Lead with Hospitality

Be Human. Emotionally Connect. Serve Selflessly.

BenBella Books **Across all industries and levels of organizations, one key leadership trait inspires and motivates more than any other: hospitality.** We have all encountered inspirational leaders who've helped us, taught us, encouraged us, pushed us to get outside our comfort zones, or motivated us to become the best version of ourselves. What is it about their leadership styles that inspires us to do more for our team and our personal and professional growth? Turns out, we admire these leaders for the same reasons we love our favorite hotels, resorts, restaurants, or bars: How they make us feel is essential. Members of today's workforce—especially millennials and Gen Z—are looking for inspiring environments and work that truly fulfills them. Before anyone is compelled to do anything they first must feel. Speaker, consultant, and hospitality industry veteran Taylor Scott knows that the most effective leaders approach

their roles with heart, emotionally connecting with their team members before attempting to manage them. Scott draws from his two decades in leadership roles at respected hotels, resorts, and restaurants. He distills the principles of gracious hospitality, translating them into actionable leadership lessons which apply in any industry, such as: • How making people feel welcome fosters loyalty and keeps workers engaged with an organization's purpose • How serving people with empathy and compassion sparks workers' highest productivity • How making people feel comfortable encourages exploration, curiosity, and discovery while inviting everyone to lean into their creativity • How making people feel significant drives them to deliver their best work He also shares specific, practical steps you can take to put these principles into action. Scott shows how to connect, serve, engage, coach, and inspire your peers, teams, and even your own leaders. *Lead with Hospitality* is a call to action to connect with people on a human level which ultimately inspires teams, organizations, and companies to go to the next level.

What I Wish I Knew Before 30: Life Lessons to Inspire You to Greatness

Independently Published "I never had a parent who shared such life changing stories with me" Brenda Lloris, CA. If you could have first hand information of decisions taken by others, their implications and consequences and how they resolved those consequences where possible, would you be guided by those lessons? This book delves straight into the lives of individuals and the hard lessons they got from their experiences. It will educate, inspire and motivate you. There are some of the stories that you can relate to, others you can learn from. To the majority of us, we will pick valuable lessons to help us in present situations as well as future scenarios we may find ourselves in. All in all you will receive strength to press on. Excerpts from the book: "there are thousands of good reasons why you should not take action, but you need to find one good reason why you should" "not all activity is progress" "It worked because I made it work. I found out how to make it work and I made it work." "Deadlines put a certain level of pressure on us to perform. Without these deadlines, we just do what we want at sometimes unacceptable paces" "You see, a partner cannot demand what he cannot give. If I expect you to go one mile for me, it should mean I can or have gone one mile for you too" "Partners are so called because they join forces to achieve a common goal. More often than not if there is nothing being worked towards, it becomes a boring exercise. " "You will not find many people who will go through your toughest time with you and still carry a smile. Bill is the kind who will walk into a room when all others are leaving just to stand in support of you."

The Defining Decade

Why Your Twenties Matter--And How to Make the Most of Them Now

Twelve New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

Just Who Will You Be?

Big Question. Little Book. Answer Within.

Hachette Books "I've learned that asking ourselves not just what we want to be, but who we want to be is important at every stage of our lives, not just when we're starting out in the world. That's because in a way, we're starting out fresh in the world every single day." **Just Who Will You Be** is a candid, heartfelt, and inspirational book for seekers of all ages. Inspired by a speech she gave, Maria Shriver's message is that what you do in your life isn't what matters. It's who you are. It's an important lesson that will appeal to anyone of any age looking for a life of meaning. In her own life, Shriver always walked straight down her own distinctive path, achieving her childhood goal of becoming "award-winning network newswoman Maria Shriver". But when her husband was elected California's Governor and she suddenly had to leave her job at NBC News, Maria was thrown for a loop. Right about then, her nephew asked her to speak at his high school graduation. She resisted, wondering how she could possibly give advice to kids, when she was feeling so lost herself. But in the end she relented and decided to dig down and dig deep, and the result is this little jewel. **Just Who Will You Be** reminds us that the answer to many of life's question lie within--and that we're all works in progress. That means it's never too late to become the person you want to be. Now the question for you is this: **Just who will you be?**

Everyone wants to be around the famous Rivas: Nina, the talented surfer and supermodel; brothers Jay and Hud, one a championship surfer, the other a renowned photographer; and their adored baby sister, Kit. Together the siblings are a source of fascination in Malibu and the world over—especially as the offspring of the legendary singer Mick Riva. The only person not looking forward to the party of the year is Nina herself, who never wanted to be the center of attention, and who has also just been very publicly abandoned by her pro tennis player husband. Oh, and maybe Hud—because it is long past time for him to confess something to the brother from whom he's been inseparable since birth. Jay, on the other hand, is counting the minutes until nightfall, when the girl he can't stop thinking about promised she'll be there. And Kit has a couple secrets of her own—including a guest she invited without consulting anyone. By midnight the party will be completely out of control. By morning, the Riva mansion will have gone up in flames. But before that first spark in the early hours before dawn, the alcohol will flow, the music will play, and the loves and secrets that shaped this family's generations will all come rising to the surface. *Malibu Rising* is a story about one unforgettable night in the life of a family: the night they each have to**

choose what they will keep from the people who made them . . . and what they will leave behind.
