FossilMan's Winning Tournament Strategies

*D&B Publishing FossilMan's Winning Tournament Strategies is the ultimate guide to practical tournament play. Greg "FossilMan" Raymer, winner of the WSOP Main Event in 2004, explains everything you need to know to become a successful tournament player. Raymer is not only a big winner at the tables, he also has a unique ability to explain difficult concepts in clear and simple language. Raymer simplifies the learning process by breaking down the complex subject of tournament strategy into the key areas. Chapters on strategy include: the Independent Chip Model (ICM), game theory, poker maths and pot odds, correct bet-sizing, playing the big stack and playing the short stack. However, Raymer does not focus merely on the correct technical aspects of standard NL tournament play. He also discusses many other important tournament formats that often confuse players. These include: * how strategy changes in satellite and rebuy tournaments- * how to play heads-up events and other uncommon formats and the one everyone wants to know about - * how to play the Main Event.*

Every Hand Revealed

Citadel Press Gus analyzes the hands that he played during 2007 Aussie Millions poker tournament and reveals his secrets for winning.

Winning Poker in 30 Minutes a Day

D&B Publishing * Are you a social or recreational poker player? * Would you like to improve your game and win a bit more often? * Do you have 30 minutes a day to spare? There is a lot of material available for players trying to improve their poker game. However, much of the advice is rather advanced. It can be complicated and not always easy to implement at the table. *Winning Poker in 30 Minutes a Day* is different. It keeps the advice simple and direct and enables you to learn the basics of winning at no-limit hold'em with the help of over 30 appropriate and creative exercises. The aim of this book is not to turn an already very good player into an expert. The aim is to take a regular Joe (or Jane) and make him or her good enough to beat social and recreational games. Poker is a lot more fun when you are winning and this book will give you the tools to enable you to win.

Kill Everyone

Advanced Strategies for No-Limit Hold 'Em Poker Tournaments and Sit-N-Go's

Huntington Press Inc One of the most highly regarded poker books to come out in the last decade is now even better than before. The expanded and revised second edition of *Kill Everyone*, by Aussie Millions champ Lee Nelson (with Steve Heston and Tyson Streb), now includes hand illustrations throughout the book—and even more enticing for poker players—commentary throughout the book by internet-poker and European playing sensation Bertrand "Elky" Grospellier, World Poker Tour's 2009 Poker Player of the Year. *Kill Everyone* begins where *Kill Phil* left off. Its perfect blend of real-time experience, poker math, and computational horsepower combine to create new concepts and advanced strategies never before seen in print for multi-table tournaments, Sit-n-Gos, and satellites. It also explains how to choose the right strategy for the right game, provides the proper tactics, and introduces new weapons into a tournament-poker-player's arsenal. This book is for anyone serious about playing tournament poker, both live and online. And for cash-game players, a bonus chapter, penned by online cash-game ace and 2007 WSOP bracelet winner Mark Vos, helps you develop your short-handed no-limit hold 'em cash game.

Poker Tournament Strategies

Two Plus Two Publishing LLC Poker tournaments are very different from conventional poker games for many reasons. The most important ones are: The chips change value because most tournaments are "percentage payback." Rebuys are available early on. And, many players over adjust their playing strategy because they are aware that after the rebuy period you cannot purchase more chips. Consequently, you should make many strategy changes. Sometimes you should be trying to accumulate chips, sometimes you should be on the attack, and sometimes you should just survive. Even though Sylvester Suzuki is a pseudonym, he is a real person who understands the underlying theories that govern tournament play. This text should prove helpful to anyone who is new to this form of poker.

Strategies for Beating Small Stakes Poker Tournaments

While most poker players dream of winning \$10,000,000 on poker's biggest stage, most find it impossible to win at even the smallest stakes. They usually blame bad luck for their failures whereas in reality, they are simply not skilled enough at poker. The secret to mastering poker is not in memorizing hand ranking charts or following a predetermined system. You must learn to think for yourself while at the table in order to adjust your strategy based on your specific opponents. Strategies for Beating Small Stakes Poker Tournaments will explain how. In this guide, two-time World Poker Tour champion Jonathan Little explains numerous strategies he uses that will allow you to crush your opponents, giving you the opportunity to progress to the middle and high stakes.

Heads-Up No-Limit Hold 'em

Expert Advice for Winning Heads-Up Poker Matches

Two Plus Two Publishing LLC Heads-up confrontations can occur in any game, even when every seat is occupied. Adjusting to the amount of aggression can be difficult since heads-up battles require you to bet and raise with many hands. This book covers heads-up tournaments, cash matches, the final two of a multi-table tournament, and blind-vs-blind play at fuller tables. Mastering heads-up no-limit hold 'em is invaluable if you're looking to add a loose-aggressive component to your game. With more heads-up matches available, becoming proficient in them is highly profitable.

Kill Phil

The Fast Track to Success in No-Limit Hold 'em Poker Tournaments

Final Table

A Novel

She Writes Press A political thriller about sexual misconduct in the #MeToo era, one victim's battle to survive and overcome trauma, and the cable news machine that feeds off titillating scandal coverage and inflammatory confrontation, *Final Table* draws upon Dan Schorr's firsthand experience as a New York sex crimes prosecutor and sexual misconduct investigator to tackle the worlds of political and media dysfunction. Former White House staffer Maggie Raster is struggling to build her own consulting firm and overcome a recent sexual assault by an ex-boss. Kyler Dawson, a broke former poker champion, desperately needs to gain entry into a controversial but potentially very lucrative international poker tournament. The host nation faces widespread condemnation for the recent murder of a prominent female US journalist, and a pending presidential executive order threatens to prohibit him and others from participating. Maggie's chaotic first attempt to promote her new business as a

television political analyst brings her to Kyler's attention, and convinces him that her political smarts and connections can provide the help he needs. When he approaches her for assistance, she must decide whether to agree—in return for a portion of the potential \$20 million prize. To succeed, she will have to confront significant adversity—personal and political, foreign and domestic—including mounting pressure to publicly address the misconduct of her former boss. Kyler also has his own obstacles and upsetting past to overcome, but if they each can outmaneuver their daunting challenges, he might win the tournament—and earn them both a fortune.

Heads-Up Tournament Poker: Hand-By-Hand

Cardoza Publishing You'll learn how two of the best heads-up tournament players think through every decision in more than 600 hands as they battle their way to the final round in the prestigious NBC Heads-Up Championship. You'll see their cards and hear their thoughts through twelve matches as they devise masterful strategies to defeat world-class opponents. Annie Duke and Vanessa Rousso give you a powerful mix of the practice, theory, and strategies for heads-up tournaments—where you must risk chips on every hand you're dealt—and show you what they did to beat the best players in the world. You'll see what works and what doesn't as amazing bluffs and poorly executed tactics are deconstructed. You'll learn how to design a game plan for each opponent, how to adjust your plan as the match progresses, how to play against pros and amateurs alike, and how to get the best of it against superior opponents. Their detailed analysis of when to change your strategy due to fluctuating chip counts, the flow of the match, and dynamic maneuvers make this book the bible of heads-up play.

Modern Poker Theory

Building an unbeatable strategy based on GTO principles

D&B Publishing *Modern Poker Theory* is a comprehensive, rigorous guide to the most important aspects of No-Limit Hold'em. It is based around an in-depth examination of what is meant by game theory optimal play (GTO) and how it can be applied at the table. Understanding GTO is fundamental to being able to make accurate poker decisions and being able to exploit players who don't. Modern Poker Theory uses modern poker tools to develop a systematic approach to the analysis of GTO. It organizes the ideas and concepts in an intuitive manner that is totally focused to practical applications. Next time you are at a table some of the players will have studied Modern Poker Theory and some won't. The players who have studied Modern Poker Theory will, without doubt, have a better theoretical and practical understanding of No-Limit Hold'em. They will be the favourites in the game. Make sure you are one of them. Michael Acevedo, one of the world's leading poker theorists, is a game theory expert who is renowned for creating cutting-edge content for the world's leading players. The production of Modern Poker Theory is the culmination of many thousands of hours of his research work with the most advanced poker software tools available. It is poker theory for the 21st century.

Endgame Poker Strategy

The ICM Book

Barry Carter Most poker players don't think they need to study ICM until they make a costly mistake at a big final table - don't be one of those players. The Independent Chip Model (ICM) is the most important strategy concept in multi table tournaments, yet very few players understand it, other than knowing they should play tighter on the bubble. Not only does ICM impact the single biggest monetary decisions you make in poker, it also influences everything in a tournament from game selection, staking, when to register, playing the early levels, the bubble, the final table and much more. *Endgame Poker Strategy* is the first book to take a deep dive into the subject of ICM and how it impacts how you should play in tournaments. This book contains groundbreaking insights that most professional poker players are not aware of, including: • How to adjust your play in the late stages of tournaments • When to ladder and when to play for the win • How to negotiate profitable final table deals • The optimal game selection, rebuy and late registration strategies • How to play short, average and big stacks at the end of tournaments Dara O'Kearney is a professional poker player, sponsored Unibet Pro and co-host of *The Chip Race Podcast*. He is regarded as one of the best satellite grinders in the world and professional poker players seek out his advice on ICM whenever they prepare for a big final table. He is the co-author of the best selling books *Poker Satellite Strategy* and *PKO Poker Strategy*. "In an era of solvers and preflop charts, game states involving ICM pressure remain one of the few unsolved and untapped areas of poker. *Endgame Poker Strategy* does an excellent job of clearly explaining the most important ICM ideas and effects. Whether you are a beginning player looking to build an understanding of how ICM works, or a more advanced player looking to better internalise ICM concepts, there is something in this book for you." - Daniel Dvoress, high stakes poker player

Harrington on Hold 'em

The Mental Game of Poker 2

Proven Strategies for Improving Poker Skill, Increasing Mental Endurance, and Playing in the Zone Consistently

Jared Tendler LLC *Imagine the edge you would have if you could consistently play poker in the zone. In the zone you make all the right decisions, instinctively when to bluff, and are unfazed by a losing hand. You're locked in and feel unbeatable. It's shocking how many poker players stumble into this elusive state of mind. As quickly as that euphoric feeling of invincibility arrives, it's gone. And no matter how hard they try, they can't get back there. Until now. In The Mental Game of Poker 2, author and renowned poker mental game coach Jared Tendler breaks down the zone and delivers actionable steps to help players get there consistently. He demystifies the zone, and for the first time, brings logic and order to this previously misunderstood concept. This book provides proven strategies to:*

- Play poker longer and across more online tables.
- Improve decision making.
- Learn faster.
- Eliminate C-game mistakes.
- Increase focus and discipline.

The Mental Game of Poker 2 expands on the psychological strategies and theories from Tendler's groundbreaking book, The Mental Game of Poker, which cracked the code on managing tilt and has helped thousands of players eliminate mental leaks from their games. Like the first book, The Mental Game of Poker 2 is a must have resource for every poker player who is serious about improving.

The Art Of Winning Poker Tournaments

SafeGlobalPoker.com *Visit SafeGlobalPoker.com To Play honest fair poker online with low rake. This is a one of a kind book that will imbibe in you the secrets and the art of winning poker tournaments with ease, finesse, brilliance and skill. There is so much that goes in winning poker tournaments, if you can become a great tournament professional, then you have conquered the world. Tournaments have so many advantages versus cash games that great players today are mostly focusing on tournaments and they will play 4 or 5 tournament series and will relax the entire other part of the year. Even winning 2 or 3 tournament trophies and finishing in the money in several tournaments will pay for the entire years of expenses and provide buy-ins for the next year tournament series. I have come out with this book so that average tournament professionals can rise and become world's best tournament professionals. I have taught students around the world and my material has been read by some of the world's best pros for a lot of money. My other books also deal with PLO and NLHE in which I show in examples how I am able to crush online poker with ease and finesse and lift thousands of dollars in a very short period of time. You may also like to check them out. I have been a feared player in the online world known as 'bts=u=' and I believe it is time to share my secrets with the world on tournaments. I also have made vast study and learnt a lot from the world's best pros on the Global Poker Index and this summation of knowledge I am sharing with you so that you too can become a millionaire like me and lead a baller life. I know it is easier said than done but if you do read this book cover to cover 10 times I believe you will become 100 times better as a tournament player than where you are currently and this means finishing in the top 3 positions in a tournament a lot more times. I believe this is the time to start and start taking down poker tournaments around the world for fame, glory and fortune. Let's get started on the learning process. The topics I will cover in this book are*

- Tempo and why it matters
- Importance of Reads on Players and how to take them
- Getting and maintain a big stack in a tournament
- How You can Trap your way to a bracelet
- Art of Winning Poker Tournaments

There is a lot of information condensed in this book, just imagine if you are able to convert a tournament to finishing in the top 3 positions the rewards are immense. The first position of any tournament pays out so much in contrast to other positions that learning the art of winning tournaments and this book becomes an essential read for any player participating in the World Series Of Poker Tournament events and similar tournaments. If you play 100 tournaments and you are able to convert 10 tournaments into big wins it is so much better and rewarding and it is what this book promises. Visit KaizenPoker.com for more!

PKO Poker Strategy

How to adapt to Bounty and Progressive Knockout online poker tournaments

Barry Carter *The fastest growing format in online poker is without doubt Progressive Knockout tournaments. Online poker rooms like them, recreational poker players love them, yet a lot of serious poker players struggle to get to grips with the way the strategy changes compared to regular MTTs. In PKO Poker Strategy professional poker player Dara O'Kearney has done rigorous study using the latest solver technology to show you the biggest adjustments you need to beat these tournaments. This book fixes your biggest leaks and takes the uncertainty out of PKOs. You will learn:*

- How to adjust your ranges in a PKO
- When to gamble for a big bounty
- How to adjust when the payouts and final table are a factor
- When you should stick to a more standard strategy
- Quick PKO math you can do at the

tables Dara O'Kearney is a professional poker player from Ireland, specialising in online tournaments and with a reputation as one of the great teachers of the game. He is the co-author of the best-selling *Poker Satellite Strategy*, the co-host of the award-winning *Chip Race Poker Podcast* and is sponsored by Unibet Poker. "Dara's outlook on PKO tournaments is expectedly methodical. Knowing how wide to chase bounties is one of the most important adjustments and this book will equip you with the knowledge to work it out on the fly." - Adam Owen, professional poker player This book uses the most up-to-date poker ICM solvers, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers major adjustment in PKO play, including a short hand way to decide on calling ranges, the poker game theory behind why you should never late register, post flop play, poker mindset issues unique to PKOs and much more. It has everything a texas hold'em player needs to crush knockout tournaments.

Tournament Poker for the Rest of Us

Independently Published *Tournament Poker For The Rest Of Us* teaches a loose-aggressive style of no-limit hold'em. It is aimed at the experienced player who is familiar with the general concepts it takes to be a winning player. It is not aimed at the superstar pro who relies on his brilliance to pull off plays the rest of us only dream about. Part One covers the basic concepts necessary to play strong tournament poker the way I believe it should be played. Some of these basic concepts are discussed in novel and controversial ways, especially ICM, chip utility, tournament variance and game theory. Additionally, tournament statistics are presented for the first time here. Part Two is where you will learn a tournament LAG playing strategy, building on the concepts discussed in Part One. We begin by creating a deep stack playing strategy founded on the principles of tournament variance and chip utility. Then we learn how to play a perfect GTO strategy when our stacks are less than 30 big blinds. This book has been published with support from CardsChat.com and the CardsChat community. Founded in 2004, CardsChat serves a global network of more than 270,000 members -- providing an online destination for poker players who are passionate about improving their game.

Tournament Poker for Advanced Players

Two Plus Two Publishing LLC *Tournament poker* is very different from standard ring game poker. While they might appear the same from a distance, there are many differences in proper strategy that are often unknown to many experienced cash game players. Some people excel at tournament poker. This is not luck. These are players who have an advanced understanding of what the proper strategy adjustments are, and when they come into play. It is no coincidence that the same competitors make it to final tables far more than their fair share. This book explains tournament strategies that only a small number of players have mastered. It assumes you already know how to play poker well, but aren't knowledgeable of tournament-specific concepts and when and where to use them. Some of the ideas discussed include: the effect of going broke, the Gap Concept, how chips change value, adjusting strategy to rising stakes, all-in strategy, final table play, making deals, the "System," focusing on weaker opponents, unusual plays with aces and kings, moving in against the blind, and much more. This newly-expanded version contains over 100 new pages of updated material dedicated almost entirely to today's most popular form of tournament poker: no-limit hold 'em.

Short Stack Ninja

Tournament Strategy From A Professional Poker Coach

World Series of Poker Main Event Champion Greg 'Fossilman' Raymer on Short Stack Ninja - "When it comes to poker strategy, anything Chris Wallace has to say is worth listening to. When it comes to short stack strategy, he IS the Ninja. I've never seen nor heard of him playing anything less than excellent, especially with a short stack. He knows when to attack, and when to sit back and wait. I love the guy, but never want him to be at my table." Why you need to be a Short Stack Ninja Playing below thirty big blinds is an important piece of tournament strategy that is not well represented in poker literature. But world champion and professional poker coach Chris 'Fox' Wallace has compiled all the best advice into a simple set of weapons that will transform your short stack game and help you transform from "push and pray" into a highly skilled short stack ninja. In this book we learn about fold equity. How it works and where to find it with different stack sizes. Using these strategies not only earned Wallace a world championship and a World Series of Poker bracelet, but two deep runs in the last three years at the World Series of Poker Main event and over a million dollars in live tournament winnings. Simple and concise descriptions, charts and graphics, and a list of weapons that are available with each stack size will make this approach to the game, one the pros already use, accessible to the amateur like never before. In each section we also learn about how to avoid trouble against other pros who already use these methods, how to exploit the amateurs who don't, and methods for attacking short stacks when we are the bigger stack. There is no doubt that cards are important. But this book will teach you that chips are just as important, a key piece of the puzzle that many players don't have. Each Chapter talks about how to use a specific stack size and while Wallace notes that the reader can skip the math section and just use his advice, the math and logic are provided for those

who are curious. He backs up every one of his assertions with numbers that show why these techniques work. Sample hands are also provided for each stack size, as well as a simple system for the push/fold section that saves the reader from memorizing endless charts. Game Theory Optimal push/fold charts are also provided, but after learning Wallace's simple system, there will be no reason to spend time memorizing them. "Chris Wallace is a great player and an even better writer and coach. This book will pay for itself in a few weeks." - Dr. Alan Schoonmaker, author of numerous books on poker psychology and columnist for CardPlayer Magazine "Protecting and recovering from a short stack is one of the most critical skills to becoming a successful tournament player. Chris Wallace has spent decades as a world class player and coach and finally shares the tricks of the trade in this book." - Matt Stout, professional poker player and coach with over four million dollars in live earnings

Play Poker Like the Pros

The greatest poker player in the world today reveals his million-dollar-winning strategies to the most popular tournament, home and online games

Harper Collins In *Play Poker Like the Pros*, poker master Phil Hellmuth, Jr., demonstrates exactly how to play and win -- even if you have never picked up a deck of cards -- the modern games of poker, including: Texas Hold'em, Omaha, Seven-Card Stud, and Razz. Phil Hellmuth, Jr., a seven-time World Champion of Poker, presents his tournament-tested strategies to beat any type of player, including: The Jackal (crazy and unpredictable) The Elephant (plays too many hands) The Mouse (plays very conservatively) The Lion (skilled and tough to beat) *Play Poker Like the Pros* begins by laying out the rules and set-up of each game and then moves on to easy-to-follow basic and advanced strategies. Hellmuth teaches exactly which hands to play, when to bluff, when to raise, and when to fold. In addition Hellmuth provides techniques for reading other players and staying cool under pressure. There are also special chapters on how to beat online poker games and an inside look at tournament play.

Poker Satellite Strategy

How to qualify for the main events of live and online high stakes poker tournaments

Barry Carter The best way for small stakes poker players to earn life-changing amounts of money is to win a satellite into a bigger tournament. Yet there is surprisingly little poker theory written about how to win satellite tournaments, until now. In *Poker Satellite Strategy* professional poker player Dara O'Kearney gives you a framework for how to approach every stage of a satellite tournament, from the early levels right up to the bubble. This book takes the stress and uncertainty out of satellites. You will learn: *Adjustments you need to make from regular poker tournament strategy *What hands to shove, call and fold on the bubble *When to tighten up and when to keep accumulating chips *Easy poker math to do at the tables *The correct poker GTO ranges (and how to adjust to different player types and situations) *When it's correct to fold Pocket Aces preflop Dara O'Kearney is a professional poker player from Ireland with a long standing reputation as the best satellite specialist in the game. He has won over \$1 million in satellite tournaments alone and twice won the PokerStars UKIPT satellite leaderboard. He is sponsored by Unibet Poker and is the co-host of The Chip Race Podcast. "In the first 30 minutes of reading, I guarantee you will pick up something that will increase your future expectation to cover the cost of the book tenfold" - Marty "TheLipoFund" Mathis, partypoker PPL Satellite Leaderboard winner "A highly recommended book for anyone looking to play satellites well or related formats like Double or Nothing where multiple finishers receive identical top prizes" ~ Collin Moshman - author of Sit N' Go Strategy "Dara has been ahead of the curve on satellites for years and his results show it. This book will change the way you think about, and play, satellites forever." ~ Daiva Byrne - professional poker player and advocate for women in poker This book uses the most up-to-date poker ICM calculators, however it has been written in a way to make the poker math you need to do at the tables very simple. Every chapter starts from a poker GTO framework but then explains how you should deviate when the players or table dynamics change. It covers every aspect of satellite play, from the important bubble stage, but even explaining the poker game theory behind late registering, post flop play, poker mindset issues unique to satellites and how to adjust in live poker tournaments. It has everything a texas hold'em player needs to qualify for big poker tournaments like the World Poker Tour, EPT or World Series of Poker.

Applications of No-Limit Hold 'em

A Guide to Understanding Theoretically Sound Poker

Two Plus Two Pub One of the most daunting moments in a poker player's career occurs when he realizes his knowledge of how to play a specific hand well is incomplete without the additional understanding of how to play every other hand in his range well. This task would be impossible if a player had to actually think about every other hand in his range, but by understanding theoretical sound poker, he can quickly design balanced ranges using the proper bet-sizing while playing. Applications of No-Limit Hold 'em teaches theoretical sound poker, and thus the ability to create the bet-sizings and ranges which will beat the better players. The theory in this book is not designed to be complex or abstract, but rather it's intended to be applied immediately producing better overall results. Many confusing concepts such as overbetting, balancing multiple bet-sizing ranges, donk betting, and check-raising as the preflop raiser are crucial to a player's strategy despite few players implementing them or talking about them. And after reading this book, you should be able to not only conceptually understand these ideas, but also know how to begin incorporating them into your game, and thereby successfully compete against tough opponents.
