Experience the internationally renowned principles and teachings of Dr. Wayne W. Dyer as they come to life in this one-of-a-kind enhanced e-book. Download *The Shift* and allow these lessons to guide you down a more authentic and rewarding path today. As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. *The Shift* doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda. **Inspiration Your Ultimate Calling: Easyread Large Bold Edition ReadHowYouWant.com** "What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." - Dr. Wayne W. Dyer.....**INSPIRATION** In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition - we can choose - so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration - your ultimate calling. **The Power of Awakening Mindfulness Practices and Spiritual Tools to Transform Your Life Hay House, Inc** Tradepaper edition of spiritual teachings from international best-selling author and beloved inspirational speaker Dr. Wayne W. **I Can See Clearly Now Hay House, Inc** For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is "moving the checkers," life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

**The Power of Intention Learning to Co-create Your World Your Way:**

**Easyread Super Large 24pt Edition ReadHowYouWant.com** "Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're all intended here through the invisible power of intention. This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention. **Excuses Begone! How to Change Lifelong, Self-defeating Thinking Habits ReadHowYouWant.com** Toss Out Those Tired Old Excuses...Once and for All! Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas ... I'm too old or too young ... I'm far too busy and tired ... I can't afford the things I truly want ... It would be very difficult for me to do anything differently ... and I've always been this way ... may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses ... lives. When most of us think of magic, we picture a man in a black cape sawing a woman in half, or a sleight-of-hand card trick. But there's another kind of magic – real magic – that can enrich your life. According to Dyer, real magic means creating miracles in everyday life. Quitting smoking or drinking, achieving new job success, or finding a happy relationship – these are all miracles because they transcend our perceived limitations. From "creating a miracle mind-set" and achieving change in the areas of personal health, prosperity, and fulfilling love relationships to believing in the magic of miracles on a global scale, Dyer shows us that miracles are within our reach and within our own minds. In *Real Magic*, Dyer teaches us how to achieve a higher level of consciousness. He asks us to imagine what would make us happy, then offers specific strategies for attaining these goals. In every aspect of our individual lives – physical health, finances, intimate relationships, and personal identity – there is always room for a miracle or two. And with Dyer's help, each and every one of us can be a miracle worker.

**Notes from the Universe on Abundance Memories of Heaven Children's Astounding Recollections of the Time Before They Came to Earth**

**Hay House** Nineteenth-century British poet William Wordsworth expressed the idea that we gradually lose our intimate knowledge of heaven as we grow up, observing that "our birth is but a sleep and a forgetting" of our previous heavenly existence. Dr. Wayne W. Dyer and co-author Dee Garnes had often talked about how the ones who know the most about God are those who have just recently been wrapped in the arms of the Divine, our infants and toddlers. In fact, Dee had an interaction with her own young son that convinced her of this. Curious about this phenomenon, Wayne and Dee decided to issue an invitation to parents all over the world to share their experiences. The overwhelming response they received prompted them to put together this book, which includes the most interesting and illuminating of these stories in which very young children speak about their remembrances before they were born. It seems that infants and toddlers often arrive here with memories of their lifetimes in the spirit world and frequently provide evidence of this to their immediate families. They tell of dialogues with God, give evidence that they themselves had a hand in picking their own parents, speak about long-deceased family members they knew while in the dimension of Spirit, verify past-life recollections, and speak eloquently and accurately of a kind of Divine love that exists beyond this physical realm--and even of times when telepathic communication took place, as well as the ability to decide just when they would come here to Earth. This fascinating book encourages parents and grandparents to take a much more active role in communicating with their new arrivals . . . and to realize that there is far more to this earthly experience than what we perceive with our five senses.
