KEY=THE - PONCE BAKER

THE PRICE OF LOYALTY

Simon and Schuster A devastating account of the inner workings of the George W. Bush administration, written with the extensive cooperation of former U.S. Treasury Secretary Paul O'Neill. As readers are taken to the very epicentre of government, this news-making book offers a definitive view of Bush and his closest advisers as they manage crucial domestic policies and global strategies within the most secretive White House of modern times.

THE PRICE OF LOYALTY

GEORGE W. BUSH, THE WHITE HOUSE, AND THE EDUCATION OF PAUL O'NEILL

The Pulitzer Prize-winning journalist provides a provocative odyssey behind the scenes of the White House to reveal the inner operations of the administration of George W. Bush, furnishing a close-up view of the president and his advisors as they develop key domestic policies and global strategies during a turbulent period of history. 200,000 first printing.

WHEN THE POLLS LIE

100 READER'S OPINIONS THE PRICE OF LOYALTY

Lennox In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Price of Loyalty: George W. Bush, the White House, and the Education of Paul O'Neill." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

THE FOREIGN POLICY OF GEORGE W. BUSH

VALUES, STRATEGY, AND LOYALTY

Routledge Few presidents in modern times have seen their words and actions subject to such intense critical scrutiny as George W. Bush. His critics label him the 'Pariah President', personally inarticulate and at times politically incoherent; his supporters portray him as gifted and skilled, one of the most decisive, successful and popular leaders of our time. But if 'the person is now the policy' at the White House - and that person happens to be both activist and moralist - what kind of presidency and foreign policy flows from such a leader? How has Bush changed American politics and the role of the United States in the world? Alexander Moens offers the first systematic explanation of Bush's foreign policy by describing the complexities of the man and how his particular personality and style so heavily influence the final policy outcomes. Frank, engaging and insightful, it offers an original and carefully documented account of Bush's personality, his presidential style and his decision-making process, and how these three core ingredients in turn provide the key to understanding Bush's overall strategy and policy. The Foreign Policy of George W. Bush is an ideal reference for contemporary US foreign policy, international security, and diplomatic relations. With detailed and candid insights into the presidential leadership it will also make fascinating reading for those interested in the future of American politics.

THE WAY OF THE WORLD

A STORY OF TRUTH AND HOPE IN AN AGE OF EXTREMISM

Simon and Schuster From Pulitzer Prize-winning journalist and bestselling author Ron Suskind comes a startling look at how America and the West lost their way, and at the struggles of their respective governments to reclaim the moral authority on which their survival depends. From the White House to Downing Street, and from the fault-line countries of South Asia to the sands of Guantanamo, Suskind offers an astonishing story that connects world leaders to the forces waging today's shadow wars and to the next generation of global citizens. Tracking down truth and hope, Suskind delivers historic disclosures with this emotionally stirring and strikingly original portrait of the post 9-11 world.

THE ONE PERCENT DOCTRINE

DEEP INSIDE AMERICA'S PURSUIT OF ITS ENEMIES SINCE 9/11

Simon and Schuster In his devastating new book Pulitzer Prize-winning journalist Ron Suskind takes readers inside the defining conflict of our era: the war between the West and a growing, shadowy army of terrorists, armed with weapons of alarming power. Relying on unique access to former and current government officials, this book will reveal for the first time how the US government -- from President Bush on down -- is frantically improvising to fight a new kind of war. Where is the enemy? What have been the real victories and defeats since 9/11? How are we actually fighting this war and how can it possibly be won? Filled with astonishing disclosures, Suskind's book shows readers what he calls "the invisible battlefield" -- a global matrix where US spies race to catch soldiers of jihad before they strike. It is a real-life spy thriller with the world's future at stake. It also reveals the shocking and secret philosophy underpinning the war on terror. Gripping and alarming in equal measure, it will reframe the debate about a war that, each day, redefines America and its place in the world.

IMPOSTOR

HOW GEORGE W. BUSH BANKRUPTED AMERICA AND BETRAYED THE REAGAN LEGACY

Doubleday Books Reviews the economic policies of the Bush Administration and explains why tax cuts combined with increased spending and politically-motivated trade policies have created large federal deficits and jeopardized the country's economic future.

THE PRO-GROWTH PROGRESSIVE

AN ECONOMIC STRATEGY FOR SHARED PROSPERITY

Simon and Schuster President Bill Clinton's National Economic Adviser addresses the main issues that were at the center of debate in Bush's second term: Social security reform, outsourcing, and deficit reduction. After two consecutive elections in which Democratic candidates failed to turn clear economic advantages into electoral victory, a debate is raging over what the Democrats should do now. The narrow, red state-blue state argument between chest-beating populists and soulless centrists offers the answer to neither the country's economic future nor the political future of the Democrats. In The Pro-Growth Progressive, President Clinton's longest-serving national economic advisor, Gene Sperling, argues that the best economic strategy for our nation—and the best strategy for progressives whether they be Democrat, Republican, or Independent—is to pursue policies that are both progressive and pro-growth, that promote progressive values of upward mobility, fair starts, and economic dignity as well as embrace markets and innovation. Sperling describes how both parties offer the American public impoverished choices: Democrats in the sky-is-falling party too often pretend that the way to promote progressive values and expand the American middle class is to slow the pace of the global economy, stop all outsourcing, and intervene in the market. Republicans of the don't-worry-be-happy party hold fast to the bankrupt vision that the best thing for economic growth is the smallest government possible, and have made the conservative deficit hawks of the 1990s an endangered species. But The Pro-Growth Progressive is neither an all-out assault on the Bush agenda nor a partisan call for Democrats to move further left. Both conservatives and progressives have to accept hard truths about the limitations of their approaches. Drawing on his years of policy experience, Sperling lays out a third way on the issues that are dominating the news and Bush's second term: social security, ownership, globalization, and deficit reduction. He explains the policy alternatives that respect the power of free markets while giving government a role in ensuring that the markets benefit all working families. Focused and timely, The Pro-Growth Progressive offers a realistic vision of free enterprise and economic growth in which government can improve education, reduce poverty, and restore the country to fiscal sanity.

THE PRICE OF LOYALTY

GEORGE W. BUSH, THE WHITE HOUSE, AND THE EDUCATION OF PAUL O'NEILL

Simon and Schuster Examines the inner operations of the administration of George W. Bush through the experiences and assessments of former Secretary of the Treasury Paul O'Neill.

A HIGHER LOYALTY

TRUTH, LIES, AND LEADERSHIP

Flatiron Books #1 New York Times Bestseller now in paperback with new material The inspiration for The Comey Rule, the Showtime limited series starring Jeff Daniels premiering September 2020 In his

book, former FBI director James Comey shares his never-before-told experiences from some of the highest-stakes situations of his career in the past two decades of American government, exploring what good, ethical leadership looks like, and how it drives sound decisions. His journey provides an unprecedented entry into the corridors of power, and a remarkable lesson in what makes an effective leader. Mr. Comey served as director of the FBI from 2013 to 2017, appointed to the post by President Barack Obama. He previously served as U.S. attorney for the Southern District of New York, and the U.S. deputy attorney general in the administration of President George W. Bush. From prosecuting the Mafia and Martha Stewart to helping change the Bush administration's policies on torture and electronic surveillance, overseeing the Hillary Clinton e-mail investigation as well as ties between the Trump campaign and Russia, Comey has been involved in some of the most consequential cases and policies of recent history.

A HOPE IN THE UNSEEN

AN AMERICAN ODYSSEY FROM THE INNER CITY TO THE IVY LEAGUE

Crown The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In 1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.'s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through the extra work he asked for, knowing that he was really competing with kids from other, harder schools. Cedric Jennings's driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on his intelligence and his determination to maintain hope in the unseen—a future of acceptance and reward. In this updated edition, *A Hope in the Unseen* chronicles Cedric's odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, *A Hope in the Unseen* weaves a crucial new thread into the rich and ongoing narrative of the American experience.

PLAN OF ATTACK

Simon and Schuster Award-winning journalist Bob Woodward has spent over thirty years in Washington's corridors of power. In *All the President's Men* it was he, together with Carl Bernstein, who exposed the Watergate scandal and he has been giving us a privileged front-row seat to White House intrigue and decision-making ever since. With *PLAN OF ATTACK* he brings his investigative skills to bear on the administration of George W. Bush, and the build-up to war in Iraq. What emerges is a fascinating and intimate portrait of the leading powers in Bush's war council and their allies overseas as they prepare their pre-emptive attack and change the course of history.

CONFIDENCE MEN

WALL STREET, WASHINGTON, AND THE EDUCATION OF A PRESIDENT

Harper Collins The hidden history of Wall Street and the White House comes down to a single, powerful, quintessentially American concept: confidence. Both centers of power, tapping brazen innovations over the past three decades, learned how to manufacture it. Until August 2007, when that confidence finally began to crumble. In this gripping and brilliantly reported book, Ron Suskind tells the story of what happened next, as Wall Street struggled to save itself while a man with little experience and soaring rhetoric emerged from obscurity to usher in "a new era of responsibility." It is a story that follows the journey of Barack Obama, who rose as the country fell, and offers the first full portrait of his tumultuous presidency. Wall Street found that straying from long-standing principles of transparency, accountability, and fair dealing opened a path to stunning profits. Obama's determination to reverse that trend was essential to his ascendance, especially when Wall Street collapsed during the fall of an election year and the two candidates could audition for the presidency by responding to a national crisis. But as he stood on the stage in Grant Park, a shudder went through Barack Obama. He would now have to command Washington, tame New York, and rescue the economy in the first real management job of his life. The new president surrounded himself with a team of seasoned players—like Rahm Emanuel, Larry Summers, and Tim Geithner—who had served a different president in a different time. As the nation's crises deepened, Obama's deputies often ignored the president's decisions—"to protect him from himself"—while they fought to seize control of a rudderless White House. Bitter disputes—between men and women, policy and politics—ruled the day. The result was an administration that found itself overtaken by events as, year to year, Obama struggled to grow into the world's toughest job and, in desperation, take control of his own administration. Pulitzer Prize-winning journalist Ron Suskind introduces readers to an ensemble cast, from the titans of high finance to a new generation of reformers, from petulant congressmen and acerbic lobbyists to a tight circle of White House advisers—and, ultimately, to the president himself, as you've never before seen him. Based on hundreds of interviews and filled with piercing insights and startling disclosures, *Confidence Men* brings into focus the collusion and conflict between the nation's two capitals—New York and Washington, one of private gain, the other of public purpose—in defining confidence and, thereby, charting America's future.

THE MAN IN THE MIDDLE

AN INSIDE ACCOUNT OF FAITH AND POLITICS IN THE GEORGE W. BUSH ERA

B&H Publishing Group Timothy Goeglein spent nearly eight years in the White House as President George W. Bush's key point of contact to American conservatives and the faith-based world and was frequently profiled in the national news media. But when a plagiarism scandal prompted his resignation, Goeglein chose not to dodge it but confront it, and was shown remarkable grace by the president. In fact, Bush showed more concern for Goeglein and his family than any personal political standing. So begins *The Man in the Middle*, Goeglein's unique insider account of why he believes most of the 43rd president's in-office decisions were made for the greater good, and how many of those decisions could serve as a blueprint for the emergence of a thoughtful, confident conservatism. From a fresh perspective, Goeglein gives behind-the-scenes accounts of key events during that historic two-term administration, reflecting on what was right and best about the Bush years. He was in Florida for the 2000 election recount, at the White House on 9/11, and watched Bush become a reluctant but effective wartime president. Goeglein, now the vice president with Focus on the Family, also looks back at how Bush handled matters like stem cell research, faith-based initiatives, the emergence of the Values Voters, the nominations of both Chief Justice John Roberts and Associate Justice Samuel Alito in which Goeglein had a direct role and debates over the definition of marriage. In all, *The Man in the Middle* backs historians who view the legacy of President George W. Bush in a favorable light, recognizing his conservative ideas worth upholding in order to better shape our nation and change the world.

BLACK IN THE WHITE HOUSE

LIFE INSIDE GEORGE W. BUSH'S WEST WING

Thomas Nelson Take an exclusive look inside the Oval Office?from an unlikely perspective. As a black conservative, Ron Christie has often taken the road less traveled. And now, he carries readers along with him on his unique, illuminating journey through the hallowed halls of the West Wing and into the sacred chamber of the Oval Office, as he shows the real workings inside one of the most secretive administrations ever: the White House of George W. Bush. Who really makes the big policy decisions? How do Republicans view the black community? What went on behind closed doors during the Trent Lott scandal? How did top White House officials react after the attacks of September 11? Former special assistant to President Bush, Ron Christie answers these probing questions and many more as he offers the inside scoop?on everything from race issues to major political maneuvers?and provides a refreshingly candid and positive portrayal of our nation's leaders in this must-read for those who want to go inside George W. Bush's West Wing.

THE PRESIDENCY OF GEORGE W. BUSH

A FIRST HISTORICAL ASSESSMENT

Princeton University Press The Presidency of George W. Bush brings together some of today's top American historians to offer the first in-depth look at one of the most controversial U.S. presidencies. Emotions surrounding the Bush presidency continue to run high—conservatives steadfastly defend its achievements, liberals call it a disgrace. This book examines the successes as well as the failures, covering every major aspect of Bush's two terms in office. It puts issues in broad historical context to reveal the forces that shaped and constrained Bush's presidency—and the ways his presidency reshaped the nation. The Presidency of George W. Bush features contributions by Mary L. Dudziak, Gary Gerstle, David Greenberg, Meg Jacobs, Michael Kazin, Kevin M. Kruse, Nelson Lichtenstein, Fredrik Logevall, Timothy Naftali, James T. Patterson, and the book's editor, Julian E. Zelizer. Each chapter tackles some important aspect of Bush's administration—such as presidential power, law, the war on terror, the Iraq invasion, economic policy, and religion—and helps readers understand why Bush made the decisions he did. Taking readers behind the headlines of momentous events, the contributors show how the quandaries of the Bush presidency were essentially those of conservatism itself, which was confronted by the hard realities of governance. They demonstrate how in fact Bush frequently disappointed the Right, and how Barack Obama's 2008 election victory cast the very tenets of conservatism in doubt. History will be the ultimate judge of Bush's legacy, and the assessment begins with this book.

CHARACTER AND CONSEQUENCE

FOREIGN POLICY DECISIONS OF GEORGE H. W. BUSH

Lexington Books *Character and Consequence* by Robert A. Strong, looks at important foreign policy decisions of George H. W. Bush through the lens of character and asks how personal traits like loyalty, compassion, reticence and audacity had an impact on American foreign policy at a pivotal point in world history. Combining biographical observations with in-depth case studies of complicated international events, the book explores foreign policy decision-making and presidential personality for a broad audience. It is recommended to those curious about a critical era in U.S. diplomatic history, and to students of American politics and international relations who want to understand America's forty-first president and his decisions and actions at the end of the Cold War.

GEORGE & BARBARA BUSH

A GREAT AMERICAN LOVE STORY

Down East Books "To begin with I was in love and I am in love so that's not hard," Barbara Bush told her granddaughter Ellie LeBlond Sosa on her porch in Kennebunkport, Maine. Sosa had asked for the

secret to her and President George H.W. Bush's 77-year love affair that withstood World War II separation, a leap of faith into the oil fields of West Texas, the painful loss of a child, a political climb to the highest office, and after the White House, the transition back to a "normal" life. Through a lifetime's worth of letters, photographs, and stories, Sosa and coauthor Kelly Anne Chase paint the portrait of the enduring relationship of George and Barbara Bush. Sharing intimate interviews with the Bushes and family friends, this is a never-before-seen look into the private life of a very public couple.

GEORGE W. BUSH

THE AMERICAN PRESIDENTS SERIES: THE 43RD PRESIDENT, 2001-2009

Macmillan An evaluation of the forty-third president, whose time in office was defined by the September 11th attacks and the War on Terror, sheds new light on why George W. Bush made the decisions he did, which shaped his presidency and caused internal debates within his administration.

THE BOOK ON BUSH

HOW GEORGE W. (MIS)LEADS AMERICA

Penguin When George W. Bush became president in January 2001, he took office with a comfortably familiar surname, bipartisan rhetoric, and the promise of calming a public shaken by the convulsions of impeachment and a contested election. Then nine months later, after the tragedy of 9/11, both the country and the world looked to him for leadership that could unite people behind great common goals. Instead, three years into his term, George W. Bush squandered the goodwill felt toward America, turned allies into adversaries, and ran the most radical and divisive administration in the history of the presidency. The Book On Bush was the first comprehensive critique of a president who governed on a right wing and a prayer. In carefully documented and vivid detail, Eric Alterman and Mark Green, two of the leading progressive authors/advocates in the country, not only trace the guiding ideology that ran through a wide range of W.'s policies but also expose a presidential decision-making process that, rather than weighing facts to arrive at conclusions, began with conclusions and then searched for supporting facts.

GEORGE W BUSH ADMINISTRATION PROPAGANDA FOR AN INVASION OF IRAQ

THE ABSENCE OF EVIDENCE

Routledge Hartenian's history of George W Bush propaganda for an invasion of Iraq returns the administration's approach to its conceptual origins. Hartenian places "evidence" in the center of his analysis, showing that Rumsfeld's "the absence of evidence is not evidence of absence" meant that no evidence was necessary to justify an invasion. The 9/11 attacks, indeed, "changed everything" for the Bush administration and in its aftermath the time for regime change in Iraq had simply come. With no good evidence to support its fears, the administration was certain of a post-9/11-conceived Iraq-al Qaeda "nexus," just as with no evidence except the "absence of evidence" it was certain of Iraqi mastery of "denial and deception" that hid "Saddam's" "evil" activities. Resting on Cheney's "one percent doctrine," administration "certainty" of the threat from Iraq required a US invasion. The policy offices of Douglas Feith at the Pentagon, with the help of George Tenet at CIA, would generate a case of such fright and enormity—the "mushroom cloud"—that required administration action. Manipulating intelligence and ignoring the growing body of evidence undermining its case, the Bush administration invaded Iraq to bring about "regime change."

THE CHAMELEON PRESIDENT

THE CURIOUS CASE OF GEORGE W. BUSH

ABC-CLIO This book paints 11 different portraits of the many "faces" of President George W. Bush, arguably the most controversial and fascinating modern American president, revealing the malleability of human motives and of Bush's motives in particular.

WHAT HAPPENED

INSIDE THE BUSH WHITE HOUSE AND WASHINGTON'S CULTURE OF DECEPTION

Public Affairs The former White House press secretary examines how and why the Bush administration went awry, providing a look at George W. Bush and his top aides in terms of such crises as Hurricane Katrina, the Iraq war, and Washington's political infighting.

DAYS OF FIRE

BUSH AND CHENEY IN THE WHITE HOUSE

Anchor A New York Times Top 10 Best Book of the Year A Washington Post Notable Book Theirs was the most captivating American political partnership since Richard Nixon and Henry Kissinger: a bold and untested president and his seasoned, relentless vice president. Confronted by one crisis after another, they struggled to protect the country, remake the world, and define their own relationship along the way. The real story of George W. Bush and Dick Cheney is far more fascinating than the familiar suspicion that Cheney was the power behind the throne. Drawing on hundreds of interviews with key players, and thousands of pages of private notes, memos, and other internal documents, Baker paints a riveting portrait of a partnership that evolved dramatically over time, during an era marked by devastating terror attacks, the Iraq War, Hurricane Katrina, and financial collapse. Peter Baker has produced a monumental and definitive work that ranks with the best of presidential histories.

TOM CLANCY'S NET FORCE: STATE OF WAR

Penguin From the #1 New York Times bestselling creators of Op-Center comes a different kind of law enforcement. In the year 2010, computers are the new superpowers. Those who control them control the world. To enforce the Net Laws, Congress creates the ultimate computer security agency within the FBI: Net Force®. Minor viruses are eating away at the Net Force computers. The e-mail shut-downs and flickering monitors are hardly emergencies—but they've been keeping the tech department hopping. Same with the sudden rash of time-consuming lawsuits. No one in Net Force has a moment to spare, which is exactly the way Mitchell Townsend Ames wants it. Because when the shadowy mastermind launches his master plan, he wants Net Force to be looking the other way...

THE POLITICS OF TRUTH

INSIDE THE LIES THAT PUT THE WHITE HOUSE ON TRIAL AND BETRAYED MY WIFE'S CIA IDENTITY

PublicAffairs With a new investigative epilogue by a prominent Washington journalist and a new foreword by the author. Ambassador Joseph Wilson recounts more than two decades of foreign service to our country in this unprecedented look at the life of an American diplomat and an unabashed account of policies that sometimes succeeded and sometimes failed. As the last American official to meet with Saddam before Desert Storm, Wilson successfully parried the dictator's threats to use American hostages as human shields against U.S. bombing. Yet today he finds himself battling threats from his own government because he called a lie a lie. When President Bush alleged that Iraq had pursued uranium from Africa for its nuclear weapons program, Wilson could not stand silent. He had traveled to Niger the previous year and found no evidence to support the president's claim. To intimidate Wilson, senior administration officials disclosed the undercover status of Wilson's wife, CIA operative Valerie Plame, to the press, putting her life in danger. Rather than backing down, Wilson persistently criticized the way the administration misled the nation into war. Now he continues his fight in this groundbreaking book by revealing the perils bred by the war-hungry regime in the White House.

ALL THE PRESIDENT'S SPIN

GEORGE W. BUSH, THE MEDIA, AND THE TRUTH

Simon and Schuster Discusses the tactics of media manipulation employed by George W. Bush and his administration to promote their agenda to the American people, examining the intimidation, criticism, and deception used, and its impact on American democracy.

CONTEMPORARY U.S. TAX POLICY

Rowman & Littlefield C. Eugene Steuerle, one of the country's most influential economists, offers an insider's look at tax policy based on a quarter century of working with officials of all political stripes. Steuerle outlines the principles of taxation and the early postwar period before proceeding to the tax policy battles that began with the Reagan revolution and continue today. Those expecting a simple story of triumph and defeat may be surprised. Rather than moving toward consensus and progress, tax policy history has been messy, repetitive, and often rancorous. Yet evolution-and even revolution-do occur. The second edition has been updated with a look at tax policy during the George W. Bush presidency.

DESTINY AND POWER

THE AMERICAN ODYSSEY OF GEORGE HERBERT WALKER BUSH BY JON MEACHAM | SUMMARY & ANALYSIS

Instaread Summary of Destiny and Power: by Jon Meacham | Includes Analysis Preview: Destiny and Power: The American Odyssey of George Herbert Walker Bush by Jon Meacham is a biography of George H.W. Bush, the 41st president of the United States, who served from 1988 to 1992. The author argues that as president and as a politician, Bush used prudence and compromise to an extent that would seem out of place in today's era of highly partisan US politics. George H.W. Bush had a varied career before winning the presidency: he was a Navy pilot, oilman, congressman, ambassador to the UN, envoy to China, head of the Republican Party, and later director of the CIA. In the executive branch, he first served as vice president of the United States under Ronald Reagan for eight years before beginning his own presidency... PLEASE NOTE: This is a summary and analysis of the book and NOT the original book. Inside this Instaread Summary & Analysis of Destiny and Power: • Summary of book • Introduction to the Important People in the book • Analysis of the Themes and Author's Style

TO START A WAR

HOW THE BUSH ADMINISTRATION TOOK AMERICA INTO IRAQ

Penguin "Essential . . . one for the ages . . . a must read for all who care about presidential power." —The Washington Post "Authoritative . . . The most comprehensive account yet of that smoldering wreck of foreign policy, one that haunts us today." —LA Times One of BookPage's Best Books of 2020 *To Start a War* paints a vivid and indelible picture of a decision-making process that was fatally compromised by a combination of post-9/11 fear and paranoia, rank naïveté, craven groupthink, and a set of actors with idées fixes who gamed the process relentlessly. Everything was believed; nothing was true. Robert Draper's fair-mindedness and deep understanding of the principal actors suffuse his account, as does a storytelling genius that is close to sorcery. There are no cheap shots here, which makes the ultimate conclusion all the more damning. In the spirit of Barbara W. Tuchman's *The Guns of August* and Marc Bloch's *Strange Defeat*, *To Start A War* will stand as the definitive account of a collective scurrying for evidence that would prove to be not just dubious but entirely false—evidence that was then used to justify a verdict that led to hundreds of thousands of deaths and a flood tide of chaos in the Middle East that shows no signs of ebbing.

THE FOREIGN POLICY OF GEORGE W. BUSH

VALUES, STRATEGY AND LOYALTY

Routledge What kind of presidency and foreign policy follows when you combine a confident, activist and moralist president who also has a sharp political game plan? This volume offers an original and carefully documented account of Bush's personality, presidential style and decision-making process and how three core ingredients provide the key to understanding Bush's overall strategy and policy.

EFFECTIVE PRESIDENCY

LESSONS ON LEADERSHIP FROM JOHN F. KENNEDY TO BARACK OBAMA

Routledge The second edition of this classic work adds a new chapter on Barack Obama and updates coverage of the end of the George W. Bush administration. Presidential scholar Erwin C. Hargrove extends his analytical framework of presidential effectiveness to show how Obama combines eventful leadership with pragmatism to move the nation forward in an intensely polarized partisan environment. Features of the textbook: Uses an analytical framework to assess historical context, personal skills and attributes, and the ability to "make a difference" in each of ten presidencies. Four presidents are judged to be "event-making" leaders: Johnson, Nixon, Reagan, and George W. Bush. Six presidents are assessed as "eventful" leaders: JFK, Ford, Carter, George H. W. Bush, Clinton, and Obama. As much a study of leadership as an analysis of ten presidencies, this book adds to our understanding in political science, history, and public administration and management.

THE CASE AGAINST GEORGE W. BUSH

The Case Against George W. Bush chronicles the presidency of George W. Bush through almost 600 quotes from over ninety authors, including former British Prime Minister Tony Blair, former President George W. Bush, former Vice President Dick Cheney, former Secretary of Defense Donald Rumsfeld, and writers and journalists such as Steve Coll, Frank Rich, Craig Unger, and Bob Woodward. Steven C. Markoff presents sourced evidence of three crimes committed by George W. Bush during his presidency: his failure to take warnings of coming terror attacks on our country seriously; taking the United States, by deception, into an unnecessary and disastrous 2003 war with Iraq; costing the lives of more than 4,000 Americans and 500,000 others; and breaking domestic and international laws by approving the torture as means to extract information. While Markoff lays out his case of the crimes, he leaves it up to the reader to decide the probable guilt of George W. Bush and his actions regarding the alleged crimes.

BORN TO CHEAT

HOW BUSH, CHENEY, ROVE & CO. BROKE THE RULES--FROM THE SANDLOT TO THE WHITE HOUSE

Do Something Press

TAKING HEAT

THE PRESIDENT, THE PRESS, AND MY YEARS IN THE WHITE HOUSE

Harper Collins The early years of the twenty-first century were a tumultuous time in America. The country faced a hotly contested presidential election, the largest terrorist attack in the nation's history, and the early stages of war. Through it all, President George W. Bush surrounded himself with a handful of close advisers. During this time the man beside the President was Ari Fleischer, his press secretary and one of his most trusted confidants. In this role, Fleischer was present for every decision and became an eyewitness to history. In this riveting account, Fleischer goes behind the scenes as he recalls his experiences in the West Wing. Through the ups and downs of this time, he took the heat, fielded the questions, and brought the President's message into living rooms around the world. In *Taking Heat*, Fleischer, for the first time, gives his perspective on: The 2000 election, from the recounts to the transition to power September 11, 2001, its aftermath, and the anthrax scare The pressure-filled buildup to the war in Iraq and the President's thoughts as the war began Life in the White House, from learning to adjust to the pace of the West Wing and his early briefings to his relationship with the press The White House press corps, who they are, and how they report the news The factors that led to his decision to leave Washington behind. This is the story of the men and women of the White House press corps and the cornerstones of democracy: freedom of speech and the freedom of the press. Fleischer presents an in-depth, insider's view on the Washington political arena from a perspective few have seen. Fleischer writes of his belief that the press has a bias in Washington. It's not a question of partisanship or press-driven ideology. Instead, it's a focus on conflict, particularly if it's a conflict they can attach to the President. It's the nature of the White House press corps, regardless of who's in power. The members of the White House press corps are masters at being devil's advocate, able to take with passion the opposite side of whatever issue the President supports. Fleischer's job was to calmly field their questions, no matter how pointed. *Taking Heat* is an introspective exploration of the top political events in the first half of the Bush administration, as well as the candid observations of a professional who stood in the bright lights of the world stage.

ASSESSING THE GEORGE W. BUSH PRESIDENCY

A TALE OF TWO TERMS

Edinburgh University Press This unique assessment of the presidency of George W. Bush reviews the successes and failures of his first and second terms.

LIFE, ANIMATED

A STORY OF SIDEKICKS, HEROES, AND AUTISM | NOW AN AWARD WINNING MOTION PICTURE

Disney Electronic Content Now an award winning motion picture! Imagine being trapped inside a Disney movie and having to learn about life mostly from animated characters dancing across a screen of color. A fantasy? A nightmare? This is the real-life story of Owen Suskind, the son of the Pulitzer Prize-winning journalist Ron Suskind and his wife, Cornelia. An autistic boy who couldn't speak for years, Owen memorized dozens of Disney movies, turned them into a language to express love and loss, kinship, brotherhood. The family was forced to become animated characters, communicating with him in Disney dialogue and song; until they all emerge, together, revealing how, in darkness, we all literally need stories to survive. This edition has been updated with additional material from the Suskind family.

BUSH

Simon and Schuster A biography of George W. Bush, showing how he ignored his advisors to make key decisions himself--most in invading Iraq--and how these decisions were often driven by the President's deep religious faith.

BUSH AT WAR

Simon and Schuster With his unmatched investigative skill, Bob Woodward tells the behind-the-scenes story of how President George W. Bush and his top national security advisers led the nation to war. Extensive quotations from the secret deliberations of the National Security Council and firsthand revelations of the private thoughts, concerns and fears of the president and his war cabinet, make *BUSH AT WAR* an unprecedented chronicle of a modern presidency in a time of grave crisis. Based on interviews with more than a hundred sources and four hours of exclusive interviews with the president, *BUSH AT WAR* reveals Bush's sweeping, almost grandiose vision for remaking the world. Woodward's virtual wiretap into the White House Situation Room reveals a stunning group portrait of an untested president and his advisers, three of whom might themselves have made it to the presidency. In *BUSH AT WAR*, Bob Woodward once again delivers a reporting tour de force.

INTELLIGENCE AND U.S. FOREIGN POLICY

IRAQ, 9/11, AND MISGUIDED REFORM

Columbia University Press A career of nearly three decades with the CIA and the National Intelligence Council showed Paul R. Pillar that intelligence reforms, especially measures enacted since 9/11, can be deeply misguided. They often miss the sources that underwrite failed policy and misperceive our ability to read outside influences. They also misconceive the intelligence-policy relationship and promote changes that weaken intelligence-gathering operations. In this book, Pillar confronts the intelligence myths Americans have come to rely on to explain national tragedies, including the belief that intelligence drives major national security decisions and can be fixed to avoid future failures. Pillar believes these assumptions waste critical resources and create harmful policies, diverting attention away from smarter reform, and they keep Americans from recognizing the limits of obtainable knowledge. Pillar revisits U.S. foreign policy during the Cold War and highlights the small role intelligence played in those decisions, and he demonstrates the negligible effect that America's most notorious intelligence failures had on U.S. policy and interests. He then reviews in detail the events of 9/11 and the 2003 invasion of Iraq, condemning the 9/11 commission and the George W. Bush administration for their portrayals of the role of intelligence. Pillar offers an original approach to better informing U.S. policy, which involves insulating intelligence management from politicization and reducing the politically appointed layer in the executive branch to combat slanted perceptions of foreign threats. Pillar concludes with principles for adapting foreign policy to inevitable uncertainties.
