The Hunter's Mate

Still haunted by nightmares about Hunter's sacrifice to save the lives of her and her friends, the last alien Tarin expects to see on Akrellia is the Menops bounty hunter himself. She's drawn to the dangerous male, despite his insectoid appearance, but chalks it up to their experiences together, unable to accept it might mean more-even as she decides never to let him out of her sight again. Hunter has spent his life searching for one thing and one thing only—a cure for imprinting. To that end, he joined the traitorous Iriduan, Halian, in a devil's bargain that has him deceiving Tarin and her friends, and he's not comfortable with that deception—or with his growing concerns about Halian's plans. When the execution of part of Halian's plan isolates Hunter and Tarin on an unknown alien world, far from help, Hunter's problems grow even more complicated. An unanticipated metamorphosis leaves his body completely changed—in a way that makes it impossible to ignore his growing feelings for Tarin. But secrets, lies, and a past he can't change form a seemingly insurmountable obstacle between them. Hunter must prove he's worthy of his queen and earn her forgiveness for his past mistakes, but the consequences of those mistakes have yet to fully manifest—and when they do, no one will be safe. **Author's Note: 18 + Contains strong sexual content, violence, and language**

Every wolf shifter dreams about her first night with her mates, but mine left me an outcast with the revelation that I'm really a hybrid. A hybrid between a wolf and what is the question. Only my late mother knows the answer, but these days, I have other things to worry about. Namely, being caught in a war between my gorgeous jerk of a boss and the hunter who's somehow become my friend with benefits. Until the consequences of my incomplete mating mark leave me in physical anguish each full moon, that is--and the only thing keeping the monster in my veins at bay is the dark gift of a vampire lord who thinks I'm something else entirely. Something that makes me more dangerous than anyone could have imagined--especially me. Like I don't have enough infuriating (but admittedly tantalizing) alpha males on my plate, now the three wolves who threw me away are back, trying to stake their claim now that I'm their only hope of overthrowing my unhinged father as regional alpha. The Scorpion's Mate

This is a full-length, science-fiction, alien abduction romance that was previously released as part of a two-book collection introducing the first books in two series. Each book is now being released separately. This revised edition of The Scorpion's Mate has some small changes from the original. Claire has never really fit in with everyone around her, but she's carved out a life for herself using her own unique style and artistic ability to support herself on the Internet. The last thing she expects is to be abducted by aliens and dropped into a research facility, where a genetically-engineered alien soldier chooses her as his life-mate. Thrax's pheromones are compelling, and his status as a fellow unwilling test subject makes them allies, but Claire isn't certain she can trust someone who is convinced she belongs to him, when all she wants to do is find a way to return home to Earth—a place that her devoted alien can never follow, because there's no way the scorpion-like alien would ever be able to pass for human. Still, she'll accept help where she can find it, so she doesn't hesitate to escape with Thrax from the facility, though their time running from their pursuers in the warrens beneath the research facility will forever change Claire, and could make it impossible for her to return to Earth. But will there be anywhere else in the galaxy they can go where their love will be accepted? Author's Note: 18+ only, this book contains scenes of graphic intimacy and violence that are not intended for younger readers. Also, please note that the hero in this book is not human-looking and possesses an appearance and attributes that may not be comfortable for some readers to read about.
