The Soul of the Apostolate [TAN Books](#) The Soul of the Apostolate was the favorite book of Pope St. Pius X. This book shows how prayer is the soul of every apostolic work and is absolutely critical for apostolic success. Explores all the proved methods of developing and maintaining the interior life amid the bustle of daily activity. This excellent book will help you to understand the economy of salvation, as well as the many dead-ends that we fallen creatures tend to follow. A critically important introduction to the spiritual life! This important book has been recommended by Pope St. Pius X and his successor, Pope Benedict XV. Pope St. Pius X said, "If you desire that God should bless your apostolate and make it fruitful, undertake everything for His glory, saturate yourself and your devoted fellow-workers with the spirit of Jesus Christ, animating yourself and them with an intense interior life. To this end, I can offer you no better guide than The Soul of the Apostolate by Dom Chautard, Cistercian Abbot. I warmly recommend this book to you, as I value it very highly, and have myself made it my bedside book." The Soul of The Apostolate 2019 Reprint of 1945 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition software. This work is a classic within the Catholic tradition regarding the important of the interior life. Interior life is a life which seeks God in everything, a life of prayer and the practice of living in the presence of God. It connotes intimate, friendly conversation with Him, and a determined focus on internal prayer versus external actions, while these latter are transformed into means of prayer. According to John Paul II, Jesus' statement "without me you can do nothing" (cf. Jn 15:5) is a truth that "constantly reminds us of the primacy of Christ and, in union with him, the primacy of the interior life and of holiness." The Spirit of Simplicity [Ave Maria Press](#) Few people have ever seen or heard of The Spirit of Simplicity: it has been hidden for almost seventy years after quietly being published by the Abbey of Gethsemani in 1948. Anonymously translated and annotated by a young monk named Thomas Merton, the book's author—who also is not mentioned by name in the original edition—is Jean-Baptiste Chautard, the famous French Cistercian whose only other book, The Soul of the Apostolate, has been a favorite of modern saints and popes, including Pope Emeritus Benedict XVI. Every generation struggles with the question of simplicity. In the history of our faith, there have been no more eloquent voices calling us back to simplicity than the monks of the Cistercian Order, from Bernard of Clairvaux to Chautard to Merton—all of whom contribute to this powerful book. Merton surrounds Chautard's text with his own remarks on simplicity, translations of classic texts by St. Bernard of Clairvaux, and commentary that allows readers to pursue the themes of simplicity in their own lives. "Only a very inadequate idea of exterior simplicity can be arrived at if we do not trace it back to its true source: interior simplicity. Without this, our resolution to practice exterior simplicity would be without light, without love ...," Chautard wrote at the beginning of the book. He is writing to his fellow Cistercians, but he might as well be speaking to twenty-first century Christians. He goes on to lay out the best disciplines that a monk—or anyone—might practice to find the elusive simplicity, with quotations from St. Benedict, St. Bernard, and other pillars of monastic life and spirituality. A dozen photographs of Cistercian architecture illustrate how principles of simplicity are incorporated into Cistercian daily life. In Part 2, Merton opens up the teachings of St. Bernard, a great mystic and doctor of the Church, offering excerpts from St. Bernard's writings on the original simplicity in the Garden of Eden, the difficulty of intellectual simplicity, the simplicity of the will (obedience), and other kindred topics. Merton also offers personal reflections from the perspective of one who had recently exchanged an active life in pursuit of worldly things for the solitude of a monk. Inner Strength for Active Apostles How to Win Souls Without Losing Your Own [Sophia Institute Press](#) Nearly a century ago, the Trappist monk Jean-Baptiste Chautard sat in the silence of his cell and wrote this classic book, showing us how to live in the noise and bustle of the world and to win more souls for Christ. Praised by Pope St. Pius X, Pope Benedict XV, and by many cardinals and bishops, Inner Strength for Active Apostles was an instant hit, and has since been read with gratitude by hundreds of thousands of busy parents, teachers, preachers, catechists, and other Christians working in the world to save souls without losing their own. These Christians turned to this book because Fr. Chautard understands -- and here offers sure remedies for -- the particular spiritual problems that afflict all of us who try to bring others to Christ. He explains how to avoid the self-righteousness and pride that bring down successful apostles, and the indifference and despair that cripple unsuccessful ones. Relying on the spiritual wisdom of the greatest saints and mystics of the Church (from St. Augustine and St. Thomas Aquinas to St. Francis de Sales and St. John of the Cross), Inner Strength for Active Apostles shows you how to achieve each of the three essential goals that you must accomplish in your apostolic efforts: you must win souls to Christ; you must promote your own spiritual welfare; and you must give glory to God. Here is a spiritual handbook that will bring holiness to you as you spread Christ's gospel, and will make it easier for you -- by your words and your example -- to lead ever more souls to Him. St. Benedict and St. Thérèse The Little Rule & the Little Way [Gracewing Publishing](#) St. Benedict and St. Therese of Lisieux stand as two of the monumental figures in the history of the Western Church. Their impact on Christian thought cannot be overestimated, yet never before have they been viewed as spiritual father and daughter. From his "little rule" to her "little way," these two great saints teach us to find ourselves in the ordinary. The path of holiness lies open for every Christian, for the course leads through the real demands and details of everyday life. As both Benedict and Therese understood so well, the family, the school, the parish, and the workplace are all schools of the Lord's service. By using St. Therese's writings to illustrate St. Benedict's Rule, Dwight Longenecker shows how holiness is always the result of a daily reliance on God's grace. - Back cover. The Soul of the Apostolate Forming Intentional Disciples The Path to Knowing and Following Jesus, Spanish [Our Sunday Visitor](#) How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized-in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of Forming Intentional Disciples, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be prepared for conversion because when life at the parish level changes, the life of the whole Church will change. An American Knight The Life of Colonel John W. Ripley, USMC [American Society for the Defense of Tradition, Family](#) Colonel John W. Ripley, USMC was president of Southern Seminary, Southern Virginia College. New Outpourings of the Spirit Movements in the Church [Ignatius Press](#) The volume consists of two fundamental texts by Cardinal Ratzinger, now Pope Benedict XVI, on the ecclesial movements and new communities within the Church since the Second Vatican Council. These writings are particularly meaningful with regard to the intense spiritual journey which the ecclesial movements and the new communities are experiencing in view of their meeting with Pope Benedict XVI on Pentecost 2006. These writings are a precious guide for the entire Church, leaders and laity alike, who are invited to welcome the new "outpourings of the Spirit." The first part of the book presents in an articulate and exhaustive way

the theological vision of the Pope on these ecclesial movements and the new communities. It is his talk titled *Church Movements and their Place in Theology* which he gave at the beginning of the World Congress of the Ecclesial Movements in Rome in 1998. It combines extraordinary theological depth with a warm pastoral tone. The second part of the book is very different from the first, but complements the first part. It contains the dialogue of Cardinal Ratzinger with a large group of Bishops from all continents, convened together for a seminar on the topic, *The Ecclesial Movements in the Pastoral Concern of the Bishops* held in Rome in 1999. This dialogue format was very favorably received by the Bishops, and it is quite wide-ranging, touching on topics such as the relation between the old and the new charisms, the institutional dimension and the charismatic dimension of the Church, and the Church's mission in a non-Christian society and more. ... *The Soul of the Apostolate Tools & Fuels How Catholic Teachers Can Become Saints, Beat Burnout and Save the World* A book looking at Catholic education and what is possible *The Soul of the Apostolate The Soul Of The Apostolate* [St Pauls BYB](#) *The Ways of Mental Prayer* [Franklin Classics](#) This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. What Vatican II Actually Teaches and Its Implications for the New Evangelization* [Wm. B. Eerdmans Publishing](#) The question of whether and how people who have not had the chance to hear the gospel can be saved goes back to the beginnings of Christian reflection. It has also become a much-debated topic in current theology. In *Will Many Be Saved?* Ralph Martin focuses primarily on the history of debate and the development of responses to this question within the Roman Catholic Church, but much of Martin's discussion is also relevant to the wider debate happening in many churches around the world. In particular, Martin analyzes the Dogmatic Constitution on the Church, the document from the Second Vatican Council that directly relates to this question. Contrary to popular opinion, Martin argues that according to this text, the conditions under which people who have not heard the gospel can be saved are very often, in fact, not fulfilled, with strong implications for evangelization. *The Reality of God The Layman's Guide to Scientific Evidence for the Creator* [TAN Books](#) Does God exist? Which is true? Evolution, creation...or both? Are we no more than meaningless collisions of molecules? Or do we owe our existence to a Creator, who has willed us (and everything else) into being, and who has a plan and purpose for our lives? *The Reality of God* addresses these all-important questions by providing an introductory overview of key scientific evidence, philosophical reasons, and insights drawn from human nature demonstrating God's existence. In simple, accessible language, and well-supported by scientific experts, author Steven Hemler guides the reader through the most compelling evidence for the existence of God. Hemler shows how natural sciences such as biology, chemistry and physics far from disproving religious belief suggest and reveal the existence of a Creator at every turn. Those seeking sound reasons and credible science supporting belief in God will cherish this easy-to-read book. *The Reality of God* provides: • An opportunity to address doubts about God's existence • Persuasive reasons for belief • Arguments showing the compatibility of faith and reason • Answers to the evolution vs. creation debate *The Reality of God* puts forth in layman's terms how science and the natural world point to God's existence. Anyone seeking answers to life's deepest question will find in author Steven Hemler an indispensable guide. *How To Find Your Soulmate without Losing Your Soul 21 Secrets for Women* [Totus Tuus Press](#) While navigating through the dating scene, every woman begins to wonder: How do I know when a guy really loves me? Soul of the Apostolate "And now, my dear Son, if you desire that God should bless your apostolate and make it fruitful . . . I recommend this book to you".-----*Pope Saint Pius X Models of the Church* [Image](#) There is today a dramatic reexamination of structure, authority, dogma -- indeed, every aspect of the life of the Church is held up to scrutiny. Welcoming this as a sign of vitality, Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesiologists and sifted out six major approaches, or "models," through which the Church's character can be understood: as Institution, Mystical Communion, Sacrament, Herald, Servant, and, in a recent addition to the book, as Community of Disciples. A balanced theology, he concludes, must incorporate the major affirmations of each. "The method of models or types," observes Cardinal Dulles, "can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others... Such conversation is obviously essential if ecumenism is to get beyond its present impasses." This new edition includes a new Appendix and Preface by the author. *The Four Teresas* [Servant Books](#) An out-of-the-box look at four of the greatest women of the Church, and what their example can mean for you. Lively, determined, devout but never passive, they were all straight-shooters with an abundance of common sense. They were also deeply in love with God, clinging to him with a tenacity that freed them to do the impossible. Using the Great Commandment as her guide, Gina Loehr focuses on how each of these women lived out one particular aspect of the command to love God with heart, mind, and soul and neighbor as self. Practical tips offer suggestions on how to be like the Teresas and points for reflection drive the lessons home. They are brutally snuffed from the world and literally left in the trash . . . and it's all legal. *Abandoned: The Untold Stories of the Abortion Wars* is the story of those children abandoned by abortion, and it is the story of their courageous defenders. Since 1976, Monica Miller has made it her life's work to defend the unborn: she has counseled pregnant women outside abortion clinics and organized pro-life groups and sit-ins at many of those same clinics. She has blocked abortionists cars, been arrested, and gone to jail. And she has pulled the bodies of thousands of unborn babies out of dumpsters and given them a proper burial. *Abandoned: The Untold Stories of the Abortion Wars* is the profound, breathtaking, and often daring journey of one woman, but it is much more than that. It is a history of the Pro-Life movement since *Roe vs. Wade*, a suspenseful, true-life tale of life and death, an insightful look into the unique and terrible horror of abortion, and a plea for the protection of the most helpless and innocent members of the human family. *A Handbook for Catholic Preaching* [Liturgical Press](#) While admitting particular parameters and priorities for Roman Catholic preachers, this volume was intentionally envisioned as a handbook for "catholic" preaching in the broadest and most universal sense of that term. Cosponsored by the Catholic Academy of Liturgy, the Catholic Association of Teachers of Homiletics, and the Federation of Diocesan Liturgical Commissions, it covers the role of the Scriptures in preaching, the challenges of preaching in a digital age, sermonizing in an interfaith context, and the need for a liberative and prophetic word that cuts across denominations and even faith traditions. Intended to aid those who teach or direct the preaching arts, the design and writing style of this book are particularly calibrated to graduate students in ministerial studies. Every article is a self-contained overview of a particular historical period, genre of preaching, homiletic theory, or contemporary issue. This more encyclopedic approach—devoid of footnotes, yet

supported by pertinent bibliography and an extensive index—provides a sufficiently rich yet thoroughly accessible gateway to major facets of the preaching arts at this stage of the twenty-first century. Consoling Thoughts on Eternity [TAN Books](#) In Consoling Thoughts on Eternity , St. Francis de Sales, the beloved Doctor of the Church, speaks to us of the Christian manner in which we should mourn those whom we have lost. Taken mostly from the letters of the saint, this masterful work gives us the consolation he offered to parents on the deaths of their sons, to a lady on the death of her father, a wife on the death of her husband, and others mourning their loved ones. Throughout he gives reason to hope, and explains how much the thought of Heaven should console us, and how agreeable it will be to parents and friends to meet again and converse together in Heaven. Readers of Consoling Thoughts on Eternity will experience firsthand why St. Francis de Sales (1567-1622) is known to history as the Gentle Saint. St. Francis was Bishop of Geneva and a tireless preacher, who yet made time to correspond with numerous souls who wrote him for his insight and guidance. His Consoling Thoughts are compiled from t
