Take an online quiz, get editing help, order the book, join the Q&A club, read Jane Straus's articles, or register for her monthly newsletter. *The Blue Book of Grammar and Punctuation An Easy-to-Use Guide with Clear Rules, Real-World Examples, and Reproducible Quizzes* John Wiley & Sons *The Blue Book of Grammar and Punctuation* is filled with easy-to-understand rules, real-world examples, dozens of reproducible exercises, and pre- and post-tests. This handy workbook is ideal for teachers, students in middle school through college, ESL students, homeschoolers, and professionals. Valuable for anyone who takes tests or writes reports, letters, Web pages, e-mails, or blogs, *The Blue Book* offers instant answers to everyday English usage questions. *The Best Punctuation Book, Period A Comprehensive Guide for Every Writer, Editor, Student, and Businessperson* A single-volume reference for professional writers provides rules for all major styles including AP, MLA, APA and Chicago Manual of Style while offering an A-to-Z section explaining commonly confused terms. Original. 10,000 first printing. *The Chicago Guide to Grammar, Usage, and Punctuation* Univ of Chicago+ORM The authoritative guide to using the English language effectively, from "the greatest writer on grammar and usage that this country has ever produced" (David Yerkes, Columbia University). The author of *The Chicago Manual of Style's* popular "Grammar and Usage" chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on

grammar explains how the canonical parts of speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. The Chicago Guide to Grammar, Usage, and Punctuation is a magisterial work, the culmination of Garner's lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. "[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and occasion, so that you will understand when to follow convention and when you can safely break it."—John E. McIntyre, Baltimore Sun

Grammar Girl's Quick and Dirty Tips for Better Writing Henry Holt and Company Online sensation Grammar Girl makes grammar fun and easy in this New York Times bestseller

Are you stumped by split infinitives? Terrified of using "who" when a "whom" is called for? Do you avoid the words "affect" and "effect" altogether? Grammar Girl is here to help!

Mignon Fogarty, a.k.a. Grammar Girl, is determined to wipe out bad grammar—but she's also determined to make the process as painless as possible. A couple of years ago, she created a weekly podcast to tackle some of the most common mistakes people make while communicating. The podcasts have now been downloaded more than twenty million times, and Mignon has dispensed grammar tips on Oprah and appeared on the pages of The New York Times, The Wall Street Journal, and USA Today. Written with the wit, warmth, and accessibility that the podcasts are known for, Grammar Girl's Quick and Dirty Tips for Better Writing covers the grammar rules and word-choice guidelines that can confound even the best writers. From "between vs. among" and "although vs. while" to comma splices and misplaced modifiers, Mignon offers memory tricks and clear explanations that will help readers recall and apply those troublesome grammar rules. Chock-full of tips on style, business writing, and effective e-mailing, Grammar Girl's print debut deserves a spot on every communicator's desk. The F-Word Oxford University Press We all know what *frak*, popularized by television's cult hit *Battlestar Galactica*, really means. But what about *feck*? Or *ferkin*? Or *foul*--as in *FUBAR*, or "Fouled Up Beyond All Recognition"? In a thoroughly updated edition of *The F-Word*, Jesse Sheidlower offers a rich, revealing look at the f-bomb and its illimitable uses. Since the fifteenth century, no other word has been adapted, interpreted, euphemized, censored, and shouted with as much ardor or force; imagine Dick Cheney telling Democratic Senator Patrick Leahy to "go damn himself" on the Senate floor--it doesn't have quite the

same impact as what was really said. Sheidlower cites this and other notorious examples throughout history, from the satiric sixteenth-century poetry of James Cranstoun to the bawdy parodies of Lord Rochester in the seventeenth century, to more recent uses by Ernest Hemingway, Jack Kerouac, Ann Sexton, Norman Mailer, Liz Phair, Anthony Bourdain, Junot Diaz, Jenna Jameson, Amy Winehouse, Jon Stewart, and Bono (whose use of the word at the Grammys nearly got him fined by the FCC). Collectively, these references and the more than one hundred new entries they illustrate double the size of *The F-Word* since its previous edition. Thousands of added quotations come from newly available electronic databases and the resources of the OED, expanding the range of quotations to cover British, Canadian, Australian, New Zealand, Irish, and South African uses in addition to American ones. Thus we learn why a fugly must hone his or her sense of humor, why Canadian Prime Minister Pierre Trudeau muttered "fuddle duddle" in the Commons, and why Fanny Adams is so sweet. A fascinating introductory essay explores the word's history, reputation, and changing popularity over time. and a new Foreword by comedian, actor, and author Lewis Black offers readers a smart and entertaining take on the book and its subject matter. Oxford dictionaries have won renown for their expansive, historical approach to words and their etymologies. *The F-Word* offers all that and more in an entertaining and informative look at a word that, while now largely accepted as an integral part of the English language, still confounds, provokes, and scandalizes.

Help Your Kids with Language Arts A Step-by-Step Visual Guide to Grammar, Punctuation, and Writing Penguin If English is sounding like a foreign language, make it easy and effortless with the ultimate study guide. This visual reference book takes you through all the different parts of the English language, leaving you ready to help your children tackle the trickiest of subjects. DK's unique study aid encourages parents and children to work together as a team to understand and use all aspects of the English language, including grammar, punctuation, and spelling. This latest title in the best-selling *Help Your Kids* series... combines pictures, diagrams, instructions, and examples to cover the components of the school syllabus, while building knowledge, boosting confidence, and aiding understanding. With your support, children can overcome the challenges of English, leaving them calm, confident, and exam ready. **Series Overview:** DK's bestselling *Help Your Kids With* series contains crystal-clear visual breakdowns of important subjects. Simple graphics and jargon-free text are key to making this series a user-friendly resource for frustrated parents who want to help their children get the most out of school. **Eats, Shoots & Leaves The Zero Tolerance Approach to Punctuation Penguin** We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very

English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

The Grammar of the English Tense System
A Comprehensive Analysis Walter de Gruyter

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

Visual Guide to Grammar and Punctuation First Reference for Young Writers and Readers Penguin

A clear, precise, and comprehensive book that will give children the tools to build confidence in reading, writing, and comprehension through visual explanation. From when to use a preposition or pronoun to how to use a comma or colon, Visual Guide to Grammar and Punctuation covers all the most important grammar topics in DK's signature style. Each example provided is supported by a picture, making it accessible and comprehensible, and clear and simple text and repetition help to solidify knowledge and understanding. Mastering the American Accent with Online Audio Barrons Educational Services Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Random House Webster's Grammar, Usage, and Punctuation Random House Reference & Provides clear and concise explanations of English grammar, including a review of common grammatical and stylistic errors, a list of commonly misspelled words, and guidelines for punctuation and capitalization. **Actually, the Comma Goes Here** A Practical Guide to Punctuation Rockridge Press Fun, funny, and factual--the most complete guide to punctuation for beginners and experts alike. Learning how to communicate more clearly is a snap with *The English Grammar Workbook for Adults*. *Dreyer's English An Utterly Correct Guide to Clarity and Style* Random House Trade Paperbacks NEW YORK TIMES BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • Paste • Shelf Awareness "Essential (and delightful!)"—People We all write, all the time: books, blogs, emails. Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the

myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips on punctuation and spelling. . . . Even better: He'll entertain you while he's at it."—Newsday

The Bluebook Uncovered A Practical Guide to Mastering Legal Citation West Academic Publishing This new book provides a fresh, innovative approach that enables students to master the Bluebook citation rules needed in legal research and writing courses and in legal

practice. It combines detailed, yet easy-to-understand, explanations and examples of Bluebook rules with different types of exercises, which are also available online. The exercises begin with multiple choice questions that assist students' mastery of discrete rules, followed by short answer questions that allow students to practice implementing the rules by drafting individual citations. Finally, a comprehensive exercise puts citations in the context of a legal document and requires students to make the necessary corrections. The available answers for all exercises (included in the available Teacher's Manual) include detailed explanations that further students' understanding of the applicable rules. Chapters and corresponding exercises in this book cover the following topics:

Introduction to legal citations Cases Statutes Other primary authority (constitutions, rules, and administrative regulations) Court & litigation documents Secondary authority (books and periodicals) Prior & subsequent case history Parallel citations Parentheticals Nonprint sources Quotations String citations Introductory signals Pinpoint information Capitalization Grammar and Punctuation Grade 5 Evan Moor Educational Publishers Fun activities and interactive downloadable software to help students learn the practice and application of grammar.
