### **A USER'S GUIDE TO YOUR MIND VOLUME II HOW TO WIN IN LOVE & GET ALONG WITH EACH OTHER**

### **HOOK UP, MAKE UP, & BREAK UP WITH EMOTIONAL INTELLIGENCE**

iUniverse Thoughts are very real things. They can be compared to the elements that create the weather we experience. From clear and sunny to overcast and dreary, your thought-machine mind creates your reality. Whether or not you are consciously aware of it, you alone control the angles and rotations of the kaleidoscopic mirrors within the workings of your mind. If you don't like your reality, you can always adjust your outlook simply by adjusting your way of thinking. One of life's mercies is that we can retrain our mind. This guide is an appeal for rational thinking. When all is said and done, there are only three fundamental areas over which you have any real control in your life: how you think/feel (as in two sides of the same coin), how you act, and how you react. When you are unhappy in life or love, the best place to start looking for both the cause and the cure is within the inner narrative of your thoughts. It is here you will find the fountainhead of resiliency from which your strength and well-being flow. Resiliency in people is not an accidental occurrence; rather, it is the cumulative effect of an individual's decision making. In a nutshell, humans need not always interpret things in the negative, instead, the choice to view things either as a positive or as a negative is entirely your own to make. The intelligent approach insists you strive to see both the positive and the negative in people, situations, and events. Doing so won't negate the negative, it simply helps to balance it. The knowledge contained in A Users Guide to Your Mind is threefold: how to live mindfully of your thoughts, how to exercise emotional intelligence in relationships, and how to exercise social intelligence in everyday life. Exercising social and emotional intelligence along with good old common sense is essential to soundly managing your thoughts, feelings, and behaviors. If you are tired of just talking about making changes and are now actually prepared to do something about it, the guidance within will provide detailed blueprints to get you started in redesigning your life and relationships. Best of all, you can implement what you learn as you see fit, according to your own goals, value system, and moral principles. This book shows you how.

**THE STARTUP OWNER'S MANUAL****THE STEP-BY-STEP GUIDE FOR BUILDING A GREAT COMPANY**

John Wiley & Sons More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.
