KEY=TOUCH - RHETT DAISY

The Midas Touch A Balanced Approach to Biblical Prosperity Faith Library Publications In this book Rev. Kenneth E. Hagin uses the Word of God to answer the many questions Christians have concerning money and the prosperity message. This book will challenge the way Christians think and talk about money. **God's Guarantees for Giving** Xulon Press Many Christians are either confused or deceived about the subject of giving. This book takes a look at the Biblical view of giving to the church. **Spirit Hermeneutics** Wm. B. Eerdmans Publishing How do we hear the Spirit's voice in Scripture? Once we have done responsible exegesis, how may we expect the Spirit to apply the text to our lives and communities? In Spirit Hermeneutics biblical scholar Craig Keener addresses these questions, carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can -- and should -- dynamically shape our reading of Scripture today. Keener considers what Spirit-guided interpretation means, explores implications of an epistemology of Word and Spirit for biblical hermeneutics, and shows how Scripture itself models an experiential appropriation of its message. Bridging the Word-Spirit gap between academic and experiential Christian approaches, Spirit Hermeneutics narrates a way of reading the Bible that is faithful both to the Spirit-inspired biblical text and the experience of the Spirit among believers. -- from book flap. **The Healing Breakthrough** Chosen Books How to Create an Atmosphere for More Effective Healing Ministry Foremost healing expert and bestselling author Randy Clark unwraps the hard questions that baffle most Christians about healing prayer. Speaking from Scripture as well as from personal experience, in which the healing power of Jesus has become normative, Clark helps readers learn to: · walk in an atmosphere of effective healing ministry · navigate the balance between faith and expectation · pray with confidence · expect results every time Grasping these easy-to-understand principles from a biblical foundation will increase the likelihood of healing when you pray. Let the power of God work through you, your prayer group,

or your church for the healing breakthrough promised to every believer.

Pentecostalism and Politics in Africa Springer As the epicenter of Christianity has shifted towards Africa in recent decades, Pentecostalism has emerged as a particularly vibrant presence on the continent. This collection of essays offers a groundbreaking study of the complex links between politics and African Pentecostalism. Situated at the intersection between the political, the postcolonial, and global neoliberal capitalism, contributors examine the roots of the Pentecostal movement's extraordinary growth; how Pentecostalism intervenes in key social and political issues, such as citizenship, party politics, development challenges, and identity; and conversely, how politics in Africa modulate the Pentecostal movement. Pentecostalism and Politics in Africa offers a wide-ranging picture of a central dimension of postcolonial African life, opening up new directions for future research.

Miracles The Credibility of the New Testament Accounts Baker Books Most modern prejudice against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles. Yet current research shows that human experience is far from uniform. In fact, hundreds of millions of people today claim to have experienced miracles. New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us. This wide-ranging and meticulously researched two-volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts. Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic, Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts, lending credence to the biblical miracle reports.

Prosperity Theology and the Gospel Good News or Bad News for the Poor? Hendrickson Publishers Prosperity theology--the belief that financial and physical well-being is God's will for his followers--has become prevalent in modern-day Christianity. For Christians looking to better understand how it is affecting the life and growth of the church around the world, this book is an accessible and practical resource. Evaluating the prosperity theology movement from a biblical and evangelical perspective, the authors encourage readers to think critically about the ways in which the theology we follow can lead toward or away from the kingdom of God. Prosperity Theology and the Gospel is in four parts: The first part turns our attention to God's word and looks at what the Bible says about the issue of prosperity. Part 2 looks at the issue from different perspectives--be it historical, ethical, or sociological. Part 3 considers the impact of prosperity theology in different regions of the world through several case studies. Part 4 proposes how we might respond to some of the challenges we have identified and what could be a way forward for us all. Each chapter is followed by ideas for further thought and discussion. Contributors include Femi Adeleye, Christopher Wright, Joel Tejedo, Valdir and Maicon Steuernagel, and many others.

The Worldview of the Word of Faith Movement: Eden Redeemed Bloomsbury Publishing This volume approaches the Word of Faith as a worldview, and analyses the movement through N. T. Wright's model for worldview-analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith. The reader receives insights into the movement's narrative, semiotic, practical and propositional dimensions, which

cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world. The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings. This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection. The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism.

Global Pentecostalism: An Inquiry into the Cultural Dimensions of Globalization Anchor Academic Publishing (aap_verlag) The rapid global expansion of Pentecostal Christianity is one of the most striking religious phenomena in our contemporary world. Today, Pentecostalism is by no means some marginal or peculiar denomination within world Christianity. It is not simply a niche product in the global religious market, but the most dynamic and fastest growing religious movement within the contemporary Christian world. From Singapore over Brazil to Ghana, Pentecostal Christians are historically and presently rooted in many cultural contexts throughout the world. As such, Pentecostalism is a religious movement that is both shaped by globalization processes, but also a major contributor to the globalization of religion. Until recently, social-scientific approaches to Christianity have often been informed by a rather selective understanding of Christianity, stressing its ascetic components premised on a body-spirit dualism and seeing its importance mainly as a harbinger of secular modernity. Hence, where Christianity was studied outside the 'West' it has usually been peripheral and viewed as an alien intrusion, undermining local cosmologies. However, rather than a religious rejection of the world, Pentecostalism accommodates to the world and modernity. It transcends locality by promulgating a universal 'imaginary of the world', while at the same time incorporating itself successfully into the socio-cultural contexts of any new cultures it encounters. The fundamental 'fluidity' of the transnational Pentecostal network is conducive for its flexibility to react on the enormous upheavals and changes in a globalized world and to accommodate to them in constructive ways. Thus, Pentecostalism can be regarded as a paradigmatic case of a 'glocalized' religion: it has the ability to adapt itself to local conditions while maintaining and preserving its distinct religious features at the same time. This study focuses on the different theoretical attempts made to explain the massive global expansion of Pentecostalism, and its relation to broader processes of globalization. It discusses to what extent and in what complex ways the Pentecostal movement is interrelated to processes of cultural globalization. By looking at the internal religious characteristics of Pentecostal discourse and discursive practices, and their articulations within the external circumstances of globalization, it tries to untangle some of the complexities that emerge when theorizing the globalization of Pentecostalism.

Blessed A History of the American Prosperity Gospel Oxford University Press 'Blessed' offers a comprehensive history of the rise of the American prosperity gospel. What began as diverse metaphysical, pentecostal, and self-help conceptions about the power of the mind became one of the most influential popular religious movements of the last century. The book follows how the movement took shape after World War II in pentecostal healing revivals and exploded onto the

national scene through televangelists with big hair and bigger promises. It survived the scandals of the late 1980s and remade its image as a therapeutic and effective theology of modern living. Now thriving in the 21st century megachurch movement, the prosperity gospel reigns as a full-fledged cultural phenomenon. **The New Pentecostal Message? An Introduction to the Prosperity Movement** Wipf and Stock Publishers The prosperity movement has influenced millions of people in North America, Asia, Europe, South America, and Africa through Pentecostal, Charismatic and nondenominational preachers in some of the largest churches in the world. CNN, ABC, and Time magazine have examined the preachers and churches in this popular and controversial movement. Scholars and church leaders have studied it for more than two decades, producing dozens of books and articles on it. Considering the widespread popularity of the prosperity movement and the attention it is given by its critics, Brogdon asks, "Is prosperity preaching the new Pentecostal message?" In order to answer this question, one has to examine the prosperity movement as a Pentecostal movement instead of a Word of Faith movement that is a revised form of New Thought metaphysics and Science of Mind. Brogdon provides an introduction to the prosperity movement as a Pentecostal movement. He asks important questions in the study of the prosperity movement, such as who popularized prosperity teaching, Oral Roberts or Ken Hagin? Do all Pentecostals agree with the prosperity doctrine? Is prosperity teaching good news to the poor? Has prosperity replaced the emphasis on the Holy Spirit? The answers may surprise you. **Perspectives in Pentecostal Eschatologies World Without End** ISD LLC This collection of essays from established scholars and rising stars offers fresh perspectives in eschatology for the Pentecostal and Charismatic movements. The fresh readings of eschatology in this volume are valuable because they demonstrate that Pentecostals no longer need to look to others to interpret their theology for them but can stand as scholars and thinkers in their own right. **To the Ends of the Earth Pentecostalism and the Transformation of World Christianity** Oxford University Press No branch of Christianity has grown more rapidly than Pentecostalism, especially in the southern hemisphere. There are over 100 million Pentecostals in Africa. In Latin America, Pentecostalism now vies with Catholicism for the soul of the continent, and some of the largest pentecostal congregations in the world are in South Korea. In *To the Ends of the Earth*, Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism. Anderson argues that its spread is so dramatic because it is an "ends of the earth" movement--pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe. His wide-ranging account examines such topics as the Azusa Street revival in Los Angeles, the role of the first missionaries in China, India, and Africa, Pentecostalism's incredible diversity due to its deep local roots, and the central role of women in the movement. He describes more recent developments such as the creation of new independent churches, megachurches, and the "health and wealth" gospel, and he explores the increasing involvement of pentecostals in public and political affairs across the globe. Why is this movement so popular? Anderson points to such features as the emphasis on the Spirit, the "born-again" experience, incessant evangelism, healing and deliverance, cultural flexibility, a place-to-feel-at-home, religious continuity, an egalitarian community, and meeting material needs--

all of which contribute to Pentecostalism's remarkable appeal. Exploring more than a century of history and ranging across most of the globe, Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide. **50 Pentecostal and Charismatic Leaders Every Christian Should Know** Baker Books Throughout history, inspiring leaders have stepped out in faith, stirring many to renewed strength and purpose. With sparkling writing and fascinating detail, Dean Merrill captures the bold, often surprising stories of notable Pentecostal, charismatic, and Spirit-empowered leaders. As Dean trains his journalist's eye on the lives of Smith Wigglesworth, David du Plessis, William J. Seymour, Aimee Semple McPherson, and many more, these engaging narratives challenge readers to follow in the footsteps of these extraordinary individuals and obey the Holy Spirit. **Seeing Angels How to Recognize and Interact with Your Heavenly Messengers** Whitaker House A recent study found that 57 percent of Catholics, 66 percent of Evangelical Protestants, and 10 percent of Jews have reported having a personal experience with a guardian angel. And 20 percent of those who identified themselves as having no religion also claimed having encountered an angel. Seeing Angels is one of the most in depth examinations of angelic ministry by one of the cutting-edge charismatic leaders in the church today. Joshua Mills goes beyond the usual takes on angels regarding spiritual warfare and explores who they are, how to recognize them, and what they do. Part I, Understanding Your Angels, is all about understanding who angels are, exploring why they are necessary and how different angels minister comfort, healing, love, prosperity. It reveals who they carry out specific geographic assignments for cities and nations, as well as the more unique and extraordinary assignments they receive. Part II, Discerning Your Angels, explains how to become more aware of the unseen heavenly realm, as well as how to recognize divine intervention when it does reveal itself to human sight. Such manifestations include random strangers, visions, or signs and messengers that believers receive. Joshua also explains the way he has interacted with visions of radiant light, swirling colors, and what he describes as atmospheric shifts. All of this is intended to make believers become more aware of both invisible and revealed spiritual realities. Part III, Working with Your Angels, deals specifically with how to minister alongside these heavenly messengers as they stand watch, provide protection, and administer strength and comfort. This includes recognizing their movements and how to effectively pray for angelic encounters to take place. With a foreword by Patricia King, Seeing Angels is among the most comprehensive teachings on recognizing angelic beings and understanding how to partner with them in ministry. **Gift and Giver The Holy Spirit for Today** Baker Books In Gift and Giver, leading New Testament scholar Craig Keener takes a probing look at the various evangelical understandings of the role of the Holy Spirit in the church. He explores topics such as spiritual gifts, the fruit of the Spirit, the Spirit's power for evangelism, and hearing God's voice. His desire is for Christians to "work for consensus, or at least for unity in God's work despite our differences on secondary matters." Employing a helpful narrative approach and an ample number of stories, Keener enters into constructive dialogue with Pentecostals, moderates, and cessationists, all the while attempting to learn from each viewpoint. He seeks to bridge the gap between cessationists and Pentecostals/charismatics by urging all

Christians to seek the Holy Spirit's empowerment. His irenic approach to this controversial issue has been endorsed by charismatics and non-charismatics alike. Sure to provoke helpful dialogue on a topic that has caused unfortunate divisions within the church, Gift and Giver will be a valuable addition to college and seminary courses on pneumatology. It will also be helpful to lay readers interested in a balanced discussion of spiritual gifts. This repackaged edition includes an updated preface and a substantive new afterword. **Handbook of Global Contemporary Christianity Movements, Institutions, and Allegiance** BRILL The Handbook of Contemporary Christianity: Movements, Institutions & Allegiance traces how the largest religion in the world is increasingly expressed in energetic global forms – leading to fresh modes of organisation, belonging, believing, and traditional and syncretic movements. **Charisma and Christian Life Challenges of Pentecostal Theology in the 21st Century** SPCK Where is Pentecostal theology going in the 21st century? How does it address issues of spirituality, politics and justice? What does it have to offer the worldwide Church? These and other vital questions are explored here by leading Pentecostal theologians from the UK and the USA as they assess the challenges and opportunities facing Pentecostalism today. With stimulating contributions by Joel Edwards, Charlotte Johnson, Steven Land, Douglas Nelson, Phyllis Thompson and Keith Warrington, this book offers valuable guidance to church leaders and to students training for the ministry throughout the Pentecostal world. 'There is passion and information here, advice for the present and hope for the future.' William K. Kay, Institute for Pentecostal Theology, Regents Theological College 'When we consider that one in four Christians are Pentecostals, this book is a "must" for all who are seeking to improve their knowledge of Pentecostal theology and recognize its distinctives.' Bishop Dr Donald Bolt, New Testament Church of God England and Wales **THE MIDAS TOUCH "99 Pages to Acquire the Art of Alchemy & Forge Champions"** Flippingpages This book talks about how one can acquire the expertise to forge leaders, I have delved deep into my interactions with inspiring leaders/mentors who have carved a niche for themselves & benchmarked their best practices for you to imbibe. There is a lot of Vedic & Greco-Roman cultural influence which you shall find in this book, as it draws a parallel between ancient knowledge & its modern interpretation. Each of the 22 Chapters should be perceived as a tool & this book aspires to serve as a instrument to learn techniques to develop leaders & forge them into champions. **Leveraging Data in Healthcare Best Practices for Controlling, Analyzing, and Using Data** CRC Press The healthcare industry is in a state of accelerated transition. The proliferation of data and its assimilation, access, use, and security are ever-increasing challenges. Finding ways to operationalize business and clinical data management in the face of government and market mandates is enough to keep most chief officers up at night! Leveraging Data in Healthcare: Best Practices for Controlling, Analyzing, and Using Data argues that the key to survival for any healthcare organization in today's data-saturated market is to fundamentally redefine the roles of chief information executives—CIOs, CFOs, CMIOs, CTOs, CNIOs, CTOs and CDOs—from suppliers of data to drivers of data intelligence. This book presents best practices for controlling, analyzing, and using data. The elements of preparing an actionable data strategy are exemplified on subjects such as revenue

integrity, revenue management, and patient engagement. Further, the book illustrates how to operationalize the electronic integration of health and financial data within patient financial services, information management services, and patient engagement activities. An integrated environment will activate a data-driven intelligent decision support infrastructure. The increasing impact of consumer engagement will continue to affect the organization's bottom line. Success in this new world will need collaboration among the chiefs, users, and data creators.

Ending the LDP Hegemony Party Cooperation in Japan University of Hawaii Press This text addresses the need for an analysis of the political scene in Japan. It seeks to provide both the information and framework needed to unravel the tangle of coalition politics in the 1990s and anticipate the composition and policies of future Japanese governments.

Golden Keys to Ascension and Healing Revelations of Sai Baba and the Ascended Masters Light Technology Publishing This volume represents the wisdom of the ascended masters condensed into concise keys that serve as a spiritual guide. There are 420 golden keys that present the multitude of methods, techniques, affirmations, prayers, and insights Dr. Stone has gleaned from his own background in psychology and life conditions and his thorough research of all the ancient and contemporary classics that speak of the path to God realization.

The teachings of Sai Baba and other ascended masters are at the core of these keys, and the author has also drawn up on various spiritual scriptures such as the Bhagavad-Gita and the Bible. Especially valuable are practical methods to support the ascension process, such as journal writing and spiritual logs, as well as meditations and prayers.

Charlie Munger The Complete Investor Columbia University Press Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment.

Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters, and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

Indra's Net and the Midas Touch Living Sustainably in a Connected World MIT Press An exploration of the impact of unintended consequences in an interdependent world and of the opportunities for creativity and community. We live today in a global web of interdependence, connected technologically, economically, politically, and socially. As a result of these expanding and deepening interdependencies, it has become impossible fully to control—or foretell—the effects of our actions. The world is rife with unintended consequences. The first law of human ecology—which declares that we can never do merely one thing—is a truth we ignore at our peril. In Indra's Net and the Midas Touch, Leslie

Paul Thiele explores the impact of interdependence and unintended consequences on our pursuit of sustainability. Unfortunately, good intentions provide no antidote to the law of unintended consequences, and proffered cures often prove worse than the disease. Biofuels developed for the purpose of reducing carbon emissions, for example, have had the unintended effect of cutting off food supplies to the needy and destroying rain forests. We must fundamentally transform our patterns of thinking and behavior. Thiele offers the intellectual and moral foundations for this transformation, drawing from ecology, ethics, technology, economics, politics, psychology, physics, and metaphysics. Awareness of our interconnectedness, he writes, stimulates creativity and community; it is a profound responsibility and a blessing beyond measure.

A Life in the Balance The Billy Wayne Sinclair Story : a Journey from Murder to Redemption Inside America's Worst Prison System

Arcade Publishing A man serving a life sentence for killing a convenience store clerk in an accidental shooting challenges the prison system in a powerful, no-holds-barred account of America's worst prison system . 40,000 first printing. **The**

Midas Touch World Mythology in Bite-sized Chunks Michael O'Mara Books This authoritative and fascinating introduction to the legends of history will reintroduce readers to the cyclopes, Minotaur and centaurs of the Ancient Greeks, as well as shedding light on the wider world of mythology. The Midas Touch includes a stunning array of fascinating tales and gets to grips with the ancient stories of Aboriginal, Sumerian, Egyptian, Mesoamerican, Maori, Greek, Roman, Indian, Norse and Japanese cultures, encompassing legends from the most diverse societies and the most ancient cultures from across the globe. In a concise yet comprehensive format, The Midas Touch is a wonderful evocation of the hugely entertaining stories and characters of mythology. **Craig and the Midas Touch (A Craig Thriller Book 5)**

Dan Benton The oil-rich middle eastern state of Jubayl is peacefully led by a long-serving and well-respected Emir, but that peace is shattered when his son and heir is found weighted in a watery grave beneath a leased oil rig. Peter Craig, overseas police adviser for the British Government, is in the region lecturing on couterinsurgency when his Embassy proffers his services to help find the killer. The chief suspect, an oil company worker with motive - his ex-girlfriend's liaisons with the dead sheikh - looks to have been framed, but the 'evidence' against him is damning unless Craig can present proof that he has been set up, and find another credible suspect. How is the sale of the oil platform to a neighbouring state linked to a local pimp and businessman? And who has most to gain from the death? What had the Sheikh's network of spies discovered? When the final events of the intricate grand plan start to play out, the stakes are far higher than Craig could have anticipated and will call on all his skills and experience to avert international disaster in the Middle East.

Understanding the Healing Power of God Faith Library

Publications **Training with the Midas Touch Developing Your Organization's**

Greatest Asset Kogan Page Publishers * Lively and provocative approach * Shows

how developing people to their full potential is the route to organizational success *

Includes case studies * Includes many low cost alternatives to expensive training.

The idea of turning staff, the most vital element with any organization, into gold lies at the heart of all training and development programs. This thought provoking yet practical book provides a structured route to making the most of the 'human capital'

in an organization by taking an holistic approach to both staff development and organizational success. With case studies, a tool kit of techniques for assessing and developing the skill base of staff and advice on developing staff at low cost the book is ideal for the cost-conscious times we live in. While highly practical in tone and approach the book also provides a sound theoretical framework for staff development and includes a detailed academic reading list. **John Barry The Man with the Midas Touch** In this text, this astonishing 50-year career is at last celebrated in all its musical facets. The authors draw on their own experience and on conversations with those who've known John Barry since his formative years. **MIDAS Technical Analysis A VWAP Approach to Trading and Investing in Today's Markets** John Wiley & Sons This book provides a new, powerful twist to MIDAS technical analysis, a trading method developed by the late Paul Levine. The authors show how to employ MIDAS in trading, from recognizing set ups to identifying price targets. The book explains the basics of MIDAS before demonstrating how to apply it in different time frames. Further, it extrapolates how MIDAS can be used with other more conventional indicators, such as DeMark or moving averages. In addition to introducing new indicators that the authors have created, the book also supplies new computer codes. **The Chocolate Touch** Harper Collins In this zany twist on the legend of King Midas and his golden touch, a boy acquires a magical gift that turns everything his lips touch into chocolate! Kids will eat this up for summer reading or anytime! Can you ever have too much of your favorite food? John Midas is about to find out.... The Chocolate Touch has remained a favorite for millions of kids, teachers, and parents for several generations. It's an enjoyable story that pulls in even reluctant readers. **The Midas Flesh** BOOM! Studios We've all heard of the Midas touch. You know, the Greek myth about the man who did a number on himself by wishing for everything he touched to turn to gold? Well, you haven't heard everything. **The Entrepreneurial Project Manager** CRC Press Doing more with less is a skill mastered by entrepreneurs. Budgets are tight, deadlines are short, and time is of the essence. Entrepreneurial project managers use these parameters to their benefit. Hurdling over obstacles with the bare minimum of effort makes their projects and teams stand out. Focusing inward to develop the skills and mindset necessary to accomplish anything with anyone sets an entrepreneurial project manager apart from the group. This book builds on the basics of project management knowledge with tools and techniques to get you as well as your projects and teams performing on an advanced level. No matter your industry or experience level, this book gives you practical ways to improve any project. More importantly, it shows how you can improve your own performance. The biggest improvements a project manager can make are about him- or herself. Personal limitations can be the hardest obstacle to overcome, and this book explains how to overcome them. The techniques have been tried and tested by the author who shares them with you in this book. Whether in your projects or career, all the right things can be said and done, yet the results are always unpredictable. We all have little control over events. This book's tools and techniques give you the ability to handle anything that may come your way. Entrepreneurs are constantly changing and adapting to the world around them. They must stay cutting-edge to make their businesses thrive. This book explains how to take a cutting-edge approach to project

management. The goal is to take your technical skills as a project manager, add the elements of an entrepreneur, and create a high-powered team around you as well as become the best project manager you can be. **The Revolution That Wasn't GameStop, Reddit, and the Fleecing of Small Investors** Penguin "The saga of GameStop and other meme stocks is revealed with the skill of a thrilling whodunit. Jakab writes with an anti-Midas touch. If he touched gold, he would bring it to life." -- Burton G. Malkiel, author of *A Random Walk Down Wall Street* From Wall Street Journal columnist Spencer Jakab, the real story of the GameStop squeeze—and the surprising winners of a rigged game. During one crazy week in January 2021, a motley crew of retail traders on Reddit's r/wallstreetbets forum had seemingly done the impossible—they had brought some of the biggest, richest players on Wall Street to their knees. Their weapon was GameStop, a failing retailer whose shares briefly became the most-traded security on the planet and the subject of intense media coverage. *The Revolution That Wasn't* is the riveting story of how the meme stock squeeze unfolded, and of the real architects (and winners) of the GameStop rally. Drawing on his years as a stock analyst at a major bank, Jakab exposes technological and financial innovations such as Robinhood's habit-forming smartphone app as ploys to get our dollars within the larger story of evolving social and economic pressures. The surprising truth? What appeared to be a watershed moment—a revolution that stripped the ultra-powerful hedge funds of their market influence, placing power back in the hands of everyday investors—only tilted the odds further in the house's favor. Online brokerages love to talk about empowerment and "democratizing finance" while profiting from the mistakes and volatility created by novice investors. In this nuanced analysis, Jakab shines a light on the often-misunderstood profit motives and financial mechanisms to show how this so-called revolution is, on balance, a bonanza for Wall Street. But, Jakab argues, there really is a way for ordinary investors to beat the pros: by refusing to play their game. **The Future of Economic History** Springer Science & Business Media This collection represents a modest attempt to chart a new course for the intellectual discipline known as economic history. (The book is not about productivity growth in the 1990s, lest the title give rise to any confusion.) As a group, these essays suggest new and potentially fruitful areas or approaches for research and at the same time address weaknesses in past efforts. One important audience will be graduate students attempting to decide whether to write a dissertation in economic history, or trying to select or refine dissertation topics in the area, and determine how to approach them. Some of the essays will most certainly be appropriate additions to the or semester courses in economic history that remain a fixture in quarter graduate economics training programs. A second audience should be established scholars who are now or have in the past done research in economic history and are interested in the perspectives of a relatively younger group of scholars. The term "younger" is used here advisedly to describe a group of scholars born between 1943 and 1954. Nevertheless, the authors of these essays can on at least one dimension be distinguished from the pathbreaking new economic historians who established their academic reputations in the early 1960s. Indeed, the contributors to this volume include students of such pioneers as Richard Easterlin, Albert Fishlow, William Parker, and Jeffrey Williamson. **The Future of Economics** Routledge Originally

published under the title *The Future of Economic History*, this book attempts to chart a new course for the intellectual discipline known as economic history and determine its contributions to the study of economics. The authors suggest new and potentially fruitful areas and approaches for research and at the same time analyze the weaknesses in past efforts to chart a course for the future. **The Accidental Zillionaire Demystifying Paul Allen** John Wiley & Sons The first in-depth look at one of the world's richest-and most secretive-businessmen Though his wealth is certainly no secret, the world's fourth richest man remains an enigma. Paul Allen made his fortune as Bill Gates's partner in Microsoft, supplemented it with questionable, though often profitable, venture capital schemes, and has since invested his wealth in a widely divergent list of interests. He owns the NBA's Portland Trailblazers and the NFL's Seattle Seahawks. Among hundreds of smaller ventures, he is a primary stakeholder in the film production company DreamWorks SKG and formerly held a large piece of the widely despised Ticketmaster monopoly. Dubbed the "Accidental Zillionaire" by *Wired* magazine, Allen has often appeared to be a bumbler who succeeded primarily through luck and by coopting the visionary ideas of others. In *The Accidental Zillionaire*, Laura Rich, one of the foremost chroniclers of the Internet economy, unravels the secret Paul Allen, his inner motivations, his vision, and his personality. She tells Allen's story from his days as a fledgling computer geek in suburban Washington state, to his role in founding the world's largest software company, to his battle with cancer, to his sycophantic flirtation with Hollywood and its brightest stars. Paul Allen is a man of various interests and passions, but few if any know him well. *The Accidental Zillionaire* for the first time reveals the inner workings of a towering figure in the worlds of technology, business, sports, and entertainment. Laura Rich (Los Angeles, CA) is a former writer for *The Industry Standard*, *Adweek*, and *InsideMedia*. She currently covers the world of digital entertainment for *Entertainment Weekly*, *Fortune*, and *The Hollywood Reporter*. She penned *The Standard's* popular "RichList" report and has reported on Paul Allen for years. **A Curse of Gold** Blink Curses and queens. Pirates and kings. Gods and magic. The final saga of a princess cursed by Midas's touch, a vengeful Greek god, and a dazzling kingdom in the balance. After barely surviving thieving, bloodthirsty pirates and a harrowing quest at sea to retrieve her stolen treasure, Kora finds readjusting to palace life just as deadly. Her people openly turn against her, threatening to overthrow her as heir to the throne due to fear of her magical powers. When Dionysus puts out a challenge to kill the girl with the golden touch and burn down her kingdom, it's not just her future on the throne in danger. Kora's life and entire kingdom are now on contract. With no other choice, Kora sets out to find Dionysus, journeying to the mysterious disappearing island of Jipper. If she wants to save her kingdom and have any chance at reversing her father's curse, she will have to enter into a deadly game with Dionysus, the greatest trickster the world, or the underworld, has ever seen. *A Curse of Gold: Is the highly-anticipated sequel to A Touch of Gold* by author Annie Sullivan Is an enchanting and captivating fantasy adventure/fairy tale retelling, perfect for fans of *The Wrath and the Dawn* and *Cinder* Is told from the perspective of Kora, King Midas's daughter and a strong female protagonist Features a beautifully decorated cover Will have strong appeal to readers ages 13 & up
