KEY=PRACTICE - CAREY BROOKLYN

The Employment Contract

Legal Principles, Drafting, and Interpretation

OUP Oxford **The Employment Contract: Legal Principles, Drafting, and Interpretation** provides a detailed analysis of the content of the employment contract. It explains the way in which the general principles of contract law operate in respect of the employment contract, discusses the significance of implied terms in interpreting the employment contract, and includes guidance on the drafting of effective employment contracts. Offering a balance between a reliable guide to the current law and an analysis of how the employment contract might develop, the book will be of equal interest to the practitioner and the academic.

Covenants Not to Compete, 4th Edition

Wolters Kluwer **Covenants Not to Compete** fully explores legal principles for forming, drafting and implementing sound non-competition agreements. It clearly lays out what interests can be protected and covers the legal limits of enforceability. It is the most complete, practical resource on the subject of restrictive covenants, covering the litigation process from discovery through closing argument, including plaintiff and defendant approaches. The Fourth Edition provides up-to-date information on topics as: State law as reflected in State Case Digests for all 40 states, Puerto Rico and the District of Columbia Drafting considerations Assignments of covenants as a result of mergers and acquisitions Covenants Not to Compete even includes ready-to-use documents as well as individual clauses that can be easily customized for specific needs. Among these legally sound models are: Employment agreements in a variety of contexts Settlement and release agreements Confidential information clauses Non-competition provisions Litigation forms Covenants Not to Compete has been updated to include: New cases from various states addressing whether restrictions contained within a covenant not to compete in the employment context are reasonable Recent cases from various states addressing damages and injunctive relief New cases from various states analyzing covenants not to compete in connection with the sale of a business Recent cases from various states addressing the so-called "bluepencil" doctrine Recent cases addressing non-solicitation agreements and consideration issues

Rules of Contract Law

2019-2020

Aspen Publishing This convenient paperback from a highly respected author team supplements the authors' own casebook as well as any other casebook for Contracts. It reproduces most sections from the Restatement (Second) of Contracts black-letter text with selected comments, examples, and illustrations; most sections of the Uniform Commercial Code Articles 1 and 2, with more select sections of Articles 2A, 3 and 9; most articles from the United Nations Convention on Contracts for the International Sale of Goods (CISG); and many articles from the UNIDROIT Principles of International Commercial Contracts. This supplement also reproduces excerpts from other relevant source materials and provides accompanying commentary to enhance the study of contract law. Rules of Contract Law (2019 Edition) includes: • Restatement (Second) of Contracts • Restatements of the Law of Agency (Third), Employment Law, and Restitution and Unjust Enrichment (Third) • Principles of the Law of Software Contracts • Uniform Commercial Code Articles 1 and 2 and excerpts from Articles 2A, 3, and 9 • U.N. Convention on Contracts for the International Sale of Goods • UNIDROIT Principles of International Commercial Contracts (2016) • Materials on Electronic Contracting (UCITA, UETA, and E-Sign Act) • Comment on Commercial, Employment, and Consumer Arbitration • Contract Drafting: A Sample Problem Highlights of the 2019 Edition: Expansive coverage of Restatement (Second) of Contracts, but more concise than prior edition Select provisions from other Restatements, including Restitution and Unjust Enrichment (Third), Agency (Third), and Employment, as well as Principles of Law of Software Contracts Expansive coverage of UCC Articles 1 and 2 Expansive coverage of the CISG Commentary on arbitration and contract drafting problems

Contracts

Legal Principles and Practical Applications for Paralegals

Aspen Publishing **Contracts for Paralegals: Legal Principles and Practical Applications** engages students with a practical, applied approach. Using a clear and accessible writing style, Wendling makes a comprehensive presentation of contracts, rounded out by current exercises that motivate lively discussions. Students are encouraged to develop critical thinking, vocabulary, and analytical and writing skills through a variety of real-world exercises, portfolio creation, and team exercises. New to the Second Edition: “Cyber Contracts” feature familiarizes students with the latest blockchain technology in the application of “smart contracts” Updated cases provide students the opportunity to apply their knowledge of chapter topics through analysis of relevant cases Examples of new technology demonstrate the influence of social media on contract origination, performance, and evidence Professors and students will benefit from: An accessible style A variety of approaches that stimulate students A step-by-step chronology that walks students through all the phases of contract formation, performance, and breach Practical applications Portfolio creation

Principles of Contract Law, Third Edition 2013 - Paperback

Vandeplas Pub. The law of contracts permeates most, if not all, other subjects of legal education. The third edition of **Principles of Contract Law** surveys the fundamental legal principles underlying the law of contracts, addressing such customary topics as contract formation, defenses and other doctrines of avoidance, breach and performance, remedies, as well as such other collateral but related topics involving third-party beneficiaries, assignments and delegations. The text addresses the traditional common law principles governing contracts, and yet is accompanied by a steadied discussion of relevant commercial law principles pertaining to the sale of goods under Article 2 of the Uniform Commercial Code. When able to do so, the authors remained loyal to their commitment to utilize time-honored, classic common law cases in their presentment of the subject matter. While this textbook adopts a classical approach to the study of contracts, it is also provides a relevant and robust experience for the aspiring law student.
About the Authors: Kevin S. Marshall is Professor of Law at the University of La Verne College of Law, Ontario

California where he teaches Contracts, Antitrust, Corporate Finance and Governance and Law & Economics. Professor Marshall also serves as Lecturer at the University of La Verne College of Business and Public Administration where he teaches graduate courses in finance, economics and quantitative methods. Professor Marshall joined the La Verne Law faculty in 2004, after having practiced law for approximately twenty years in Dallas, Texas. Professor Marshall received his J.D. from Emory University School of Law and his M.P.A. and his PH.D. in Political Economy from the University of Texas. Professor Marshall also serves as both a testifying and consulting economic expert with respect to economic damages in Robinson-Patman, antitrust, breach of contract, class-action fairness hearings, wrongful termination, employment discrimination, personal injury, and wrongful death cases. Professor Marshall has published and presented numerous books and articles involving the interdisciplinary workings of law and economics. Juanda Lowder Daniel currently serves as University Counsel to California State University. Professor Daniel formerly taught at the University of La Verne College of Law at the rank of Full Professor teaching Contracts, Contract Drafting and Sales. Professor Daniel received her J.D. from Emory University School of Law. Professor Daniel joined the La Verne Law faculty in 2001, bringing with her a wealth of practice experience and moot court familiarity. Professor Daniel also spent four years as deputy city attorney for the City of Riverside, California, and several years in private practice. She is a member of the state bars of California, Michigan, Illinois, Washington, and Minnesota and is admitted to the United States District Court, Central District of California. Professor Daniel has published and presented numerous articles on various aspects of the law of Contracts and Sales.

Foundational Principles of Contract Law

Oxford University Press **Foundational Principles of Contract Law** not only sets out the principles and rules of contract law, it places more emphasis on what the principles and rules of contract law should be, based on policy, morality, and experience. A major premise of the book is that the best way to grasp contract law is to understand it from a critical perspective as an organic, dynamic subject. When contract law is approached in this way it is much easier to grasp and learn than when it is presented simply as a static collection of principles and rules. Professor Eisenberg covers almost all areas of contract law, including the enforceability of promises, remedies for breach of contract, problems of assent, form contracts, the effect of mistake and changed circumstances, interpretation, and problems of performance. Although the emphasis of the book is on the principles and rules of contract law, it also covers important theories in contract law, such as the theory of efficient breach, the theory of overreliance, the normative theory of contracts,

formalism, and theories of contract interpretation.

Drafting Business Contracts

Principles, Techniques & Forms

Continuing Education of the Bar-California

Contract Law

Selected Source Materials, 2009

West Academic This collection of materials can be used with any Contract Law casebook. In addition to the editors' helpful introduction, this volume contains relevant portions of the Restatement (Second) of Contracts and Article 2 of the Uniform Commercial Code; materials on electronic contracting, such as excerpts from the text and comments of the Uniform Computer Information Transactions Act; portions of the text and comments of the Uniform Electronic Transactions Act; portions of the Electronic Signatures in Global and National Communications Act; most of the black-letter text of the Proposed Final Draft of the Principles of the Law of Software Contracts; and relevant black-letter provisions of Tentative Draft No.1 of the Restatement Third of Employment Law.

Basic Guide to the National Labor Relations Act

U.S. Government Printing Office

Employment Discrimination Law

From Theory to Practice

Aspen Publishing **Employment Discrimination Law** is an innovative new skills-based text designed for flexible use. To add a skills component to lecture courses, it can be used in conjunction with traditional casebooks, and is also an ideal text for a free-standing practicum or seminar. **Employment Discrimination Law** functions as a "course in a box" providing readers with basic background law, including constitutional and statutory law governing the employment relationship; general drafting principles important to lawyers in any field as well as an overview of drafting issues specific to employment discrimination law; an introduction to the key research strategies and sources; an overview of the ethical issues likely to arise; and a solid preview of client counseling, negotiation strategy, and preventative lawyering. The text features a combination of text, sample documents, checklists, charts, and exercises. These well-crafted exercises, for students to complete individually or in groups, range from discrete questions to be researched and answered in a 5-minute small-group class session to much more detailed problems that could serve as final evaluative documents.

Law and the Legal System

An Introduction to Law and Legal Studies in the United States

Aspen Publishing **Designed to teach the basics needed to prepare students for any role in the legal system, Law and the Legal System engages students through the use of examples and practical applications of legal principles. Whether they are interested in pursuing legal careers as lawyers or paralegals, or political science careers, or criminal justice interests, students are provided a basic understanding of the law and how to find it. Mock trial experiences are encouraged, and each chapter involves the student in exercises that review understanding of legal terms and concepts. Six cases in an appendix illustrate basic concepts, and hypothetical cases showcase the inner workings of the judicial system in both criminal and civil cases. Internet sources, key terms, case excerpts, research assignments, review exercises and discussion questions help students reinforce the key concepts in each chapter, and suggested activities engage students in discovery projects. Thoroughly updated, the revised Third Edition expands coverage with new chapters on Legal Research and Writing, Tort Law, Contract Law, Family Law, Employment Law, and Equal Protection Law. Careful updating of information throughout the book includes refreshed Internet references to the text. Hallmark features of An Introduction to Law and Legal Studies in the United States: Solid overview of the system of law and government Readability, accessibility Provides the basics for any role in the legal system lawyer or paralegal career political science or criminal justice work Practical applications to engage students with legal principles mock trial experiences encouraged chapter exercises review legal terms and concepts activities engage students in discovery projects Five part structure, comprehensive coverage Basic Legal Concepts Substantive Civil Law Civil Law Procedure Criminal Law Procedure Administrative Due Process Six cases illustrate major basic concepts Explains difficult legal concepts in a reader-friendly format Hypothetical cases reveal workings of judicial system in both criminal and civil cases Differentiates civil, criminal, and administrative due process Discusses history as well as contemporary state of law and current controversies Pedagogically rich Internet sources key terms case excerpts research assignments review exercises discussion questions Thoroughly updated, the revised Third Edition presents: New chapters Legal Research and Writing Tort Law Contract Law Family Law Employment Law Equal Protection Law Updated Internet references New material, brought completely up-to-date**

Contract Law in Finland

Kluwer Law International B.V. Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of the law of contracts in Finland covers every aspect of the subject - definition and classification of contracts, contractual liability, relation to the law of property, good faith, burden of proof, defects, penalty clauses, arbitration clauses, remedies in case of non-performance, damages, power of attorney, and much more. Lawyers who handle transnational contracts will appreciate the explanation of fundamental differences in terminology, application, and procedure from one legal system to another, as well as the international aspects of contract law. Throughout the book, the treatment emphasizes drafting considerations. An introduction in which contracts are defined and contrasted to torts, quasi-contracts, and property is followed by a discussion of the concepts of 'consideration' or 'cause' and other underlying principles of the formation of contract. Subsequent chapters cover the doctrines of 'relative effect', termination of contract, and remedies for non-performance. The second part of the book, recognizing the need to categorize an agreement as a specific contract in order to determine the rules which apply to it, describes the nature of agency, sale, lease, building contracts, and other types of contract. Facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in Finland will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative contract law.

Employment Contracts of City School Superintendents Including a Discussion of the Law Pertaining Thereto and Standard Contract Forms Contract and Related Obligation Theory, Doctrine, and Practice

West Group This casebook focuses not only on the rules and principles of contract law, but also on the lawyer's role in planning and drafting contracts and on the richness of contract theory. It has comprehensive coverage of contract law and related obligation, the latter including promissory estoppel, restitution, and tort arising in the contract setting. This book is primarily a case book designed to help students develop important analytical and critical skills, but also has ample notes, problems, and excerpts that focus on the nature, function, and limits of contract and related law. Features of the new Fifth Edition include: several recent cases that bring important issues up to date; new notes and comments about recent developments in contract law and recent contract controversies in the news; and new excerpts from the secondary literature focusing on major recent developments.

Employment Law in Context

Oxford University Press **Employment Law in Context** combines extracts from leading cases and articles with insightful and sophisticated author commentary to provide the reader with a full, critical understanding of employment law. As well as providing a thorough grounding in individual labour law, and drawing attention to key and current areas of debate, this title offers the reader detailed analysis of the social, economic, political, and historical context in which employment law operates. An innovative running case study contextualizes employment law and demonstrates its

practical applications by following the life-cycle of a company from incorporation, through expansion, to liquidation. Reflection points and examples encourage the development of critical thinking skills and students' ability to view the issues practically. The text is supported by an Online Resource Centre hosting: - four supplementary chapters on collective employment law to facilitate a broader understanding of the subject - additional reading lists to accompany topics signposted in each chapter and annotated web links to key online resources to direct further research - a flashcard glossary helps students test their understanding of terms highlighted and defined in the book - twice-yearly updates to the law are provided by the author to keep students abreast of the latest developments - PowerPoint slides and figures from the book are available to lecturers

Rules of Contract Law, 2017-2018 Statutory Supplement

Aspen Publishers **Rules of Contract Law, 2017-2018 Statutory Supplement**

Enterprise Liability and the Common Law

Cambridge University Press **Theories of enterprise liability have, historically, had a significant influence on the development of various aspects of the law of torts. Enterprise liability has impacted upon both statutory and common law rules. Prime examples would include laws on workmen's compensation and products liability. Of late, in a number of jurisdictions, enterprise liability has been a powerful catalyst for change in the employer's responsibilities towards third parties by prompting changes to the law on vicarious liability. The results have been seen most dramatically where the employer's responsibility for the intentional torts of employees is concerned. Recent common law reforms have not been without controversy and have raised difficult and challenging questions about the appropriate scope of an employer's responsibility. In response to this, Douglas Brodie offers a critique of the employer's common law obligations, both in tort and under the law of contract of employment.**

Business Law I Essentials

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or

the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Contract Law

An Index and Digest of Published Writings

Bloomsbury Publishing This is a new type of book. It provides an index of the most useful and important academic and other writings on contract law, whether published in articles or journal chapters, or as books. These writings, with their full citation, are gathered under familiar contract law subject-headings, and the most significant half of them are digested in a summary of a few lines each. The book aims to cover all writings published in the English language about the Common Law of contracts, and includes sections on contract theory and the history of contract law, as well as sections for the more traditional substantive topics (such as the interpretation of contracts, penalty clauses, remoteness of damage and anticipatory breach). This work should prove an invaluable resource for practitioners, academics and students, increasing awareness of important writings, and saving readers time by familiarising them with the work that has already been done in their particular fields.

Legal Principles of Contracts and Commercial Law

Principles of Contract Law, Third Edition 2013

Vandeplas Pub. The law of contracts permeates most, if not all, other subjects of legal education. The third edition of *Principles of Contract Law* surveys the fundamental legal principles underlying the law of contracts, addressing such customary topics as contract formation, defenses and other doctrines of avoidance, breach and performance,

remedies, as well as such other collateral but related topics involving third-party beneficiaries, assignments and delegations. The text addresses the traditional common law principles governing contracts, and yet is accompanied by a steadied discussion of relevant commercial law principles pertaining to the sale of goods under Article 2 of the Uniform Commercial Code. Case studies and worked examples—dozens of them—clearly illuminate just about any difficulty likely to arise in any employment situation.

Farnsworth on Contracts

Aspen Publishers Bring the expertise of America's foremost authority on contracts into your practice with this thoroughly updated three-volume set. Farnsworth on Contracts, Second Edition, is where doctrine meets practice. Busy practitioners count on Farnsworth's proven ability to identify the essentials and omit extraneous material. His comprehensive coverage of the full range of contract law answers questions in hundreds of important areas, including: Good faith and fair dealing -- Precontractual liability -- Agreements to negotiate -- Vienna Convention on International Sales -- Contracts -- UNIDROIT principles -- Constitutional issues -- Settlement of disputed claims by check -- Options and rights of first refusal -- Employee handbooks -- Covenants not to compete -- Self-help measures. He illustrates how contemporary contract law has been shaped by both the Restatement (Second) of Contracts for -- which he served as Reporter -- and the Uniform Commercial Code. Easy access to specifics, new cases, new drafting tips, new references, and timesaving features like cross-referenced cases and marginal heads make this three-volume set a valuable

resource for litigation, arbitration, and practice. Farnsworth on Contracts was always the most authoritative contracts treatise -- in its Second Edition, it is also the most up-to-date.

Document Drafting Handbook

Contract law

principles and context

Contract Law: Principles and Context presents the development of contract law through a considered selection of cases that are both authoritative and used as factual examples to explain the law. The text introduces readers to the nature and range of contracts, the process for making a contract, rights and duties, adjustments to contracts, vitiating factors and unfair conduct, ending contracts, and remedies and restitution. The text considers the historical development of contracts through case law and legislation, then takes the reader to particular issues with contracts as they might arise in real life and navigates a legal pathway through them. Written in a clear and engaging style, **Contract Law** provides a fresh, topical and accessible account of the Australian law of contract, and is an invaluable resource for contract law students and practitioners.

State Immunity in International Law

Cambridge University Press **The immunity or exemption enjoyed by States from legal proceedings before foreign national courts is a crucial area of international law. On the basis of an exhaustive analysis of judicial decisions, international treaties, national legislation, government statements, deliberations in international organisations as well as scholarly opinion, Xiaodong Yang traces the historical development of the relevant doctrine and practice, critically analyses the rationale for restrictive immunity and closely inspects such important exceptions to immunity as commercial transactions, contracts of employment, tortious liability, separate entities, the enforcement of judgments, waiver of immunity and the interplay between State immunity and human rights. The book draws a full picture of the law of State immunity as it currently stands and endeavours to provide useful information and guidance for practitioners,**

academics and students alike.

Gurry on Breach of Confidence

The Protection of Confidential Information

OUN Oxford Francis Gurry's renowned work, *Breach of Confidence*, published in 1984, was groundbreaking and invaluable in the field of intellectual property as the first text to synthesise the then burgeoning case law on breach of confidence into a systematic form. A highly regarded book, it was the first point of resort for practitioners and a key source for judges. Aplin, Bently, Johnson and Malynicz bring us a new edition of this important work, which remains faithful to the original in its approach, but is fully updated in light of the developments since the first edition. The authors expand upon the original work, in particular adding new material on the history and current relevance of the action for breach of confidence. The authors stress both the advantages and disadvantages of the action for breach of confidence and, like Gurry, they constantly distinguish the action from associated legislative regimes which regulate the access to, acquisition, use and disclosure of information. The book extensively references the many analyses of the data protection regime and considers also issues of jurisdiction and choice of applicable law. Bringing together their particular skills and interests, the three authors produce a fresh re-writing of a highly significant text which retains the academic quality and precision of the original and stakes its claim once more as the leading authority in the field.

Drafting International Contracts

BRILL *Drafting International Contracts* is an essential resource for anyone working in international business. It features the latest trends, fostering an understanding of how international contracts are drafted in practice.

Key Concepts in Human Resource Management

SAGE Publications 52 short and snappy entries will serve to orientate the student round the need to know essentials. --

Negotiating and Drafting Contract Boilerplate

ALM Publishing This resource serves to educate lawyers and business professionals on how to draft the many types of "boilerplate" provisions, a legal term that refers to the standardized, one-size-fits-all provisions of a contract. Each chapter tackles one of 20 provisions and analyzes why it is important, the key legal and business issues raised, and how to draft the provision to suit a particular transaction. Such analysis not only helps readers better understand how to draft these provisions in their contracts, but also helps them better understand the other party's process.

International Bank Insolvencies: A Central Bank Perspective

Springer The globalisation of the world economy poses significant challenges for policy makers, regulators and legal professionals. The Asian and Brazilian financial crises have shown that difficulties in the banking sectors of some economies can have serious repercussions across world financial markets. It is clear that a sound legal infrastructure is crucial to promote financial stability in this global market. Particularly in the case of international bank failures, the need for harmonised and effective international insolvency procedures is becoming increasingly apparent. It is against this background that the Bank for International Settlements organised a workshop on International Bank Insolvencies in the summer of 1998. This unique book presents the edited workshop papers by expert lawyers from over twenty national central banks, the European Central Bank, the Basle Committee on Banking Supervision and the UN Commission on International Trade Law. Nineteen country reports provide a comprehensive overview of central banks and other institutions responsible for banking supervision and the co-ordination between authorities involved in insolvency procedures. The authors further discuss the instruments employed for crisis prevention and resolution and issues arising in the aftermath of a bank failure in the respective jurisdictions. In addition, twelve expert papers discuss issues ranging from specific national experiences to attempts at co-operation and harmonisation at regional and international level. The book further includes in an annex the text of the UNCITRAL Model Law on Cross-Border Insolvency and the EC Finality Directive.

Contract Law and Practice

LexisNexis/Matthew Bender

Principles, Definitions and Model Rules of European Private Law

Draft Common Frame of Reference (DCFR)

sellier. european law publ. In this volume, the Study Group and the Acquis Group present the first academic Draft of a Common Frame of Reference (DCFR). The Draft is based in part on a revised version of the Principles of European Contract Law (PECL) and contains Principles, Definitions and Model Rules of European Private Law in an interim outline edition. It covers the books on contracts and other juridical acts, obligations and corresponding rights, certain specific contracts, and non-contractual obligations. One purpose of the text is to provide material for a possible "political" Common Frame of Reference (CFR) which was called for by the European Commission's Action Plan on a More Coherent European Contract Law of January 2003.

Business Law: Principles for Today's Commercial Environment

Cengage Learning Twomey, Jennings and Greene's **BUSINESS LAW: PRINCIPLES FOR TODAY'S COMMERCIAL ENVIRONMENT, 5E** uses excerpted cases in the language of the court to provide both comprehensive and clear coverage. Updates throughout this edition address the latest developments and all of today's most important business law topics without overwhelming readers with unnecessary detail. What Law School Doesn't Teach You

Practising Law Inst **Working with Contracts** provides you with the practical legal, business, and technical knowledge you need to grasp the nuts and bolts of transactions and draft customized agreements that meet clients' goals.

The Law Market

Oxford University Press Today, a California resident can incorporate her shipping business in Delaware, register her ships in Panama, hire her employees from Hong Kong, place her earnings in an asset-protection trust formed in the Cayman Islands, and enter into a same-sex marriage in Massachusetts or Canada--all the while enjoying the California sunshine and potentially avoiding many facets of the state's laws. In this book, Erin O'Hara and Larry E. Ribstein explore a new perspective on law, viewing it as a product for which people and firms can shop, regardless of geographic borders. The authors consider the structure and operation of the market this creates, the economic, legal, and political forces influencing it, and the arguments for and against a robust market for law. Through jurisdictional competition, law markets promise to improve our laws and, by establishing certainty, streamline the operation of the legal system. But the law market also limits governments' ability to enforce regulations and protect citizens from harmful activities. Given this tradeoff, O'Hara and Ribstein argue that simple contractual choice-of-law rules can help maximize the benefits of the law market while tempering its social costs. They extend their insights to a wide variety of legal problems, including corporate governance, securities, franchise, trust, property, marriage, living will, surrogacy, and general contract regulations. The Law Market is a wide-ranging and novel analysis for all lawyers, policymakers, legislators, and businesses who need to understand the changing role of law in an increasingly mobile world.
