the best prose written today in this country" and named to Time magazine's list of the one hundred best and most influential nonfiction books. It is the definitive account of a terrifying and transformative decade in American history whose discordant reverberations continue to sound a half-century later.
