## The Harbinger

### A Reverse Harem Fantasy

The rules of the Second, a list by Faith Blackwell. One: technology doesn't work. The Second doesn't need electricity when it has magic. Two: don't trust anyone. The Second's races--the Elven, the Malus, the Ulen and the Dracon--are way too pretty to trust. Three: when someone tells you you're the new Harbinger, believe them. Bad things happen if you don't. Back in the sixties, the last Harbinger permanently opened the gateways between Earth and the Second. Humanity grew accordingly. Faith is in her fifth year at the Academy, with her sight set on joining the Division, the branch of government that enforces what most law enforcement can't, like smuggling goods between worlds. Following her mother's footsteps has always been the plan. Of course, she doesn't want to follow them to a T. Her mother had awful luck with men, as did her grandma. Faith wouldn't mind finding out what's so special about a man that it has her quirky grandma swearing at them constantly. A field trip to the Second is just what she needs. Being the first female Harbinger in the

*Second's history and having to face down the realm's most dangerous Dracon, also known as the ridiculously-named Dread King? Not what she needs. Faith isn't a hero. That sort of responsibility is not what she wants. The perks that come with it--like a sexy but infuriating Elf, a flirty Malus, and a quiet and pensive Ulen--well, maybe for them she'll make an exception to her grandma's no-man rule. Maybe she'll have them all. The Harbinger is the first in a slow-burn, reverse harem fantasy series. Expect eventual hot and steamy scenes, coupled with the Chosen One trope, and a heroine who will reluctantly try to save a world that isn't hers.*

## An Aesthetic Education in the Era of Globalization

*Harvard University Press During the past twenty years, the world's most renowned critical theorist—the scholar who defined the field of postcolonial studies—has experienced a radical reorientation in her thinking. Finding the neat polarities of tradition and modernity, colonial and postcolonial, no longer sufficient for interpreting the globalized present, she turns elsewhere to make her central argument: that aesthetic education is the last available instrument for implementing global justice and democracy. Spivak's unwillingness to sacrifice the ethical in the name of the aesthetic, or to sacrifice the aesthetic in grappling with the political,*

*makes her task formidable. As she wrestles with these fraught relationships, she rewrites Friedrich Schiller's concept of play as double bind, reading Gregory Bateson with Gramsci as she negotiates Immanuel Kant, while in dialogue with her teacher Paul de Man. Among the concerns Spivak addresses is this: Are we ready to forfeit the wealth of the world's languages in the name of global communication? Even a good globalization (the failed dream of socialism) requires the uniformity which the diversity of mother-tongues must challenge,* Spivak writes. *The tower of Babel is our refuge.* In essays on theory, translation, Marxism, gender, and world literature, and on writers such as Assia Djebar, J. M. Coetzee, and Rabindranath Tagore, Spivak argues for the social urgency of the humanities and renews the case for literary studies, imprisoned in the corporate university. *Perhaps,* she writes, *the literary can still do something.*

## Supernatural Inmate

### A Paranormal Prison Romance

*After pissing off the head of the supernatural lab, failing at befriending my fellow inmates, and pitching a temper tantrum in the underground cafeteria, it was only a matter of time before I had to do something about this whole captivity thing. For me, Cassandra Thorn, being born as a human, raised by an elite group of supernaturals, and struggling to reach my twentieth birthday was far more fun than this. Then again, anything would be. In this case, "this" refers to being taken against my will--kidnapped--and trapped in an underground lab for supernatural shifters. Pretty ridiculous, considering I was a mere mortal. Or so I was told. Turns out there are a lot of things I was told, not all of them true. Now a family secret has been revealed and destiny is just waiting for me to fulfill it...but I was stuck in Prison Boringville with a bunch of not-so-friendly detainees. Being a supernatural inmate isn't my style, so with the very new powers bestowed upon me, I was getting my booty out of this hellhole. Unless Adonis the sexy incubus, Dominick the deadly fae master, Otis the death-seeking vampire, and Tristan the sly shapeshifter bust me out first. Supernatural Inmate is the first book in the Supernatural Captivity series, a Paranormal Prison Romance.*
