WHY YOU LOVE, FEEL, AND ACT THE WAY YOU DO

Thomas Nelson **The answer to why people feel and act the way they do lies in the profound effect of a child's bonding process with his or her parents. How successfully we form and maintain relationships throughout life is related to those early issues of "attachment." The author has cited four primary bonding styles that explain why people love, feel, and act the way they do. This book is for anyone who desires closeness, especially in the most intimate**

relationships: marriage, parenting, close friends, and ultimately with God.

THE THINGS YOU WOULD HAVE SAID

THE CHANCE TO SAY WHAT YOU ALWAYS WANTED THEM TO KNOW

Penguin **A collection of extraordinary letters expressing the joys, sorrows, and surprises of ordinary lives. We've all missed the chance to say something important. Friends fall out of touch, loved ones pass away, or sometimes the courage required is simply lacking -- and thank-yous, regrets, feelings, and secrets are left unshared. In 2009, Jackie Hooper came up with a way to help people recapture a moment that had once passed them by -- she began asking them to write letters. Based on the popular blog The Things You Would Have Said, this extraordinary collection of letters brings together the moving, surprising, and inspiring stories of ordinary people. By turns heartwarming, funny, sad, and wise, the letters showcase a remarkable range of voices and subjects. From the indignant young boy urging his bully to become "a better man," to the woman apologizing to the girl she picked on in high school, to a man thanking the woman who protected his family from Nazis, the letters bring together an outpouring of emotion that is as compelling as it is cathartic.**

IF DISNEY RAN YOUR HOSPITAL

9 1/2 THINGS YOU WOULD DO DIFFERENTLY

Amer Hospital Assn Using examples from his work with Disney and as a senior-level hospital executive, author Fred Lee challenges the assumptions that have defined customer service in healthcare. In this unique book, he focuses on the similarities between Disney and hospitals--both provide an "experience," not just a service. It shows how hospitals can emulate the strategies that earn Disney the trust and loyalty of their guests and employees. The book explains why standard service excellence initiatives in healthcare have not led to high patient satisfaction and loyalty, and it provides 9 1/2 principles that will help hospitals gain the competitive advantage that comes from being seen as "the best" by their own employees, consumers, and community.

BETWEEN THE TWO

A NOMADIC INQUIRY INTO COLLABORATIVE WRITING AND SUBJECTIVITY

Cambridge Scholars Publishing In this unique work, Ken Gale and Jonathan Wyatt bring together three areas of

scholarship: collaborative writing as method of inquiry, the philosophical approaches of the French philosopher, Gilles Deleuze, and the performativity of both writing and the “self”. The book is a reflexive exploration into the theory and practice of collaborative writing, with their between-the-tuos—sequences of exchanged writings using a variety of forms and genres—at the book’s heart. Their collaboration offers an experimental, transgressive and nomadic inquiry into subjectivity. Based upon the authors’ joint doctoral dissertation, the book draws for its theoretical base primarily from the work of Deleuze, from both his philosophical “figures” and the insights that he offers into his collaborations with others. It also tells a story, conveying a sense of a relationship developing over time. This book will interest both academics and postgraduate students in the field of qualitative inquiry, including those involved in narrative inquiry, cultural, communication and performance studies, and autoethnography.

THE GREY WOMAN

Lindhardt og Ringhof Anna, a German mill-owner's daughter, marries a French aristocrat and moves to France. She discovers that her husband killed his previous wife and that he is trying to kill her as well. Quick, intriguing, and with an extremely interesting plot, 'The Grey Woman' (1861) is a short story by Elizabeth Gaskell for anyone who enjoys a good gothic shudder. Incredibly progressive for its time, it is about the survival of the ill-treated woman who has decided that enough is enough. Elizabeth Cleghorn Gaskell (1810-1865) was an English novelist, short story writer, and biographer, best known for her novels 'North and South' and 'Wives and Daughters' as well as her biography of Charlotte Brontë. Gaskell was viewed as a minor author until the 1950s where it became evident that her depiction of industrial environments and social problems was brilliant and poignant.

WaterBrook A high-impact leadership coach gives you the tools you need to maximize your influence in a new role, giving you the ability to meet any challenge and take your team, organization, church, or company to new heights. “A practical path to maximizing your influence, navigating transitions, and producing positive results.”—Jon Gordon, 10x bestselling author of *The Power of Positive Leadership* Sure, it’s inspirational when we hear stories about those who founded companies from their garages with one hundred dollars cash while in high school. His groundbreaking book *Leading Things You Didn't Start* provides a faith-based four-step plan that answers practical questions such as: • Do I really want to take over something loved by so many? • Is there a secret sauce to doing what the leaders before me did? • How do I get the current team on board with my leadership? • How do I honor the past without being trapped by it? • How do I steward the legacy of the leaders who started the movement? Through the use of tried-and-true coaching principles and practical case studies with leaders like Buzz Williams, head coach at Texas A&M, and Cheryl Bachelder, former CEO of Popeyes, Reagin helps you maximize your newfound influx of influence and master the intentions of an inheriting leader.
