## The Ultimate Cigar Book

*Simon and Schuster* This classic guide to the world of cigars covers everything from their history and traditions to tips on selecting, storing and enjoying the perfect cigar. Written by Richard Carleton Hacker, one of the world's most acclaimed pipe and cigar authors, *The Ultimate Cigar Book* offers a highly informative and engaging exploration of virtually every facet of cigar making and smoking. A classic of cigar literature since it was first published in 1993, this fourth edition continues to set the standard for today's aficionados. Combining insider knowledge with a raconteur's wit, Hacker takes readers on a world tour of cigars. Starting with a history of cigar smoking, he then delves into the various ways cigars are made today. Hacker shares the secrets of finding the "perfect" cigar, the time-honored rituals of smoking, and the best techniques for care and storage. He also discusses a range of popular cigar accessories, and even suggests which beers, wines, whiskeys, brandies, and cognacs go with what cigars. After a colorful recap of cigar smoking celebrities, Hacker concludes with an international compendium of virtually every cigar brand known today, complete with historical profiles and observations on taste according to the author's personal—and admittedly prejudice—ratings. If that was not enough, there is even a dictionary of CigarSpeak!

## Cigars: The Ultimate Guide to Cigar Smoking

*Lulu Press, Inc* The taste of cigars is much more complex than cigarettes. The majority of all cigars are created by wrapping three different layers of tobacco leaves together. High quality cigars usually contain long leaves of nicotine as the filler, although they may also contain a combination of scraps. This results in subtle variations, different textures, and complex flavors. Cigarettes, on the other hand, are mass-produced and generally only contain one type of tobacco. Cigars also come in an incredible variety of flavors. The dedicated cigar aficionado can find chocolate, vanilla, apple, and even coffee-flavored cigars! Discover everything you need to know by grabbing a copy of this ebook today.

## Cigar Companion

*Taylor & Francis US* Cigar Aficionado magazine, known worldwide for its celebration of the good things in life, revolutionized the art and enjoyment of cigar smoking. More than one million readers turn to the magazine to learn about the world's most enjoyable cigars, spirits, wines, beers, restaurants, resorts, collectibles, and more. In each issue, the editors evaluate a wide variety of cigars in a blind tasting format and rate them on a 100-point scale. Our previous Cigar Aficionado titles have sold a combined total of nearly half a million copies. Now Cigar Aficionado presents the ultimate resource, an easy-to-use, full-color guide with ratings and tasting notes for more than 200 fine cigars, organized by brand. For less than the price of 3 good cigars, it also explores the history and production of cigars, with expert advice on buying, storage, preparation, and smoking etiquette. With a wealth of useful information, this is an essential reference for both connoisseurs and those just beginning to appreciate the pleasures of cigars.

## The Tobacconist Handbook

### Moto

### The Cookbook

*Little, Brown* A masterwork of culinary genius: inside the kitchen at "trailblazing" (Eater) chef Homaro Cantu's Moto--one of the most innovative restaurants in history. One of the Food Network's Best Books to Gift this Year! At Chicago's world-renowned, Michelin-starred restaurant Moto, Homaro Cantu pushed the limits of cuisine to deliver an unforgettable experience at the intersection of food, art, and science. Each meal reimagined what cooking could be: edible menus imbued with the flavors of the dishes to follow, carbonated fruit that fizzed when bitten, a transparent box that cooked fish in front of your eyes. Chef Cantu's work in the kitchen continues to captivate the imagination, delight the palate, and articulate how futuristic food can help solve global ills like hunger, poverty, and environmental destruction. From his "zero food mile" kitchen garden to experiments with miracle berries to end our reliance on sugar, Cantu's mission was to serve dinner with a side of changing the world. Featuring hundreds of stunning photographs, MOTO: The Cookbook is a living record of a restaurant and a chef who defined modernist cuisine. It reveals the inspiration and groundbreaking techniques behind 100 of Cantu's most influential and extraordinary dishes, and traces his development from a young chef to a mind on the cutting edge of American food. MOTO: The Cookbook will inspire cooks of all abilities.

### Complete Idiot's Guide to Learning German

### Goodbye, Mr. Spalding

*Boyd's Mills Press* Set in Philadelphia during the Great Depression, this middle-grade historical novel tells the story of a twelve-year-old boy and his best friend as they attempt to stop a wall from being built at Shibe Park, home of the Philadelphia Athletics, that would block the view of the baseball field from their rooftops. In 1930s Philadelphia, twelve-year-old Jimmy Frank and his best friend Lola live across the street from Shibe Park, home of the Philadelphia Athletics baseball team. Their families and others on the street make extra money by selling tickets to bleachers on their flat rooftops, which have a perfect view of the field. However, falling ticket sales at the park prompt the manager and park owner to decide to build a wall that will block the view. Jimmy and Lola come up with a variety of ways to prevent the wall from being built, knowing that not only will they miss the view, but their families will be impacted from the loss of income. As Jimmy becomes more and more desperate to save their view, his dubious plans create a rift between him and Lola, and he must work to repair their friendship.

### The Diving Bell and the Butterfly

*Vintage* A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

## The Complete Idiot's Guide to Extraterrestrial Intelligence

*Surveys radio signals, UFO sightings, and alien abductions while pondering the probability of life on other planets and exploring the depiction of aliens in popular culture*

## The Devil's Dictionary

*Createspace Independent Pub Bierce exploits the comic potential of the dictionary format to mock the doublespeak prominent in post-Civil War politics. Using short, pithy entries on a variety of subjects, this "reference book" inverts the meaning of words, skewers popular hypocrisy and showcases Bierce's dark humor. Many of these entries began as newspaper columns Bierce wrote in the 1870s. One hundred years later, it is clear that the America he lampoons is not that different from our own.*

## A Memoir by the Cofounder of Microsoft

*Penguin By his early thirties, Paul Allen was a world-famous billionaire-and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor-combined with the resources to launch and support new initiatives-have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he has solved problems, what he's learned from his many endeavors-both the triumphs and the failures-and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.*
