DK Eyewitness Travel Guide: Vietnam and Angkor Wat

*Penguin* Vietnam opened its doors to tourists in the late 80s and, while at first a destination frequented by backpackers and war veterans, its appeal has grown ever since. Blessed with a long coast sprinkled with casuarina-lined beaches, the country now attracts sun-lovers and surfers, with resorts and spas sprouting all along the coast. Part of the award-winning Eyewitness series, this sumptuously illustrated guide leads readers to it all, from the floating markets of the Mekong Delta in the south to the hill towns inhabited by the Hmong minority in the north, and the best beaches to be found in between. A full chapter is dedicated to Angkor in neighboring Cambodia, with the astounding temples illustrated in glorious detail. Whether zipping around old Hanoi in a pedal-powered cyclo or dining on the exquisite local cuisine, the Eyewitness Guide to Vietnam and Angkor Wat is indispensable.

Jantsen's Gift

A True Story of Grief, Rescue, and Grace

*Grand Central Publishing* Nine years ago, Pam Cope owned a cozy hair salon in the tiny town of Neosho, Missouri, and her life revolved around her son's baseball games, her daughter's dance lessons, and family trips to places like Disney World. She had never been out of the country, nor had she any desire to travel far from home. Then, on June 16th, 1999, her life changed forever with the death of her 15-year-old son from an undiagnosed heart ailment. Needing to get as far away as possible from everything that reminded her of her loss, she accepted a friend's invitation to travel to Vietnam, and, from the moment she stepped off the plane, everything she had been feeling since her son's death began to shift. By the time she returned home, she had a new mission: to use her pain to change the world, one small step at a time, one child at a time. Today, she is the mother of two children adopted from Vietnam. More than that, she and her husband have created a foundation called "Touch A Life," dedicated to helping desperate children in countries as far-flung as Vietnam, Cambodia and Ghana. Pam Cope's story is on one level a moving, personal account of loss and recovery, but on a deeper level, it offers inspiration to anyone who has ever suffered great personal tragedy or those of us who dream about making a difference in the world.

### In the Ruins of Empire

### The Japanese Surrender and the Battle for Postwar Asia

*Random House* The New York Times said of Ronald H. Spector's classic account of the American struggle against the Japanese in World War II, "No future book on the Pacific War will be written without paying due tribute to *Eagle Against the Sun*." Now Spector has returned with a book that is even more revealing. In *In the Ruins of Empire* chronicles the startling aftermath of this crucial twentieth-century conflict. With access to recently available firsthand accounts by Chinese, Japanese, British, and American witnesses and previously top secret U.S. intelligence records, Spector tells for the first time the fascinating story of the deadly confrontations that broke out-or merely continued-in Asia after peace was proclaimed at the end of World War II. Under occupation by the victorious Allies, this part of the world was plunged into new power struggles or back into old feuds that in some ways were worse than the war itself. In *In the Ruins of Empire* also shows how the U.S. and Soviet governments, as they secretly vied for influence in liberated lands, were soon at odds. At the time of the peace declaration, international suspicions were still strong. Joseph Stalin warned that "crazy cutthroats" might disrupt the surrender ceremony in Tokyo Bay. Die-hard Japanese officers plotted to seize the emperor's palace to prevent an announcement of surrender, and clandestine relief forces were sent to rescue thousands of Allied POWs to prevent their being massacred. In *In the Ruins of Empire* paints a vivid picture of the postwar intrigues and violence. In Manchuria, Russian "liberators" looted, raped, and killed innocent civilians, and a fratricidal rivalry continued between Chiang Kai-shek's regime and Mao's revolutionaries. Communist resistance forces in Malaya settled old scores and terrorized the indigenous population, while mujahideen holy warriors staged reprisals and terror killings against the Chinese-hundreds of innocent civilians were killed on both sides. In Indochina, a nativist political movement rose up to oppose the resumption of French colonial rule; one of the factions that struggled for supremacy was the Communist Viet Minh led by Ho Chi Minh. Korea became a powder keg with the Russians and Americans entangled in its north and south. And in Java, as the Indonesian novelist Idrus wrote, people brutalized by years of Japanese occupation "worshipped a new God in the form of bombs, submachine guns, and mortars." Through impeccable research and provocative analysis, as well as compelling accounts of American, British, Indian, and Australian soldiers charged with overseeing the surrender and repatriation of millions of Japanese in the heart of dangerous territory, Spector casts new and startling light on this pivotal time-and sets the record straight about this contested and important period in history.

### Attacks on Diplomatic Missions of the United States

### 1964 United States Embassy in Libreville Bombings, 1979 U. S. Embassy Burning in Islamabad, 1979 U

*Booksllc.Net* Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 53. Chapters: 1964 United States Embassy in Libreville bombings, 1979 U.S. embassy burning in Islamabad, 1979 U.S. embassy burning in Libya, 1983 Kuwait bombings, 1983 United States embassy bombing, 1998 United States embassy bombings, 2008 attack on the American Embassy in Yemen, 2008 United States consulate in Istanbul attack, 2012 diplomatic missions attacks, 2012 Sydney anti-Islam film protests, Damascus bombings and other attacks, Embassy of the United States, Athens, Iran hostage crisis, Japanese Red Army, Karachi consulate attacks, Revolutionary Struggle, Terrorism in Saudi Arabia, Terrorism in Uzbekistan, United States Embassy, Saigon. Excerpt: The Iran hostage crisis, referred to in Persian as (literally "Conquest of the American Spy Den," but usually translated as "Occupation of the American Embassy"), was a diplomatic crisis between Iran and the United States. Fifty-two Americans were held hostage for 444 days (November 4, 1979 to January 20, 1981), after a group of Islamist students and militants supporting the Iranian Revolution took over the American Embassy in Tehran. President Carter called the hostages "victims of terrorism and anarchy," adding that "the United States will not yield to blackmail." The crisis has been described as an entanglement of "vengeance and mutual incomprehension." In Iran, the hostage taking was widely seen as a blow against the United States and its influence in Iran, its perceived attempts to undermine the Iranian Revolution, and its longstanding support of the recently overthrown Shah Mohammad Reza Pahlavi of Iran. Following his overthrow, the Shah was allowed into the US for medical treatment. In the United States, the hostage-taking was seen as an outrage violating a centuries-old principle of international law granting diplomats immunity...

### The Saigon Sisters

### Privileged Women in the Resistance

*Cornell University Press* The Saigon Sisters offers the narratives of a group of privileged women who were immersed in a French lycée and later rebelled and fought for independence, starting with France's occupation of Vietnam and continuing through US involvement and life after war ends in 1975. Tracing the lives of nine women, *The Saigon Sisters* reveals these women's stories as they forsook safety and comfort to struggle for independence, and describes how they adapted to life in the jungle, whether facing bombing raids, malaria, deadly snakes, or other trials. How did they juggle double lives working for the resistance in Saigon? How could they endure having to rely on family members to raise their own children? Why, after being sent to study abroad by anxious parents, did several women choose to return to serve their country? How could they bear open-ended separation from their husbands? How did they cope with sending their children to villages to escape the bombings of Hanoi? In spite of the maelstrom of war, how did they forge careers? And how, in spite of dislocation and distrust following the end of the war in 1975, did these women find each other and rekindle their friendships? Patricia D. Norland answers these questions and more in this powerful and personal approach to history.
