Titans Aladdin A group of kids must stop invaders before they take over Titus—and the rest of the universe—in this first book in a brand-new series from bestselling Pegasus author Kate O'Hearn, who masterfully blends mystery and mythology together. Fifteen years ago, Olympus was destroyed and the Olympians were resettled on Titus. Since then Earth has been declared a quarantined world. Neither Titans nor Olympians are allowed to visit and under no circumstances are humans allowed on Titus. The Titans and Olympians are keeping the peace. But the deep-seated mistrust still lingers, so when a human ends up on Titus, he could be the spark

that reignites the war... Astraea is a Titan, granddaughter of Hyperion, and now a reluctant student at the brand-new school, Arcadia. She just knows that it's going to be awful, and that there is no way that Titans and Olympians will ever get along! At least she's got her best friend, a winged-horse named Zephyr, to keep her company. Then the night before the first day of school, Astraea hears her parents discussing something terrifying: a human has been spotted on Titus. But that's not possible. All routes to Earth via the Solar Stream have been closed—no one can travel between the two worlds...or can they? When Astraea and Zephyr get detention on their first day—for fighting with a centaur—they're sent to the orchards to harvest nectar. There they discover a human boy named Jake. How he got to Titus is a mystery even to him. But Astraea and Zephyr know they have to get Jake home before anyone else discovers him. But what the trio uncovers is something much bigger than one misplaced human boy. It's a scheme to take down the rulers of this world, conquer it, and then do the same across the galaxy. Can a group of kids stop the invaders? Or is Titus, like Olympus before it, doomed? With only her dad, aunt, and annoying cousin Alfie for company, she is so bored staring at the waves that she's starting to see mermaids between them. But when their boat is capsized during a sudden storm, Riley finds more excitement than she bargained for as she and Alfie are washed ashore with neither of their parents in sight. Where they've been shipwrecked is no deserted island, though. Atlantis is a place beyond imagination, inhabited by both people and incredible creatures ranging from unicorns and gargoyles to talking animals. But not everyone welcomes the cousins' arrival, and beneath the wonder of this mythical land lurk dangerous secrets—something strange is happening to the inhabitants. What Riley wants more than anything is to find her father and go home. But the closer she gets to this goal, the more the islanders seem determined to keep her from reaching it. As Riley and Alfie unravel the mystery of Atlantis and its most terrifying part, the Forbidden Zone, they realize that the clock is ticking. If they can't learn what happened to their parents and find a way off the island soon, it may be too late to leave. Aru has just made a wish on the tree of wishes, but she can't remember what it was. She's pretty sure she didn't wish for a new sister, one who looks strangely familiar and claims to be the Sleeper's daughter, like her. Aru also isn't sure she still wants to fight on behalf of the devas in the war against the Sleeper and his demon army. The gods have been too devious up to now. Case in point: Kubera, ruler of the city of gold, promises to give the Pandavas two powerful weapons, but only if they win his trials. If they lose, they won't stand a chance against the Sleeper's troops, which will soon march on Lanka to take over the Otherworld. Aru's biggest question, though, is why every adult she has loved and trusted so far has failed her. Will she come to peace with what they've done before she has to wage the battle of her life? Filled with wondrous magic, unforgettable creatures, manipulative gods, and laugh-out-loud dialogue, this fourth book in the Pandava series, a

fantasy adventure loosely based on mythology, will leave readers wishing they could read the finale right now.
