German intelligence officer Captain Gregor Reinhardt has just been reassigned to the Feldjaegerkorps—a new branch of the military police with far-reaching powers. His position separates him from the friends and allies he has made in the last two years, including a circle of fellow dissenting Germans who formed a rough resistance cell against the Nazis. And he needs them now more than ever. While retreating through Yugoslavia with the rest of the army, Reinhardt witnesses a massacre of civilians by the dreaded Ustaše—only to discover there is more to the incident than anyone believes. When five mutilated bodies turn up, Reinhardt knows the stakes are growing more important—and more dangerous. As his investigation begins to draw the attention of those in power, Reinhardt's friends and associates are made to suffer. It seems a serial killer is on the loose, and matters only escalate when it's discovered that one of the victims was the brother of a Nazi scientist. Reinhardt's search for the truth takes him across the divided city and soon embroils him in a plot involving the Western Allies and the Soviets. And as he comes under the scrutiny of a group of Germans who want to continue the war—and faces an unwanted reminder from his own past—Reinhardt realizes that this investigation could cost him everything as he pursues a killer who believes that all wrongs must be avenged... **Where God Does Not Walk** A Gregor Reinhardt Novel Gregor Reinhardt is a young lieutenant in a stormtrooper battalion on the Western Front when one of his subordinates is accused of murdering a group of officers, and then subsequently trying to take his own life. Berlin is a divided city where two worlds are about to collide: the world of the American gangster and the expanding world of Nazism. **March Violets A Bernie Gunther Novel** Penguin THE FIRST NOVEL IN PHILIP KERR'S ACCLAIMED HISTORICAL MYSTERY SERIES When private investigator Bernie Gunther agrees to track down some stolen jewels, his search takes him down the dangerous streets of pre-World War 2 Berlin and into the path of the most influential players in Nazi Germany... Wisecracking cop turned private investigator Bernie Gunther specializes in missing persons, and as the Third Reich's power has grown, Bernie has become a very busy man. But as he takes on cases involving millionaire industrialists, stolen diamonds, and Hitler's most powerful cronies, Bernie finds himself mired in the brutality and corruption of a country on the brink of war. Hard-hitting, fast-paced, and richly detailed, *March Violets* is noir writing at its blackest and best. **Spring Awakening** A&C Black Wedekind's play about adolescent sexuality is as disturbing today as when it was first produced Wedekind's notorious play *Spring Awakening* was written in 1891 but had to wait the greater part of a century before it received its first complete performance in Britain, at the National Theatre in 1974. The production was highly praised, much of its strength deriving from this translation by Edward Bond and Elisabeth Bond PablÃ©, 'scrupulously faithful both to Wedekind's irony and his poetry.' The Times This translation of *Spring Awakening* was first performed at the National Theatre, London on 24 May 1974. For this edition the translator, Edward Bond, has written a note on the play and a factual introduction to Wedekind's life and work. **The Other Side of Silence** Penguin When Bernie Gunther takes on a blackmail case and gets involved in the affairs of British spies, the former detective risks exposing his own dark past in this thrilling novel hailed by The New York Times Book Review as “one of Kerr's best.” Saint-Jean-Cap-Ferrat, 1956. Having gone into hiding in the French Riviera, Bernie Gunther is working as a concierge at the Grand-Hôtel under a false name. His days and nights consist of maneuvering drunks to their rooms, shooing away prostitutes in search of trade, and answering the mindless questions posed by the absurdly rich guests—needless to say, he's miserable. Now, the man who was once a homicide detective and unwilling SS officer in Hitler's Third Reich is simply the person you turn to for touring tips or if you need a bridge partner. As it just so happens, a rich and famous writer needs someone to fill the fourth seat in a regular game at the Villa Mauresque. But Somerset Maugham wants Bernie to help him get out of a game far more dangerous than bridge. Maugham is being blackmailed—perhaps because of his unorthodox lifestyle, or

perhaps because, once upon a time, Maugham worked for the British Secret Service... **The Lady from Zagreb** Penguin In this Edgar® Award-nominated novel in Philip Kerr's New York Times bestselling series, former detective and unwilling SS officer Bernie Gunther is on the hunt for a beautiful femme fatale... Berlin, 1942. Three players take the stage. The first, a gorgeous actress—the rising star of a giant German film company controlled by the Propaganda Ministry. The second, the very clever, very dangerous Propaganda Minister Joseph Goebbels—a close confidant of Hitler, ambitious schemer, and flagrant libertine. Finally, there's Bernie Gunther—a former Berlin homicide bull now forced to run errands at the Propaganda Minister's command. When Goebbels tasks Bernie with finding the woman the press have dubbed “the German Garbo,” his errand takes him from Zurich to Zagreb to the killing fields of Croatia. It is there that Bernie finds himself in a world of mindless brutality where everyone has a hidden agenda—perfect territory for a true cynic whose instinct is to trust no one. **Mimi and Toutou Go Forth The Bizarre Battle of Lake Tanganyika** Penguin UK At the start of World War One, German warships controlled Lake Tanganyika in Central Africa. The British had no naval craft at all upon 'Tanganjikasee', as the Germans called it. This mattered: it was the longest lake in the world and of great strategic advantage. In June 1915, a force of 28 men was despatched from Britain on a vast journey. Their orders were to take control of the lake. To reach it, they had to haul two motorboats with the unlikely names of Mimi and Toutou through the wilds of the Congo. The 28 were a strange bunch -- one was addicted to Worcester sauce, another was a former racing driver -- but the strangest of all of them was their skirt-wearing, tattoo-covered commander, Geoffrey Spicer-Simson. Whatever it took, even if it meant becoming the god of a local tribe, he was determined to cover himself in glory. But the Germans had a surprise in store for Spicer-Simson, in the shape of their secret 'supership' the Graf von Gotzen . . . Unearthing new German and African records, the prize-winning author of *The Last King of Scotland* retells this most unlikely of true-life tales with his customary narrative energy and style. **Fitzcarraldo meets Heart of Darkness**, this is rich, vivid and flashmanesque in its appeal - military history at its most absorbing and entertaining **A Man Without Breath A Bernie Gunther Novel** Penguin Bernie Gunther enters a dangerous battleground when he investigates crimes on the Eastern Front at the height of World War 2 in this gripping historical mystery from New York Times bestselling author Philip Kerr. Berlin, 1943. A month has passed since Stalingrad. Though Hitler insists Germany is winning the war, morale is low and commanders on the ground know better. Then Berlin learns of a Red massacre of Polish troops near Smolensk, Russia. In a rare instance of agreement, both the Wehrmacht and Propaganda Minister Goebbels want irrefutable evidence of this Russian atrocity. And so Bernie Gunther is dispatched. In Smolensk, Bernie finds an enclave of Prussian aristocrats who look down at the wise-cracking, rough-edged Berlin bull. But Bernie doesn't care about fitting in. He only wants to uncover the identity of a savage killer—before becoming a victim himself. **The One From The Other Bernie Gunther Thriller 4** Hachette UK 'One of the greatest anti-heroes ever written' LEE CHILD Bernie Gunther has learned the hard way that there's no way to distinguish 'the one from the other'. The cynical P.I. sees through the deceit and hypocrisy of both friend and foe - a lifesaving skill in postwar Germany. Munich, 1949 is home to all the backstabbing intrigue that prospers in the aftermath of war. A place where a private eye can find a lot of not-quite-reputable work: cleaning up the Nazi past of well-to-do locals, abetting fugitives in the flight abroad, sorting out rival claims to stolen goods. It's work that fills Bernie with disgust - but it also fills his sorely depleted wallet. Then a woman seeks him out. Her husband has disappeared. She's not looking to get him back - he's a wanted man who ran one of the most vicious concentration camps in Poland. She just wants confirmation that he's dead. It's a simple enough job. But in post-war Germany, nothing is simple... **Metal Nanoparticles in Microbiology** Springer Science & Business Media Following an introduction to biogenic metal nanoparticles, this book presents how they can be biosynthesized using bacteria, fungi and yeast, as well as their potential applications in biomedicine. It is shown that the synthesis of nanoparticles using microbes is eco-friendly and results in reproducible metal nanoparticles of well-defined sizes, shapes and structures. This biotechnological approach based on the process of biomineralization exploits the effectiveness and flexibility of biological systems. Chapters include practical protocols for microbial synthesis of nanoparticles and microbial screening methods for isolating a specific nanoparticle producer as well as reviews on process optimization, industrial scale production, biomolecule-nanoparticle interactions, magnetosomes, silver nanoparticles and their numerous applications in medicine, and the application of gold nanoparticles in developing sensitive biosensors. **The March Fallen** 1933: A homeless veteran is found dead under railway arches in Berlin; apparently killed by an army dagger. Gereon Rath is brought onto the case just as the Reichstag mysteriously burns down. Unsettled by the Nazis' tightening grip; he and Charlotte Ritter must also contend with their political colleagues. The new Germany is frightening; but police work must go on even among book-burning and marching; rising paranoia and fear. **Conspiracy (The Plot to Kill Hitler #1)** Scholastic Inc. A mortally wounded man comes to their door, begging to be let in. He asks for Karl Hoffmann, their father. Gerta and Max watch as Karl tries in vain to save the man's life. Before he dies, the stranger gives their father a bloodstained packet of documents, along with a message: "For the sake of humanity, the Führer must die. Finish it, Karl!" During his eleven years working homicide in Berlin's Kripo, Bernie Gunther learned a thing or two about evil. Then he set himself up as a private detective—until 1940 when Heydrich dragooned him into the SS's field gray uniform and the bloodbath that was the Eastern Front. Spanning twenty-five tumultuous years, Field Gray strides across the killing fields of Europe, landing Bernie in a divided Germany at the height of the Cold War—revealing a treacherous world where the ends justify the means and no one can be trusted... **Dark Site A Sam Dryden Novel** Minotaur Books From the author of *Runner*, Sam Dryden comes under attack from unknown forces as an unremembered episode from his past threatens more than just his life. On an otherwise normal morning, former Special Forces operative Sam Dryden is the target of an unsuccessful attempted abduction. Using his attacker's cellphone, he learns that another person, a woman named Danica Ellis, is also being targeted. Dryden arrives just in time to save Danica from the assault team sent after her. But neither of them recognize the other, or have any idea why

they are being targeted. The only clue is a heavily redacted, official-looking document given to Danica by her stepfather before he was killed. Dryden immediately recognizes it as a "scrub file." A scrub file is a record of what a subject knew before their memories were chemically destroyed. The redacted document refers to witnesses to a secret military site in Ashland, Iowa in 1989. Both Dryden and Danica Ellis lived in Ashland in 1989, when they were both twelve years old, though neither of them has any memory of the other. Switching back and forth between the present day, when Dryden and Danica try to elude the forces that are after them, and the past in Ashland, Iowa, when both were twelve, making a discovery that forever changed their lives, this latest Sam Dryden novel proves yet again that Patrick Lee is one of the most original, compelling thriller writers today. **Resisting Pluralization and Globalization in German Culture, 1490-1540 Visions of a Nation in Decline** Walter de Gruyter GmbH & Co KG A critical reading of both literary and non-literary German texts published between 1490 and 1540 exposes a populist backlash against perceived social and political disruptions, the dramatic expansion of spatial and epistemological horizons, and the growth of global trade networks. These texts opposed the twin phenomena of pluralization and secularization, which promoted a Humanist tolerance for ambiguity, boosted globalization and spatial expansion around 1500, and promoted new ways of imagining the world. Part I considers threats to the political order and the protestations against them, above all a vigorous defense of the common good. Part II traces the intellectual and epistemological upheaval triggered by the spatial discoveries and the new methods of visual and verbal representation of space. Part III examines the nationalistic backlash triggered by the rising global trade and related abusive trading practices and by perceived undue foreign influences. It is the basic premise of this book that the texts examined here protested the observed disruptions of the status quo and sought to reestablish a stable imperial order in the face of political and social upheaval and of the felt cultural decline of the German nation. **Weimar in Exile The Antifascist Emigration in Europe and America** Verso Books A magisterial history of the artists and writers who left Weimar when the Nazis came to power In 1933 thousands of intellectuals, artists, writers, militants and other opponents of the Nazi regime fled Germany. They were, in the words of Heinrich Mann, "the best of Germany," refusing to remain citizens in this new state that legalized terror and brutality. Exiled across the world, they continued the fight against Nazism in prose, poetry, painting, architecture, film and theater. Weimar in Exile follows these lives, from the rise of national socialism to their return to a ruined homeland, retracing their stories, struggles, setbacks and rare victories. The dignity in exile of Walter Benjamin, Ernst Bloch, Bertolt Brecht, Alfred Döblin, Hanns Eisler, Heinrich Mann, Thomas Mann, Anna Seghers, Ernst Toller, Stefan Zweig and many others provides a counterpoint to the story of Germany under the Nazis. **The Good Cop** Severn House Publishers Ltd Impressive ... Prominent film critic Siegfried Kracauer examines German society from 1921 to 1933, in light of such movies as *The Cabinet of Dr. Caligari*, *M*, *Metropolis*, and *The Blue Angel*. He explores the connections among film aesthetics, the prevailing psychological state of Germans in the Weimar era, and the evolving social and political reality of the time. Kracauer makes a startling (and still controversial) claim: films as popular art provide insight into the unconscious motivations and fantasies of a nation. With a critical introduction by Leonardo Quaresima which provides context for Kracauer's scholarship and his contributions to film studies, this Princeton Classics edition makes an influential work available to new generations of cinema enthusiasts. **The Constant Man** Severn House Publishers Ltd Former Munich police detective Willi Geismeier is drawn out of hiding to find a deranged serial killer. Reflecting on his experiences as a smoker from a young age, Gregor Hens investigates the irreversible effects of nicotine on thought and patterns of behavior. He extends the conversation with other smokers to meditations on Mark Twain and Italo Svevo, the nature of habit, and the validity of hypnosis. With comic insight and meticulous precision, Hens deconstructs every facet of dependency, offering a brilliant analysis of the psychopathology of addiction. This is a book about the physical, emotional, and psychological power of nicotine as not only an addictive drug, but also a gateway to memory, a long trail of streetlights in the rearview mirror of a smoker's life. Cigarettes are sometimes a solace, sometimes a weakness, but always a witness and companion. This is a meditation, an ode, and a eulogy, one that will be passed hand-to-hand between close friends. **Richard Strauss in Context** Cambridge University Press *Richard Strauss in Context* offers a distinctive approach to the study of a composer in that it places the emphasis on contextualizing topics rather than on biography and artistic output. One might say that it inverts the relationship between composer and context. Rather than studies of Strauss's librettists that discuss the texts themselves and his musical settings, for instance, this book offers essays on the writers themselves: their biographical circumstances, styles, landmark works, and broader positions in literary history. Likewise, Strauss's contributions to the concert hall are positioned within the broader development of the orchestra and trends in programmatic music. In short, readers will benefit from an elaboration of material that is either absent from or treated only briefly in existing publications. Through this supplemental and broader contextual approach, this book serves as a valuable and unique resource for students, scholars, and a general readership. **The Mass Ornament Weimar Essays** Harvard University Press *The Mass Ornament* today remains a refreshing tribute to popular culture, and its impressively interdisciplinary writings continue to shed light not only on Kracauer's later work but also on the ideas of the Frankfurt School, the genealogy of film theory and cultural studies, Weimar cultural politics, and, not least, the exigencies of intellectual exile.
