KEY=WE - BRAUN SKYLAR

We Were Warriors A Powerful and Moving Story of Courage Under Fire *Pan Macmillan* 'An adrenalin-fuelled, gritty story of heroism on the frontline in Afghanistan' - Andy McNab Unflinching and laced with wry humour, Johnny Mercer's We Were Warriors is an action-packed account of his journey from young commando to a captain with one of the most pressurized and skilled jobs in the army. A captain in 29 Commando, Johnny Mercer served in the army for twelve years. On his third tour of Afghanistan he was a Joint Fires Controller, with the pressurized job of bringing down artillery and air strikes in close proximity to his own troops. Based in an area of northern Helmand that was riddled with Taliban leaders, he walked into danger with every patrol, determined to protect them. Then one morning, in brutal close quarter combat, everything changed. . . . In We Were Warriors Johnny takes us from his commando training to the heat, blood and chaos of battle. With brutal honesty, he describes what it is like to risk your life every day, pushing through the fear that follows watching your friends die. He took the fight back to the enemy with a relentless efficiency that came at a high personal cost. Back in the UK, seeing the inadequate care available for veterans and their families, he was inspired to run for Parliament in the hope he could improve their plight. 'This is NOT the stereotypical account of war, it's without doubt the best first hand account in a war zone I've ever read.' - Tom Marcus, ex MI5 Surveillance Officer, author of Soldier, Spy **We Were Warriors Once** *Xlibris Corporation* **We Were Warriors Once** is a military-political suspense novel. It chronicles the careers of four officers from the 1960s to the 1990s. Military promotions are based on an up-or-out system you either progress within specified time frames or you get left behind. Many officers who retire from their military careers at the Pentagon go through the revolving door and return in short order either as defense contract employees or civil servants. Not infrequently, they return to the same office where they worked before retiring. The same holds true for many political appointees. Men who once worked in Washington go off for a period to high-level assignments with defense contractors and return to influential positions in government. These revolving doors can sometimes have unintended negative consequences. President, and former five-star general, Dwight D. Eisenhower's warning against the power of the military-industrial complex is well known. However, that complex is actually tri-fold military, industrial, and political. **We Were Warriors Once** incorporates revised editions of two previously published novels, *Duty and Character* and *Wrong Enemy, Wrong War*, with entirely new material that plumbs deeper into the defense contractors influence on national defense policies. The officers who wear the uniforms of the United States armed forces are by in large extraordinarily dedicated men and women. But in the profession of war, sometimes even the best are tempted at times to stray from the straight and narrow. **We Were Warriors One Soldier's Story of Brutal Combat** *Pan* Combining heart-stopping action with powerful insights into the reality of war, **We Were Warriors** is one man's journey from young commando to a captain with one of the most pressurized and skilled jobs in the army. A captain in 29 Commando, Johnny Mercer served in the army for twelve years. On his third tour of Afghanistan he was a Joint Fires Controller, with the pressurized job of bringing down artillery and air strikes in close proximity to his troops. Based in an area of northern Helmand riddled with Taliban leaders, he walked into danger with every patrol, determined to protect them. Then one morning, in brutal close quarter combat, everything changed. In this powerful memoir, Johnny takes us from his commando training to the heat, blood, and chaos of battle. With brutal honesty, he describes what it is like to risk your life every day, pushing through the fear that follows watching your friends die. He took the fight back to the enemy with a relentless efficiency that came at a high personal cost. Back in the UK, seeing the inadequate care available for veterans and their families, he was inspired to run for Parliament in the hope he could improve their plight. Unflinching, action-packed, and laced with wry humour, **We Were Warriors** is a compelling read. **The Pond** *Wheatmark, Inc.* The beauty of the North Idaho Mountains pulls Patrick and Grace McPherson to spend their first winter months of retirement at their cabin in the high mountains on Porcupine Pond. Ready to head back home to Tamarack Landing for Christmas, the snowstorm of the century traps them in their cabin for weeks. They soon realize they are not alone. As they search frantically for a way out of the mountains, their fear turns to terror as they are stalked by something unseen, yet deadly. About the Author C. A. Wilson is a native of the Pacific Northwest. Retired, she currently lives with her husband in the mountains of North Idaho where she enjoys snowmobiling, four-wheeling, and gold panning. **We are Warriors Insights to Personal Success** *Tate Publishing* Extrapolating the lessons learned through years of studying martial arts techniques and philosophies, Martin Bartel has become a successful businessman and entrepreneur. He has discovered that the possibilities for learning are endless, and that the knowledge gained through the practice of the martial arts is a conduit to success in all aspects of life. He has discovered what it takes to be a 'well-rounded' warrior. Readers need not be martial artists to join Mr. Bartel in this journey toward personal power, success, and happiness. Discover that 'who you are' is the key to 'what you are.' Discover that we have the tools to 'fight the good fight' and win! Discover that We are Warriors. **Creative Victory Reflections on the Process of Power from the Collected Works of Carlos Castaneda** *Weiser Books* Millions of readers around the world have been captivated by the writings of Carlos Castaneda. Now Tomas speaks to the compelling heart of that collective work through an inspirational commentary on the Toltec process of power. **Once Were Warriors** *Penguin Random House New Zealand Limited* A New Zealand classic, this novel is a raw and powerful portrayal of Maori in New Zealand society. Alan Duff's groundbreaking first novel is one of the most talked-about books ever published in New Zealand and is the basis of a major New Zealand film. This hard hitting story is a frank and uncompromising portrait in which everyone is a victim, until the strength and vision of one woman transcends brutality and leads the way to a new life. 'Alan Duff's first novel bursts upon our literary landscape with all the noise and power of a new volcano' - Michael Giffkins, NZ Listener **Swords from the Desert** *U of Nebraska Press* Countless authors have swept us into the exotic east, but few based their tales there. In a time when westerners still spoke publicly about "the white man's burden," Harold Lamb was crafting action-packed stories featuring Arabs, Mongols, and Hindus as heroic, sympathetic, and believable characters: men of honor and integrity ready to lay down their lives for their countries and their comrades. **From Young Braves to Mighty Warriors** *Xlibris Corporation* From Young Braves to Mighty Warriors is my best recollection and story of how we, as a community, a school, and a group of determined and dedicated young men, overcame incredible obstacles and challenges to build a powerful football program that won the Group A Virginia High School League State Championship in 1970 and four consecutive Region C championships in the six short years that I had the privilege of serving as head football coach. This book is also a tribute to the mental toughness and dedication to a common cause of hundreds of young men who proudly wore the orange-and-black for the Chilhowie Warriors from 1966 to 1973. **The Golden Warriors** *Lulu.com* It started before the Big Bang. Soon, religion and quantum physics will merge and the reason behind human life will be exposed. The human brain and the message of truth in our feelings will combine bringing a wonderful gift; and earth's civilization will reach its zenith. Meanwhile, powerful spirits and evil forces are approaching; a clash is on its way. The golden warriors are here. **Gears of Ragnarök** *Kendra Moreno* Ottilie Kingsford's perception of her world has changed rapidly since Loki and Thor fell into her life. With the nine realms in danger and schemes of vengeful Gods coming to light, she found the adventure she always longed for, but it comes at a price. London is falling beneath the constant waves of chaos. With Ragnarök raging across the nine realms unchecked and all attempts to stop it a failure, Tillie, Thor, and Loki are facing dangers they never saw coming. The gears of Ragnarök keep turning unhindered, but someone is controlling the levers. Tillie promised to spill blood for her gods, and she has her targets in sight. Tillie will knock down the thrones of old gods as retribution for their sins. The nine realms burn to ash as the real monsters reveal themselves. Ragnarök cannot be stopped, but Tillie will not back down. If it takes her dying breath, the favored will fall. . . . **The Healing Power of Neurofeedback The Revolutionary LENS Technique for Restoring Optimal Brain Function** *Simon and Schuster* An introduction to the innovative therapy that restores optimal functioning of the brain after physical or emotional trauma • Provides an alternative to the more invasive therapies of electroshock and drugs • Shows how this therapy helps ameliorate anxiety and depression as well as childhood developmental disorders • Includes extraordinary case histories that reveal the powerful results achieved According to the Centers for Disease Control, each year 260,000 people are hospitalized with traumatic brain injuries. The Brain Injury Association reports 1.5 million injuries, many of which go undiagnosed but which lead to all kinds of cognitive and emotional impairments. While neuroscience has learned an enormous amount about the connection between brain trauma and personality changes, the methods proposed for resolving these alterations are generally limited to drug therapy or surgeries. This book explores a much less invasive but highly effective technique of restoring brain function: the Low Energy Neurofeedback System (LENS). Developed by Dr. Len Ochs in 1992, it has had extraordinary results using weak electromagnetic fields to stimulate brain-wave activity and restore brain flexibility and function. The treatment works across a broad spectrum of human activity, increasing the brain's abilities to adapt to the imbalances caused by physical trauma or emotional disorders--both on the basic level and in the more subtle areas of cognitive, affective, and spiritual processes that make us truly human. While the treatment has had remarkable results with individuals who have experienced severe physical trauma to the head and brain, Stephen Larsen sees it also as an important alternative to chemical approaches for such chronic behavioral disorders as ADHD and monopolar and bipolar depression. **Winter Warriors** *Del Rey* Winged demons gather, silent and unseen, above the city of Usa, their talons long and sharp. Their purpose is clear, as is the prophesy: Upon the deaths of the three kings, the demon riders of the Krayakin will become flesh, free to slake their thirst with human blood - and the stench of evil will cover the land. Two of the kings are already dead. For the prophesy to be fulfilled, spreading carnage across the world, the Demon Lord must sacrifice the third king: Queen Axiana's unborn child. When Emperor Skanda disbands his army, the pregnant queen takes flight, pursued by the Lords of the Undead. All hope lies with three ancient heroes, though discarded by the emperor, they are still Drenai soldiers: Bison the giant, Kebra the bowman, and the great swordsman Nogusta - the Demon Lord's greatest foe. But will these warriors - once the best in the land - be enough to stem the tide of gruesome horror that threatens to envelop the world? **Peoples on the Move Introducing the Nomads of the World** "This is the most comprehensive source of information on all the nomadic peoples of the world. Maps help you to locate these nomadic people groups, many of them unevangelized; black and white photographs enable you to visualize them, and people profiles and bibliographic data facilitate research." -- from back cover. **A Cage of Roots Book 1 in the Ayla Trilogy** *The O'Brien Press* Magic exists beneath our feet, if we only know where to look ... Growing up in a New York orphanage, Ayla has no idea who her family is. It is not until she comes to Ireland that she finds out just how deep her roots really are. Then her past rises up to haunt her and seeks to destroy her as Ayla is abducted and buried alive in the bowels of the earth. Above ground, her three best friends set out to find and save her from a fate that has been lying in wait for centuries. Guided by Ayla's uncles, they must make a treacherous journey that takes them down among the very roots of time. **Hearings on National Defense Authorization Act for Fiscal Year 1990--H.R. 2461, and Oversight of Previously Authorized Programs Before the Committee on Armed Services, House of Representatives, One Hundred First Congress, First Session Seapower and Strategic and Critical Materials Subcommittee Hearings on Seapower The Smell of Blood** *iUniverse* It seems at least every generation the US has sent young men to war. Although each one has its unique character they all take many young and less experienced men, and now women, and ask them to perform acts of violence only dimly hinted in movies and the media. One thing all wars have in common is the government never prepares itself or their armed forces for the toll it takes on human beings and returning veterans, nor does it consider the impact of homecoming and transition these soldiers are expected to make. Token parades or superficial and transient expressions of appreciation can in no way make up for the price we pay. Many returning veterans have found release in writing, art, family and public service. Many have never found their way home and some never will. These are just some of one man's thoughts and feelings about his experience. Although war is always big business, for those of us that fight it, it is personal. **The Voice Bible, eBook Step Into the Story of Scripture** *Thomas Nelson* The Voice™ is a faithful dynamic equivalent translation that reads like a story with all the truth and wisdom of God's Word. Through compelling narratives, poetry, and teaching, The Voice invites readers to enter into the whole story of God, enabling them to hear God speaking and to experience His presence in their lives. Through a collaboration of nearly 120 biblical scholars, pastors, writers, musicians, poets, and artists, The Voice recaptures the passion, grit, humor, and beauty that is often lost in the translation process. The result is a retelling of the story of the Bible in a form as fluid as modern literary works yet painstakingly true to the original manuscripts. Features include: Two-color text Italicized information added to help contemporary readers understand what original readers would have known intuitively In-text commentary notes that include cultural, historical, theological, or devotional thoughts Screenplay format, ideal for public readings and group studies Book introductions Presentation page for personalization Reading plans for Lent, Easter, Advent, and more Topical Guide to the Notes Topical Guide to the Scripture Part of the Signature Series line of Thomas Nelson Bibles The Voice Bibles sold to date: More than 308,000 Thomas Nelson Bibles is giving back through the God's Word in Action program. Donating a portion of profits to World Vision, we are helping to eradicate poverty and preventable deaths among children. Idaho Mining Town *University of Oklahoma Press* Julie Whitesel Weston left her hometown of Kellogg, Idaho, but eventually it pulled her back. Only when she returned to this mining community in the Idaho Panhandle did she begin to see the paradoxes of the place where she grew up. Her book combines oral history, journalistic investigation, and personal reminiscence to take a fond but hard look at life in Kellogg during "the good times." Kellogg in the late 1940s and fifties was a typical American small town complete with high school football and basketball teams, marching band, and anti-Communist clubs; yet its bars, gambling dens, and brothels were entrenched holdovers from a rowdier frontier past. The Bunker Hill Mining Company, the largest employer, paid miners good wages for difficult, dangerous work, while the quest for lead, silver, and zinc denuded the mountainsides and laced the soil and water with contaminants. Weston researched the late-nineteenth-century founding of Kellogg and her family's five generations in Idaho. She interviewed friends she grew up with, their parents, and her own parents' friends—miners mostly, but also businesspeople, housewives, and professionals. Much of this memoir of place set during the Cold War and post-McCarthyism is told through their voices. But Weston also considers how certain people made a difference in her life, especially her band director, her ski coach, and an attorney she worked for during a major strike. She also explores her charged relationship with her father, a hardworking doctor revered in the community for his dedication but feared at home for his drinking and rages. **The Good Times Are All Gone Now** begins the day the smokestacks came down, and it reaches far back into collective and personal memory to understand a way of life now gone. The company town Weston knew is a different place, where "Uncle Bunker" is a Superfund site, and where the townspeople, as in previous hard times, have endured to reinvent Kellogg—not once, but twice. **Working With Troubled Men A Contemporary Practitioner's Guide** *Routledge* This book offers a concise, readable, research-grounded synthesis of the special concerns mental health and other helping professionals need to address when working with men today, and explains a wealth of effective gender-specific approaches to assessment and intervention that result in more successful outcomes for male clients. Many more women than men seek counseling and therapy, and to some extent standard services have evolved in response to female styles of communicating and problem-solving. Practitioners frequently feel frustrated and baffled by their male clients because they seem unresponsive to treatment approaches that work so well for women. But many men benefit from therapy when practitioners understand male socialization and the ways men communicate and problem-solve. Too many men today are doing badly and are in real need of help. Almost half of America's male children grow up in single parent homes headed by mothers, where they seldom have male mentors or role models. Fewer men than women attend or graduate from college, and increasing levels of binge drinking and date rape on campuses paint a discouraging picture of men on campus. Male violence continues to be a serious problem in many American communities, with male youth violence continuing at epidemic levels. Men die younger than women overall and in much higher proportions from suicide, homicide, and cirrhosis of the liver. **Live Language Lessons Teachers' Manual Light Warrior Connecting with the Spiritual Power of Fierce Love** *Hay House* A Light Worker is anyone who has heard an internal call to make a difference. A Light Warrior is the soul who acts upon that call. Light Warriors a manual for those who have seen the signs and are ready to take action. It is for those who are aware of their spiritual gifts and want to take their practice further ... yet may be feeling sensitive, powerless and fearful of the unknown. This book aims to help genuinely gifted people overcome the fears that stop them from fulfilling their heart's desire and developing their talents. Gifted angel intuitive Kyle Gray shares insights and practices that will help the reader to identify their fears and overcome them. The book includes tools for spiritual and psychic protection specifically aimed at sensitive Warriors, allowing them to feel safe enough to step into their power. Kyle will also teach you how to create a spiritual ceremony, ways to release blocks, and yoga techniques that encourage confidence and inner strength. Within the book you'll find personal accounts and experiences of Kyle and his clients, and the ways they have been able to overcome the challenges in their lives. This book is for the spiritual seekers who are willing to know themselves and ready to ignite the Light Warrior within. **Power, Presence and Space South Asian Rituals in Archaeological Context** *Taylor & Francis* Patterns of ritual power, presence, and space are fundamentally connected to, and mirror, the societal and political power structures in which they are enacted. This book explores these connections in South Asia from the early Common Era until the present day. The essays in the volume examine a wide range of themes, including a genealogy of ideas concerning Vedic rituals in European thought; Buddhist donative rituals of Gandhara and Andhra Pradesh in the early Common Era; land endowments, festivals, and temple establishments in medieval Tamil Nadu and Karnataka; Mughal court rituals of the Mughal Empire; and contemporary ritual complexes on the Nilgiri Plateau. This volume argues for the need to redress a historical neglect in identifying and theorising ritual and religion in material contexts within archaeology. Further, it challenges existing theoretical and methodological forms of documentation to propose new ways of understanding rituals in history. This volume will be of great interest to scholars and researchers of South Asian history, religion, archaeology, and historical geography. **Harper's New Monthly Magazine Angel Warriors** *Partridge Publishing Singapore* Angel Warriors is an action/adventure fiction novel about the extraordinary missions tasked by the Archangels to the chosen human beings, who are known as Innocents, in the fight against the Demons, who threaten to annihilate the human race and rule over the Angels in Heaven. Specifically chosen from the different parts of the world, the protagonists, who are eventually called the Angel Warriors, find themselves caught in many bizarre events during their earthly life, which leads to their higher calling in the afterlife, where they are prepared by the Archangels to carry out their important mission. Together with the leaders of the spiritual realm, the Angel Warriors ultimately perform their tasks but take a toll on themselves as they go through different odds against the villains in various encounters, which are full of twists and unexpected turns. **Moving from the Inside Out 7 Principles for Ease and Mastery in Movement--A Feldenkrais Approach** *North Atlantic Books* Seven powerful principles for better, more easeful movement--a Feldenkrais approach. More often than not, we move through life focused on results or where we're going, rarely paying attention to how we move until we experience pain or need to learn a new skill or perform at an elite level. But movement isn't just about getting things done or getting from here to there: at its essence, it's an integration of thinking, sensing, and feeling with action such that to change one part changes the whole. This book is written for those times when we don't need quick fixes, bandaids, or shortcuts to solve an immediate problem, but can instead dedicate time and attention to explore, laying the foundation to become experts in our own body and movement patterns for long-lasting positive growth. **Moving from the Inside Out** shows us how to resolve complex movement issues, balance stability and instability, increase power and precision, and explore our own movement using innate learning strategies. Written for practitioners, movement therapists, and somatic teachers and students, the curious athlete or casual learner will also find much to gain in learning the practical and accessible fundamentals of movement. Authors Lesley McLennan and Julie Peck introduce seven core principles that address: • The dynamic balance between instability and stability • How to move with ease and grace • The secrets of flexibility and support embedded in every musculo-skeletal system • How anxiety and curiosity shape our individual developmental sequence • How qualities of movement are clues for your investigation • The special role of intra-abdominal pressure in our physical and emotional worlds • How moving and learning are entwined **Chicken Soup for the Soul: Running for Good 101 Stories for Runners & Walkers to Get You Moving** *Simon and Schuster* Whether you want to get moving, or keep moving, you need inspiration. Novice walkers and seasoned runners alike will find that inspiration, and so much more, in these stories written by those who know that the toughest step to take in any walk or run is the first. Beginning an athletic pursuit like running or walking for fitness takes a good deal of motivation, determination, and inspiration, all of which can be found in these 101 real-life stories. Written by people who took that all-important, and elusive, first step, these stories will not only help readers get off the couch and get moving, but they'll inspire even the most seasoned of athletes to keep moving. Coauthored by the famous ultramarathoner Dean Karnazes, who brings his own advice to readers, as well as stories from some of the best-known runners in the world. **Bow Bells Edric the Gryphon Prince** *FriesenPress* In Edric the Gryphon Prince, the second instalment in the Edric Series, we find the young gryphon maturing and coming into his own. Immersed in his studies and shouldering his noble responsibilities, he is eager for action (as always) and more than ready to act when a new adventure suddenly presents itself. While on his way to the Great Realm, to receive honours at court from King Thurmond in Capitol City, Edric (the fabled Blue Gryphon) and his loyal companions are met by a lone rider with a captivating story to tell.... of a princess in peril, and a kingdom threatened by terrifying forces, seemingly beyond comprehension. It is up to Edric to save the day once more, overcoming countless obstacles and ultimately facing off against a dark menace—the one creature likely to have him outmatched: Noir-Kraft, the Great Black Gryphon. Come inside, won't you? Together, let us rejoice in the adventures of Edric the Gryphon Prince. **The Chainbearer A Novel Every Warrior Has His Own Song** *iUniverse* When the worthless treaties were signed and it was time to move the Ho-Chunk/Winnebago nation, the people took only what they could carry on their backs. There isn't a person alive today who can describe the atrocities, hardships, and deprivation their ancestors faced while being moved from their land to a strange place, unable to travel or live where their ancestors were buried. No longer could they provide food and lodging for their families; they had to depend on the government for monthly rations of food, blankets, and medical attention. **Every Warrior Has His Own Song** explores the history and culture of the Winnebago and Ho-Chunk peoples, as well as the personal history of the family of author Alan B. Walker. Patriotic and fiercely loyal to this country and the land of their ancestors, they show respect to the returning veterans of any war. As Walker grew older, he knew that he wanted to be a warrior and wondered if he had the right stuff; in the course of his exploration of his people's culture, he also tells the story of his service in Vietnam. **Every Warrior Has His Own Song** touches on the history and modern life of the Ho-Chunk/Winnebago nation as well as the story of the Hatchett family, telling a timeless and relevant tale of bravery. It is an amazing read. I had a hard time putting it down. I believe this book should be a part of every high schools history teachings. It angered me to see what the U.S. Government has done over and over to these Native American Indians. Why have a treaty if you're not going to stand behind it? I was also amazed by the courage of this writer. His service to this country, like his Grandfathers is one of pride and courage. I'm amazed and glad that Alan B. Walker lived through the Vietnam war so that his story and that of his people could be told. -Aron **The Collected Works of the Thirty-second Chief of Staff, United States Army Frank Leslie's Pleasant Hours On the Good Ship Caligula** *Simon and Schuster* When the Exceptionals uncover a deadly gladiatorial combat that has been televised worldwide, they make an even more horrifying discovery: one of their own, the technician Temper, is a participant and fighting for her life. Conner Le-Shott is convicted of murder and then escapes jail only to find himself embroiled in the deadly games. He meets the young girl, Jester, who badly needs his help and finds his interest is more than professional. Can the Bodyguard discover where the games are and stop mad man Caligula's plans for world nuclear destruction before Le-Schott loses his life—or his heart? EPPIE Award Finalist! **The Red Wolf's Mate Book 3** *Singapore New Reading Technology Pte Ltd* After losing her family in a rogue attack, Raina is left to put her life back together. Finding a new pack with her wolf, Lela, she is hoping to finally settle down and find her mate. Raina did not understand the significance of her red wolf, Lela, until she discovers just how significant a red wolf is to the entire werewolf community. Faced with new abilities as a red wolf, Raina must navigate how to manage her abilities while also facing ongoing threats of rogues who are trying to kidnap her. When Raina finds her mate, will she be able to finally escape the rogue threat and gain control of her abilities? This is Book One of the Red Wolf's Guardian Series. **Wolves of the Dawn** *Domain* Balor, the rebellious son of a chieftain, flees his own tribe to test his courage and manhood, find love, and seek out his heroic destiny in an unknown world, in this saga set in ancient Britain **The Throne of David ... Being an Illustration of the Splendor, Power, and Dominion of the Reign of the Shepherd, Poet, Warrior ... In a Series of Letters Addressed by an Assyrian Ambassador ... to His Lord and King on the Throne of Nineveh ... Warriors: Power of Three #3: Outcast** *Harper Collins* Erin Hunter's #1 nationally bestselling Warriors series continues with the third book in the Power of Three series! The third book in this third series, **Warriors: Power of Three #3: Outcast**, brings more adventure, intrigue, and thrilling battles to the epic world of the warrior Clans. A secret prophecy shapes the lives of Firestar's grandchildren, and Jaypaw believes that the cats of the ancient Tribe of Rushing Water may hold the key. But when he, Hollypaw, and Lionpaw travel to the Tribe's mountain home, they may discover secrets they never expected. **Pulling Focus Intersubjective Experience, Narrative Film, and Ethics** *Bloomsbury Publishing USA* The most powerful films have an afterlife. Their sensory appeal and their capacity to elicit involvement in story, character and conflict reaches beyond the screen to subtly reframe the way spectators view ethical issues and agents within the narrative, and in the world outside the cinema. **Pulling Focus: Intersubjective Experience and Narrative Film** questions how cinematic narratives relate to and affect ethical life. Extending Martha Nussbaum and Wayne Booth's work on moral philosophy and literature to consider cinema, Dr. Stadler shows that film spectatorship can be understood as a model for ethical attention that engages the audience in an affective relationship with characters and their values. Building on Vivian Sobchack's *Address of the Eye and Carnal Thoughts*, she uses a phenomenological approach to analyse ethical dimensions of film extending beyond narrative content, arguing that the camera describes experience and views screen characters with an evaluative form of perception: an ethical gaze in which spectators participate. Films discussed include *Dead Man Walking*, *Lost Highway*, *Batman Begins*, *Nil By Mouth*, and *Eternal Sunshine of the Spotless Mind*.
